1. Description of Plan

The following description of Goody Goody Liquors, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan adopted as of September 1, 1995, by Goody Goody Liquors, Inc. (the "Company"). All employees of the Company who have 60 days of service are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is defined by Section 401(k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31. Plan entry dates are the first day of each month.

Contributions - Each year, participants generally may contribute up to the maximum allowed under IRS regulations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. Forfeitures held by the Plan at December 31, 2019 and 2018, were $10,044 and $7,597, respectively. There were no forfeitures used to reduce Company contributions during 2019.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees - The Company absorbs a significant portion of the administrative costs of the Plan.

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Participants who reach age 59 ½ and remain employed by the Company are permitted to make "in-service" withdrawals from their accounts. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

1. Description of Plan (continued)

Loans to Participants - Participant loans are not permitted under the Plan.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of several investment mutual fund options.

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Year of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

2. Summary of the Accounting Policies

Basis of Presentation - The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by the custodian, see note 3 for discussion of fair value measurements. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan does not obtain or require collateral for these investment securities.

2. Summary of the Accounting Policies (continued)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

Investment Income - The interest and dividend income is combined with the net appreciation in fair value of investments for financial report presentation.

3. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. No Level 2 or Level 3 investments were available to the Plan in both years.

Mutual Funds - The fair value of mutual funds, $4,135,751 and $3,639,632 at December 31, 2019 and 2018, respectively, is based on quoted net asset values of the shares held by the Plan at year-end. All of the Plan’s investments at fair value are measured using Level 1 inputs.

4. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company:

	2019	2018
Investments, at fair value	$ 4,135,751	$ 3,639,632
Cash held by the custodian	10,044	285,535
Investment income (loss), net of investment expenses	863,147	(251,662)

5. Income Taxes

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that he Plan is qualified, and the related trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

7. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, employees, trustee, custodian, auditor and third-party administrator qualify as party-in-interest transactions.

The Plan invests in certain funds managed by the plan trustee which qualify as party-in-interest transactions.

8. Subsequent Events

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies, and other events subsequent to December 31, 2019. As noted in the risk and uncertainties policy in Note 2, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risk associated with investment securities and changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The extent of this impact cannot be reasonably estimated at this time.

In preparation of these financial statements and related footnotes, the Plan has considered events through October 9, 2020, the date these financial statements were available to be issued.
