Effective June 10, 2018, the Plan Sponsor changed the custodian from Vanguard Fiduciary Trust Company to Fidelity Management Trust Company.

Contributions

Each year, participants may contribute an amount of their compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. Participants may also contribute amounts representing distributions from other qualified plans, subject to the conditions and limitations set forth in the Plan agreement. The Plan Sponsor contributions for the employees equal 100% of an employee's contribution up to a maximum of 5% of the employee's eligible compensation.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's contribution and (b) Plan earnings. Allocations of Plan earnings are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and the Plan Sponsor matching contribution vest immediately.

Note 1 - Description of the plan - (continued)

Investments options

The Plan Sponsor and participant contributions are invested in various investment funds provided by the Custodian, as permitted in the Plan Agreement.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rates at the time funds are borrowed. Principal and interest is paid ratably through monthly payroll deductions. Loan repayments may be scheduled for up to 60 months. Notes receivable from participant are valued at the outstanding loan balance.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or the participant beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Upon a participant's termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the Plan Sponsor contributions on behalf of the participants not then vested are forfeited and used to reduce future Plan Sponsor's contributions. There were no forfeitures during the years ended December 31, 2019 and 2018.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan Sponsor, as provided in the Plan document.

Plan termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting and presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and under the accrual method of accounting.

Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchase and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of significant accounting policies – (continued)

Payment of benefits

Benefits payments to participants are recorded upon distribution.

Benefits payable

The Plan accounts for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accountants (AICPA) Audit and Accounting Guide, Audits of Employee Benefit Plans. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. As of December 31, 2019 and 2018, a total amount of \$7,862 and \$1,500, respectively, represents benefits payable to the participants.

Note 3 - Information certified by custodian (unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Banco Popular de Puerto Rico (the Trustee), has certified as to the completeness and accuracy of all investment related information reflected in the accompanying financial statements of as December 31, 2019 and 2018, and for the year ended December 31, 2019 and the related notes to the financial statements, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019. The Trustee maintains all records, executes investment transactions, and holds all the assets of the Plan.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,569,424.

Note 4 - Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the net asset value of shares held by the Plan at year end.

Note 4 - Fair value measurements – (continued)

Common/collective trust fund is valued based on quoted market prices utilizing public information and independent external valuations from third-party advisors.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recorded at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Common/collective trust funds	\$ -	\$ 18,509,363	\$ -	\$ 18,509,363

	<u>\$ 6,936,536</u>	<u>\$ 14,129,387</u>	<u>\$ -</u>	<u>\$ 21,065,923</u>

Note 5 - Party-in-interest transactions

The Plan's investments are managed by the Custodian, which is a party in interest to the Plan.

The Plan complied with the discrimination test for the years ended December 31, 2019 and 2018.

Note 6 - Tax status

The plan constitutes a qualified plan exempt from income taxes under the provision of Section 1081.01 of the Internal Revenue Code of Puerto Rico (the Code), as amended.

The Plan obtained its latest determination letter on July 10, 2019, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

Note 7 - Subsequent events

The Plan has evaluated the impact of subsequent events through September 30, 2020 which is the date these financial statements were available to be issued. Except as described below, no other events have occurred subsequent to the statement of net asset available for benefits date and to the date financial statements were available to be issued, that would require additional adjustment to, or disclosure in the financial statements.

In March 2020, the World Health Organization declared the coronavirus disease COVID-19 a global pandemic. This highly contagious disease has spread across the world and into Puerto Rico and has resulted in local government enforced business lockdowns and curfews on non-essential services, as well as other restrictions on social and business activities involving large numbers of individuals and/or participants. In addition, governments around the world have imposed similar restrictions affecting workforces, customers, and economies globally, which have resulted in significant volatility in the financial markets, including certain investments held by the Plan. Because of the uncertainties related to the effects of the COVID-19 pandemic in the world's economies and the resulting volatility in the financial markets, the ultimate impact of the pandemic on the Plan's financial statements cannot be reasonably estimated at this time.

In accordance with the provisions of Circular Letters No. 20-09 and No. 20-23 issued by the Puerto Rico Treasury Department on February 19, 2020 and March 29, 2020, respectively, they allow financial hardship in-service withdrawals of up to \$100,000 from the participants' vested balances, as special disaster distributions, to provide relief to participants for unexpected and/or incidental expenses incurred to cover basic living expenses due to the COVID-19 pandemic.

Effective July 30, 2020, the Company transferred certain employees of the Construction Chemicals Caribbean division and the related transfer of assets and liabilities of the Plan pertaining to such employees to the Master Builders Solutions Puerto Rico Corporation Retirement Savings Plan.
