1. DESCRIPTION OF THE PLAN

The following description of The 401(k) Partnership of Trusted Media Brands, Inc. (the "Plan," which was previously known as The 401(k) Partnership of The Reader's Digest Association, Inc.) is provided for general information purposes only. Participants should refer to the amended and restated plan document, effective January 1, 2015, for more complete information.

General

The Plan is a defined contribution plan sponsored by Trusted Media Brands, Inc. (the "Employer" or the "Company," which was previously known as The Reader's Digest Association, Inc.). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Participation

Under the terms of the Plan, all eligible employees of the Company and its subsidiaries are eligible for participation. Eligible employees are defined by the Plan as individuals who regularly perform services for the Company and are paid on the regular payroll except for (1) individuals covered by a collective bargaining agreement, (2) individuals who are eligible to participate in another defined contribution plan of the Company, (3) individuals employed by a foreign subsidiary of the Company, and (4) individuals employed as interns with less than one year of service.

Employees who become participants on or after January 1, 2013 and employees who became participants prior thereto and who have not made an election with respect to employee tax-deferred contributions (and who have not elected to "opt out") shall be deemed to have elected to have automatic contributions to the employee tax-deferred contribution account on the participant's behalf as of each payroll period at the rate of 3%. Each participant who has elected or is deemed to have elected to make employee tax-deferred contributions shall be deemed to have increased his or her employee tax-deferred contribution election by 1% as of the first pay period commencing as soon as practical after January 1, 2014 and the first day of each plan year thereafter. Such 1% increases shall continue on the first day of each plan year until the participant reaches a 6% deemed employee tax-deferred contribution election.

Effective January 1, 2018, the terms of the Plan were amended to change the deferral rate at which the participants are automatically enrolled to 4% and to cap the maximum automatic deferral rate at 10%. Effective May 29, 2018, the terms of the Plan were amended to allow qualified Roth contributions.

Contributions

The Plan provides for a maximum before-tax contribution level of 75% of an employee's eligible compensation, up to certain Internal Revenue Service ("IRS") limits. Employees who attain age 50 during the Plan year may contribute an additional amount, referred to as "catch-up contributions." The IRS places certain limitations on these before-tax contributions. For the calendar year ended December 31, 2019, the Internal Revenue Code (the "Code") limits an employee's annual eligible compensation to $285,000. The participant's before-tax contribution for the calendar year 2019 was limited to $19,000. The participant's catch-up contribution for calendar year 2019 was limited to $6,000. A participant's contribution may be further limited as a result of the nondiscrimination test criteria, as defined by the Code. Participants direct the investment of contributions into various mutual funds offered by the Plan. The Plan also offers an investment in a common collective trust fund with Vanguard Retirement Savings Trust III as an investment option.

The matching contribution level provided by the Company for all participating employees is a 50% match for the first 6% of a participant's contribution. Effective January 1, 2013, the Board of Directors suspended the employer matching contribution; therefore, there were no employer contributions for the year ended December 31, 2019.

Annual discretionary contributions by the Company are paid out of the Company's profits for the year in an amount determined by its Board of Directors and cannot exceed its net income for the year, as defined. During the year ended December 31, 2019, there were no such discretionary contributions made by the Company.

Employer contributions can be made in the form of cash in a single payment or in installments. Employer contributions are invested in the same manner as participant contributions.

The amount of the Company's annual contribution allocated to each participant's account bears the same ratio as the participant's eligible compensation during the Plan year to the aggregate eligible compensation of all such participants during the Plan year.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon at all times. Participants become vested in the Employer contributions and related earnings based upon the number of full years of the participant's service with the Company up to the date of termination. Participants become vested in employer contributions and earnings thereon over five years of credited service (20% after each year of credited service). Participants are 100% vested after five years or upon death or disability, as defined.

Forfeitures

The portion of a participant's account attributable to company contributions, which is forfeited by participants resulting from their termination prior to full vesting, can be used to offset contributions to the Plan by the Company, or to pay for incurred plan expenses. Approximately $154,000 of forfeitures were used by the Company to pay administrative expenses related to the Plan during the year ended December 31, 2019. The remaining forfeiture balance was $257,390 and $371,275 as of December 31, 2019 and December 31, 2018, respectively. There was also additional unallocated balances of $341,726 and $313,308 as of December 31, 2019 and December 31, 2018, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and the Plan's earnings, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Allocations are based on participant earnings or account balances, as defined.

Payment of Benefits

Upon retirement, death, or total disability, participants or their beneficiaries become entitled to the full value of the vested portions of their accounts and can either receive a lump sum from the Plan or they can rollover the amount to a 401(k) or IRA. If a participant leaves the employment of the Company for any other reason, an amount equal to the vested interest in his or her account is eligible to be paid. Eligible participants over the age of 59 ½ can also take an in-serive distribution. Participants experiencing financial hardship may withdrawal a portion of their account balance as defined by the Plan document.

Management of the Plan Assets

UBS Financial Services, Inc. serves as the trustee and the UBS Financial Services, Inc. serves as investment manager for the Plan's assets. The investment manager has been granted discretionary authority to purchase and sell securities in its respective funds.

Administrative Expenses

Costs and expenses of administering the Plan are shared by the Plan and the Company. Investment management and trustee fees are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. For the year ended December 31, 2019, other plan administrative fees, were primarily paid by the Plan, from the forfeiture account.

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding note receivable balance from the Plan during the one-year period ending the day before the date the loan is made. A participant may have only one note payable of each type (general purpose or primary residential) outstanding at a time. General-purpose loans must be repaid within five years and primary residential loans must be repaid within 15 years. The minimum loan amount is $500 and the minimum term is six months.

Notes receivable bear interest at a fixed rate based on the Prime Rate plus 1% and are secured by the participant's vested account balance. At December 31, 2019, these interest rates ranged from 4.25% to 6.5%. Notes receivable are repaid through after-tax payroll deductions and are deposited in participant accounts according to current investment elections. After a note receivable has been in effect for six months, participants can pay the outstanding balance in full.

Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities. The most significant estimates of the Plan relate to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Investments in mutual funds are stated at fair value based on unit values of the funds. Unit values of the funds are determined by the investment manager by dividing the fund's net assets at fair value by its units outstanding at the valuation date. The Plan's investment contract is valued by the issuer. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on investments.

The Plan is invested in a stable value collective trust fund which is stated at fair value using the net asset value ("NAV") per unit in each fund. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then adjusted by the issuer to contract value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and also that limit the ability of the Plan to transact at contract value with participants.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Loans to participants are reported at their unpaid balance plus any accrued but unpaid interest. There were no allowances for credit losses as of December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The Plan follows a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The Plan uses observable market data if such data is available without undue cost and effort. The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. There have been no changes in the methodologies used at December 31, 2019 and 2018. There were no transfers between the three levels in 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2019 and December 31, 2018, respectively:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds [(a)]	$ 129,344,434	$ -	$ -	$ 129,344,434
Total assets in the fair value hierarchy	129,344,434	-	-	129,344,434
Collective trust measured at NAV [(b)]				$ 3,664,754
Total investments, at fair value	$ 129,344,434	$ -	$ -	$ 133,009,188

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds [(a)]	$ 116,673,030	$ -	$ -	$ 116,673,030
Total assets in the fair value hierarchy	116,673,030	-	-	116,673,030
Collective trust measured at NAV [(b)]				1,305,902
Total investments, at fair value	$ 116,673,030	$ -	$ -	$ 117,978,932

(a) Valued at the daily closing price as reported by the fund. Money market/mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market/mutual funds held by the Plan are deemed to be actively traded.

(b) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured using NAV as a practical expedient to fair value as of December 31, 2019 and 2018:

	2019 Fair Value	2018 Fair Value	Redemption Frequency	Redemption Notice Period
Vanguard Retirement Savings Trust III [(a)]	$ 3,664,754	$ 1,305,902	Immediate	None

(a) This fund seeks to provide participants with an attractive rate of interest and safety of principal by investing in investment contracts issued by financial institutions and in contracts that are backed by high quality bonds and bond mutual funds.

The Vanguard Retirement Savings Trust III (the "Fund") is a collective trust fund referred to as the Stable Value Fund. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of $1 per unit. Distributions to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of $1 per unit, although there is no guarantee that the Fund will be able to maintain this value. There are no unfunded commitments.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, such as premature termination of the contracts by the Plan, plan termination, bankruptcy, mergers, and early retirement incentives. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

The Fund invests primarily in synthetic investment contracts backed by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Net investment income, interest income on notes receivable from participants and other additions, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

5. TAX STATUS

The Plan has received a determination letter from the IRS dated December 17, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the Plan was amended. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax exempt.

US GAAP requires the Plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has not recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination of the Plan, participants would become fully vested in the Company contributions.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

Certain plan assets consist of mutual funds managed by the Vanguard Group, Inc., an affiliate of Vanguard Fiduciary Trust Company. These transactions are party-in-interest transactions, as defined by ERISA; however, they are exempt from the prohibited transaction rules under ERISA.

8. SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets during 2020. The extent of the impact on the Plan's net assets available for benefits and contributions will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not yet determined the full financial impact of these events.

On March 27, 2020, in response to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The CARES Act permits qualified Plan participants to withdraw penalty-free distributions of up to $100,000 during 2020. The Plan administrator has elected to adopt this provision of the CARES Act and will amend the Plan pursuant to the regulations.

Subsequent events have been evaluated through October 9, 2020, the date the Plan's financial statements were available to be issued.
