**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

|---------------|--------------------------------------|
| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

| Assets                                                                                            |                 | (a) Beginning of Year | (b) End of Year |

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

**b** Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)?

☒ Yes ☐ No

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: MITCHELL & TITUS, LLP

(2) EIN: 13-2781641

**d** The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

**a** Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) .....

**b** Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.) .....

|    | Yes | No | Amount |
|----|-----|----|--------|
| 4a |     | X  |        |
| 4b |     | X  |        |

|                                                                                                                                                                                                                               | Yes | No | Amount    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----|-----------|
| <b>c</b> Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.) .....                                          |     |    |           |
| <b>4c</b>                                                                                                                                                                                                                     |     | X  |           |
| <b>d</b> Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.).....                                |     |    |           |

## INDEPENDENT AUDITOR'S REPORT

Plan Administrator  
Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of the Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### ***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Northern Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes are an integral part of these financial statements.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements**

**1. Description of the Plan**

The following description of the Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined benefit plan covering certain collective bargaining employees of Lockheed Martin Missiles and Fire Control—Dallas, and has been amended from time to time. Lockheed Martin Corporation (the Corporation) is the Plan Sponsor and the Plan Administrator. Active participants become fully vested in the Plan upon the earlier of the completion of five years of service or attainment of age 65. Employees hired or rehired on or after October 17, 2011 are not eligible to participate in the Plan.

The assets of the Plan are held and invested on a commingled basis in the Lockheed Martin Corporation Master Retirement Trust (the Master Trust). The assets of the Master Trust are held by The Northern Trust Company (the Trustee), with the exception of certain assets that are not held under custody by the Trustee as described in Note 4.

**Funding Policy**

Funding for the Plan is determined in accordance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 and consistent with U.S. Government Cost Accounting Standards (CAS). Contributions by the Corporation, if any, meet the ERISA minimum funding requirements. The Corporation has the right under the Plan to discontinue such contributions at any time and/or terminate the Plan. In the event of termination, the Plan's net assets are to be used first for the payment of retirement benefits that former employees or their beneficiaries have been receiving, next for the payment of other vested benefits, and finally for the payment of nonvested benefits for the remaining participants. If the net assets are not sufficient to pay all benefits, the net assets shall be paid to the most senior categories until a category cannot be paid in full, and remaining net assets shall be allocated pro rata to all the benefits in that category and not those of lower priority. However, in the event of termination of the Plan, the Pension Benefit Guaranty Corporation guarantees the payment of nonforfeitable retirement benefits subject to certain limitations prescribed by ERISA.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting. Certain amounts in the prior year have been reclassified to conform to the current year presentation.

**Accumulated Plan Benefits**

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions for credited service by participants from their date of eligibility to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired, terminated and disabled participants or their beneficiaries, and (b) present participants or their beneficiaries. Benefits for retired, terminated and disabled participants or their beneficiaries are based on each former participant's compensation during each year of

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

credited service prior to his or her termination or retirement date. Accumulated plan benefits for active participants are based on each participant's compensation during each year of credited service preceding the valuation date. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included to the extent they are deemed attributable to employee service prior to the valuation date.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**Risks and Uncertainties**

The Plan, through the Master Trust, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements. The U.S. Department of Labor is currently auditing the Plan. The audit is focused on the process for locating terminated vested participants over the age of 65 that have not commenced their benefit payments and paying benefits to those participants. Currently, we are unable to predict the outcome of this audit and cannot estimate any reasonably possible loss or range of loss.

**Investment Valuation and Income Recognition**

Investments in the Master Trust are reported at fair value or at Net Asset Value (NAV). Fair value is the cost that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities in the Master Trust are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses on investments bought and sold as well as held during the year are included in interest in net investment gains of Master Trust on the Statement of Changes in Net Assets Available for Benefits.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

**Administrative Expenses**

Direct administrative expenses are paid by the Master Trust and generally allocated to the Plan proportionally based on the Plan's interest in the Master Trust's net assets or directly if specifically related to the Plan. Other indirect administrative expenses are paid by the Corporation and are excluded from these financial statements. Expenses paid by the Plan are shown on the Statement of Changes in Net Assets Available for Benefits.

**Recent Accounting Pronouncements**

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2017-06, which clarifies the presentation and disclosure requirements for an employee benefit plan's interest in a master trust. The new standard requires a plan's interests in master trust balances and activities to be presented on the face of the Plan's financial statements as a single line item for each interest in a master trust. The new standard also requires the disclosure of the master trust's investments by general asset type and the dollar amount of the plan's interest in each asset type; and the disclosure of the master trust's other assets and liabilities on a gross basis and the dollar amount of the plan's interest in each balance. The new standard eliminates the requirement to disclose the plan's overall percentage interest in the master trust and the health and welfare plans' requirement to disclose 401(h) investment account information, in which such information is disclosed in the defined benefit plan. The Plan's management adopted the standard on January 1, 2019 (See Note 4). The adoption did not have a material effect on the Plan's financial statements.

**Subsequent Events**

The global outbreak of the coronavirus disease 2019 (COVID-19) was declared a pandemic by the World Health Organization and a national emergency by the U.S. Government in March 2020. The continued spread of COVID-19 has caused volatility in the equity capital markets and the investment returns on our pension assets.

The Plan Administrator has evaluated subsequent events through October 1, 2020, the date the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2019 that required recognition or disclosure in these financial statements.

**3. Actuarial Present Value of Accumulated Plan Benefits**

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to the accumulated plan benefits earned by the participants to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits is as follows (in thousands):

|                                                            | <b>December 31,</b> |             |

| Participants not currently receiving payments              | 51,734              | 43,888      |
| Total vested benefits                                      | 97,203              | 86,960      |
| Nonvested benefits                                         | 2,743               | 2,343       |
| Total actuarial present value of accumulated plan benefits | \$ 99,946           | \$ 89,303   |

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

The significant actuarial assumptions used in the valuations were (a) life expectancy of participants (Pri-2012 Blue Collar with Scale MP-2019 for 2019 and RP-2014 Total Dataset Adjusted to 2006 with Scale MP-2018 for 2018), (b) turnover based upon the termination experience of the Plan, (c) assumed retirement age probabilities based on the experience of the Plan resulting in an average retirement age of 62, and (d) an annual discount rate of 3.25% and 4.25% for 2019 and 2018, respectively. The discount rate assumption used to calculate the actuarial present value of accumulated plan benefits is adjusted annually to reflect current yields on long-term high-quality corporate bonds. This can result in significant year to year fluctuations in the valuations.

Changes in the actuarial present value of accumulated plan benefits are as follows (in thousands):

|                                                                           | <b>Year Ended<br/>December 31, 2019</b> |
|---------------------------------------------------------------------------|-----------------------------------------|
| Actuarial present value of accumulated plan benefits at beginning of year | \$ 89,303                               |
| Increase (decrease) during the year attributable to:                      |                                         |
| Increase for interest due to the decrease in the discount period          | 3,702                                   |
| Benefits paid                                                             | (4,377)                                 |
| Benefits accumulated                                                      | (138)                                   |
| Plan amendment                                                            | 4,035                                   |
| Changes in actuarial assumptions                                          | 7,421                                   |
| Net increase                                                              | 10,643                                  |
| Actuarial present value of accumulated plan benefits at end of year       | \$ 99,946                               |

During 2019, contracts for the bargaining units for certain participants in the Plan were renegotiated resulting in an increase to the actuarial present value of accumulated plan benefits of \$4,035,000.

The changes in actuarial assumptions reflect the decrease in the discount rate and change in mortality, termination and retirement tables, which impacted the actuarial present value of accumulated plan benefits by \$10,859,000 and \$(3,438,000), respectively.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**Notes to Financial Statements (continued)**

**4. Master Trust**

**General**

The Plan's interest in the Master Trust is stated at the value of the underlying net assets in the Master Trust. The realized and unrealized gains and losses and investment income of the Master Trust are allocated among the participating plans included therein proportionally based on each plan's earnings, which include unrealized gains and losses, investment income and plan expenses. The Plan's interest in the Master Trust's net assets, excluding assets of the 401(h) account, as of December 31, 2019 and 2018 was approximately 0.24% and 0.23%, respectively.

The following table presents the Plan's interest in the Master Trust balance as of December 31, 2019 and 2018 (in thousands):

|                                                          | December 31, 2019    |                                         | December 31, 2018    |                                         |
|----------------------------------------------------------|----------------------|-----------------------------------------|----------------------|-----------------------------------------|
|                                                          | Master Trust Balance | Plan's Interest in Master Trust Balance | Master Trust Balance | Plan's Interest in Master Trust Balance |
| Cash and cash equivalents and short-term investment fund | \$ 1,955,745         | \$ 4,717                                | \$ 1,648,851         | \$ 3,745                                |

The Master Trust owes direct reimbursements to the Corporation for certain expenses incurred by the Corporation and its subsidiaries in providing services to the Plan.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

Other than the financial information in the following table, the reported total fair value by asset class as disclosed in the fair value of assets tables including investments held as of December 31, 2019 and 2018, and net appreciation in fair value of investments, interest income, and dividend income for the year ended December 31, 2019, was obtained or derived from information certified as complete and accurate by the Trustee of the Master Trust.

The following financial information was not certified by the Trustee, as the net assets are not held in custody by the Trustee (in thousands):

|                                                          | <b>December 31,</b>      |                     |

**Fair Value of Assets**

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and requires disclosures regarding fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

The fair value hierarchy established in the standard prioritizes the inputs used in valuation techniques into three levels as follows:

- Level 1 – Quoted prices in active markets for identical assets and liabilities;

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

- Level 2 – Observable inputs, other than Level 1 prices, such as quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and
- Level 3 – Unobservable inputs where valuation models are supported by little or no market activity that one or more significant inputs are unobservable and require us to develop relevant assumptions.

Certain other investments are measured at their value using NAV per share and do not have readily determined values and are thus not subject to leveling in the fair value hierarchy. The NAV is the total value of the fund divided by the number of shares outstanding.

The following table presents the fair value of the assets in the Master Trust by asset category and their level within the fair value hierarchy as of December 31, 2019 (in thousands):

|                                                          | December 31, 2019 |               |            |               |

(a) Includes U.S. Government-sponsored enterprise securities.

(b) Includes collateralized mortgage obligations, municipals, asset-backed securities, inflation index linked bonds, foreign government securities, swaps, guaranteed annuity contracts, repurchase agreements, and private debt.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

- (c) Includes unsettled trades, other receivables/payables, market values on foreign currency, items relating to derivatives and other cash positions on futures.
- (d) Level 3 investments include \$857,117,000 as of December 31, 2019 and \$810,263,000 as of December 31, 2018 related to a buy-in contract.
- (e) Certain investments that are valued using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy and are included below the table to permit reconciliation of the fair value hierarchy to the aggregate post-retirement benefit plan assets.
- (f) Includes 103-12 investment entities
- (g) The Corporation reclassified certain cash and cash equivalents, stocks and other investments as other receivables or payables for 2018 in accordance with ASU 2017-06, the disclosure of the master trust's other assets and liabilities on a gross basis. The 2018 reclassification was due to management's re-evaluation of the nature of the investments and does not impact the 2018 financial statements or the total plan assets previously reported rather just the presentation of the components of total Master Trust assets in the table above.

Certain assets that were previously classified outside of the leveling table were transferred into Level 3 as a result of management's current year assessment of the inputs used to determine fair value. Transfers out of Level 3 include assets that were transferred into Level 2 at the end of the year as a result of changes in the inputs used to determine fair value. The Master Trust recognizes transfers between levels of the fair value hierarchy as of the date of the change in circumstances that causes the transfer. Management is unaware of measurement uncertainty within Level 3 fair value measurements as of December 31, 2019.

**Valuation Techniques**

Cash and cash equivalents and short-term investment fund investments are mostly comprised of cash and short-term money-market instruments and are valued at cost, which approximates fair value.

Common and preferred stock securities categorized as Level 1 are traded on active national and international exchanges and are valued at their closing prices on the last trading day of the year. For common and preferred stock securities not traded on an active exchange, or if the closing price is not available, the Trustee obtains indicative quotes from a pricing vendor, broker, or investment manager. These securities are generally categorized as Level 2 if the custodian obtains corroborated quotes from a pricing vendor or generally categorized as Level 3 if the custodian obtains uncorroborated quotes from a broker or investment manager.

Common collective trusts (CCTs) are investment vehicles valued using the NAV provided by the fund managers. The NAV is the total value of the fund divided by the number of shares outstanding. CCTs are categorized as Level 2 if the NAV is corroborated by observable market data (e.g., purchases or sales activity), or not categorized in a level of fair value hierarchy (excluded from the fair value table) where certain liquidity provisions apply and the NAV is deemed a practical expedient with regards to valuation. CCTs and registered investment companies valued using the NAV as a practical expedient are typically redeemable within 90 days.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

Registered investment company securities categorized as Level 1 are traded on active national and international exchanges and are generally valued at closing prices on the last trading day of the year. In the cases where the valuation is based on NAV at the close of the year, these represent open-ended mutual funds valued by multiple pricing sources. For those securities not categorized in a level of the fair value hierarchy, the Corporation cannot fully redeem the investment in the near-term and NAV as a practical expedient is deemed to apply to those assets.

Corporate debt instruments and U.S. Government securities categorized as Level 2 are valued by the Trustee using pricing models that use verifiable observable market data (e.g., interest rates and yield curves observable at commonly quoted intervals and credit spreads), bids provided by brokers or dealers, or quoted prices of securities with similar characteristics. Corporate debt instruments are categorized at Level 3 when valuations using observable inputs are unavailable. The Trustee obtains pricing based on indicative quotes or bid evaluations from vendors, brokers, or the investment manager.

Other investments consist of securities such as derivatives and fixed income securities not classified as corporate debt instruments or U.S. Government securities. Level 1 securities are comprised of derivative securities traded on national and international exchanges. Level 2 securities are mainly comprised of over-the-counter (OTC) derivatives and fixed income investments valued by the Trustee using pricing models that use verifiable observable market data (e.g., interest rates and yield curves observable at commonly quoted intervals and credit spreads), bids provided by brokers or dealers, or quoted prices of securities with similar characteristics. Other investments are categorized at Level 3 when valuations using observable inputs are unavailable. The Trustee obtains pricing based on bid evaluations from vendors or the investment manager.

Commodities categorized as Level 1 are traded on an active commodity exchange and are valued at their closing prices on the last trading day of the year.

Private equity funds, real estate funds, and hedge funds are valued using the NAV based on the valuation models of underlying securities which generally include significant unobservable inputs that cannot be corroborated using verifiable observable market data. Valuations for private equity funds and real estate funds are determined by the general partners. Depending on the nature of the assets, the general partners may use various valuation methodologies, including the income and market approaches in their models. The market approach consists of analyzing market transactions for comparable assets while the income approach uses earnings or the net present value of estimated future cash flows adjusted for liquidity and other risk factors. Hedge funds are valued by independent administrators using various pricing sources and models based on the nature of the securities. Private equity funds, real estate funds, and hedge funds are generally not categorized in a level of fair value hierarchy as the Corporation cannot fully redeem the investment in the near-term and NAV as a practical expedient is deemed to apply to those assets. Hedge funds contain liquidity provisions which generally allow for redemptions within several months.

Private equity funds consist of investments held primarily by limited partnerships in various strategies, including venture capital, corporate finance, opportunistic, and distressed. The term of each private equity fund is typically eight to twelve years, and the funds investors do not have the right to redeem their investment at its NAV. Instead, the investors receive distributions as the underlying assets of the fund are liquidated. Real estate funds consist of investments in U.S. and international commercial real estate held primarily by limited partnerships. The term of each real estate fund is generally eight to ten years, and the real estate fund's

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

investors do not have the right to redeem their investment at its NAV. Instead, the investors receive distributions as the underlying assets of the fund are liquidated. Unfunded capital commitments related to the Master Trust's investment in private equity and real estate funds as of December 31, 2019 and 2018 totaled \$3,929,312,000 and \$3,640,304,000, respectively. Hedge fund investments are made through commingled fund vehicles and depending on the hedge fund, redemptions can be monthly or annually. The redemption notice period, depending on the hedge fund, is typically 45 to 180 days in advance.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In estimating the fair value of the investments not in a level of fair value hierarchy, management may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

#### **Derivative Instruments**

Derivative instruments are used in the Master Trust to achieve certain portfolio objectives and to adjust asset allocation in order to manage market risk. Derivative instruments allow internal and external investment managers to achieve these goals efficiently while maintaining appropriate liquidity.

As of December 31, 2019 and 2018, the Master Trust utilized four types of derivative instruments:

**Futures Contracts** – The purchase of futures contracts allows the Master Trust to achieve desired portfolio positions in various commodities without the need to physically own and store them. Futures are used to manage the overall risk to equity and fixed income markets. Foreign exchange futures are used to separate the management of currency exposure from foreign equity exposure. Futures contracts are exchange-traded with initial margin required from both parties and daily settlement of gains and losses; therefore credit and counterparty risks are minimal, and futures contracts have no net market value.

**Forward Contracts** – Forward contracts are similar to futures contracts except that they are traded OTC rather than over a standardized exchange. Foreign exchange forwards are used by investment managers as another means of separating currency risk from investment risk. These contracts allow a manager to lock into a rate at which to exchange an upcoming settlement in a foreign currency into U.S. dollars. Commodity forward contracts are used by investment managers to achieve desired portfolio positions in various commodities. While forward contracts are traded OTC, they are generally very short-term which minimizes counterparty risk.

**Options, including Options on Futures** – These contracts allow the holder to buy or sell a security or a futures contract at a specified price prior to an expiration date. Options are primarily used to protect against downside risk in an equity, commodity or currency position held by the Master Trust.

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

Swaps – Swaps are OTC agreements between counterparties to exchange the return stream of one security for another. Swaps are utilized either to provide exposure to a security for which there is no available futures contract, or to achieve an exposure over a specific time horizon.

A long derivative position increases (decreases) in value when the price of the underlying asset (e.g., currency, equity index) increases (decreases). A short derivative position increases (decreases) when the price of the underlying asset decreases (increases).

The notional amounts and fair values of derivative instruments as of December 31, 2019 and 2018 are presented below (in thousands):

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

**Offsetting and Netting of Assets and Liabilities**

The Master Trust is subject to master netting agreements with certain counterparties. These agreements govern the terms of certain transactions and reduce the counterparty risk associated with the relevant transactions by permitting the Master Trust to net certain amounts due from the Plan to a counterparty against amounts due to the Plan from the same counterparty under certain conditions.

As of December 31, 2019, information related to the potential effect of the Master Trust's master netting agreements was as follows (in thousands):

| <b><u>Derivative Assets</u></b>         | <b><u>Gross<br/>Recognized<br/>Assets</u></b> | <b><u>Gross<br/>Amounts<br/>Offset</u></b> | <b><u>Net<br/>Amounts<br/>Presented</u></b> | <b><u>Net<br/>Collateral<br/>Received</u></b> | <b><u>Net<br/>Exposure</u></b> |

**Collateralized Transactions**

The Master Trust enters into reverse repurchase agreements as well as securities lending and borrowing agreements to generate additional income and earnings. Reverse repurchase agreements are transactions in which the Master Trust lends cash to borrow financial instruments from another firm and simultaneously enters into an agreement to resell the same financial instruments at a higher price in the future. Securities lending agreements are transactions in which the Master Trust lends securities to another firm, in exchange for collateral which is returned upon the conclusion of the loan, with interest received by the Master Trust over the life of the transaction. The collateral requires 102% of the fair value of U.S. securities borrowed and 105% for non-U.S. securities borrowed. The collateral is marked to market on a daily basis. In the event the counterparty is unable to meet its contractual obligation under the securities lending arrangement, the Master

**Lockheed Martin Missiles and Fire Control—Dallas Hourly Retirement Plan**  
**Notes to Financial Statements (continued)**

Trust may incur losses equal to the amount by which the market value of the securities differ from the amount of collateral held. The Master Trust mitigates credit risk associated with securities lending arrangements by monitoring the fair value of the securities loaned on a daily basis, with additional collateral obtained or refunded as necessary. Securities borrowing agreements are transactions in which the Master Trust borrows securities from another firm, typically in connection with a short sale, in exchange for collateral which is returned upon the conclusion of the transaction.

As of December 31, 2019 and 2018, the fair value of securities on loan was \$600,000,000 and \$860,000,000, respectively the fair value of securities borrowed was \$1,127,000,000 and \$1,229,000,000, respectively and the fair value for reverse repurchase agreements was \$515,000,000 and \$483,000,000, respectively. Collateral pledged for securities on loan is not held in the Master Trust, and cannot be sold, repledged, or traded.

Securities lending and borrowing and reverse repurchase agreement income earned by the Master Trust is recorded on an accrual basis and was approximately \$15,000,000 and \$11,000,000, respectively for the year ended December 31, 2019 and 2018.

**5. Parties-in-Interest Transactions**

The Master Trust invests in funds managed by The Northern Trust Company, the Trustee. Investments in these funds qualify as party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

**6. Income Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Corporation by a letter dated June 19, 2013, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. Under current IRS determination letter procedures, there is no opportunity for the Plan to obtain a more recent letter from the IRS. The Plan has been amended since issuance of the determination letter. However, the Plan Administrator and the Corporation's counsel believe that the current design and operations of the Plan are in compliance with the applicable provisions of the IRC, and therefore, believe the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan to determine whether the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, but no tax audits are in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

**7. Reconciliation of Financial Statements to Form 5500**

Interest in net investment gains of Master Trust reported in the financial statements is \$726,000 less than the amount reported on Form 5500 for the year ended December 31, 2019. Administrative expenses reported in the financial statements are \$726,000 greater than the amount reported on Form 5500 for the year ended December 31, 2019. These differences arose from the classification of certain administrative expenses which are included in the net investment gains in the Master Trust for Form 5500 reporting purposes.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

|                                             |                                                                                                                                                                           |
|---------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest Rates for Minimum Funding Purposes | Based on segment rates with a four-month lookback (as of September 2018), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor |
| 1st Segment Rate                            | 3.74%                                                                                                                                                                     |
| 2nd Segment Rate                            | 5.35%                                                                                                                                                                     |
| 3rd Segment Rate                            | 6.11%                                                                                                                                                                     |
| Interest Rates for Maximum Tax Purposes     | Based on segment rates with a four-month lookback (as of September 2018), without regard to interest rate stabilization                                                   |
| 1st Segment Rate                            | 2.28%                                                                                                                                                                     |
| 2nd Segment Rate                            | 3.81%                                                                                                                                                                     |
| 3rd Segment Rate                            | 4.46%                                                                                                                                                                     |
| Retirement Age                              |                                                                                                                                                                           |
| Active Participants                         | See Table 1.                                                                                                                                                              |
| Terminated Vested Participants              | 65                                                                                                                                                                        |
| Mortality Rates                             |                                                                                                                                                                           |
| Healthy and Disabled                        | 2019 generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(d) and IRS Notice 2018-02                                                          |
| Withdrawal Rates                            | 2003 SOA select and ultimate table. See Table 2.                                                                                                                          |
| Disability Rates                            | See Table 3.                                                                                                                                                              |
| Decrement Timing                            | Beginning of year decrements                                                                                                                                              |
| Surviving Spouse Benefit                    | It is assumed that 80% of males and 50% of females have an eligible spouse, and that males are three years older than their spouses.                                      |
| Benefit Limits                              | Projected benefits are limited by the current IRC section 415 maximum benefit of \$225,000.                                                                               |

For ERISA Requirements

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

|                |                         |
|----------------|-------------------------|
| 2017 Plan Year | 7.50%, limited to 6.48% |
| 2018 Plan Year | 7.50%, limited to 6.29% |
| 2019 Plan Year | 7.50%, limited to 6.11% |

Trust Expenses Included in Target Normal Cost \$ 447,866

Actuarial Method Standard unit credit cost method

Valuation Date January 1, 2019

## Actuarial Assumptions and Methods

### Discussion of Actuarial Assumptions and Methods

For the funding valuation, the allowable interest rates and mortality tables available to measure plan liabilities are prescribed by IRC section 412. Aon provided guidance with respect to the alternative interest rate and mortality table options, and it is our belief that the options prescribed by Lockheed Martin Corporation are appropriate for funding purposes. It is our belief that all other actuarial assumptions used for the funding valuation represent reasonable expectations of anticipated plan experience. The actuarial cost and amortization methods used are prescribed by IRC section 412. While the method used to value assets is prescribed by Lockheed Martin Corporation, Aon provided guidance with respect to the use of this method, and it is our belief that the method is appropriate for funding purposes.

### Calculation of Normal Costs and Liabilities

The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method. The funding target under IRC section 430 is calculated as the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year, based on current service and current pay. The target normal cost is the present value of all benefits expected to accrue or be earned under the plan during the plan year, including any increase in benefits earned in prior plan years attributable to compensation increases in the current plan year, plus certain trust expenses.

Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date. The present value of these estimated benefits using the applicable ERISA assumptions is the ERISA funding target actuarial present value of accumulated plan benefits. The target normal cost is the present value of the benefits earned during the year.

For calculating the actuarial present value of vested benefits, benefits at each decrement age are determined in the same manner but are then multiplied by each participant's vesting percentage as of the valuation date. The present value of these estimated vested benefits is determined without recognition of any benefit for which a participant will become entitled only through the advancement in service or age while actively employed. In addition, certain ancillary benefits have been treated as vested consistent with PBGC premium regulations.

The ERISA funding target for lump sum benefits, other than lump sum benefits paid from a statutory hybrid plan under the provisions of IRC section 411(a)(13)(A), is determined by valuing the annuity that corresponds to the distribution using special actuarial assumptions, as described under Treasury regulations section 1.430(d). Under these special assumptions, for the period beginning with the annuity starting date, the current IRC section 417(e) applicable mortality table is substituted for the mortality table otherwise used

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 22—Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at beginning of year.

| (a)<br>Age       | (b)<br>Rate | (c)<br>Weight | (d)<br>Product<br>(a) × (b) × (c) |
|------------------|-------------|---------------|-----------------------------------|
| 55               | 10.00%      | 1.0000        | 5.50                              |
| 56               | 10.00%      | 0.9000        | 5.04                              |
| 57               | 5.00%       | 0.8100        | 2.31                              |
| 58               | 5.00%       | 0.7695        | 2.23                              |
| 59               | 10.00%      | 0.7310        | 4.31                              |
| 60               | 10.00%      | 0.6579        | 3.95                              |

EIN: 52-1893632 PN: 039

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- The expense load was changed from \$557,157 to \$447,866 to reflect actual administrative expense.
- A change in the mortality assumption from the 2018 static mortality table (with new basis adoption deferred to 2019) for annuitants and non-annuitants per §1.430(h)(3)-1(e) to the 2019 generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(e) and IRS Notice 2018-02.

For ERISA Requirements

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

|                |                         |
|----------------|-------------------------|
| 2017 Plan Year | 7.50%, limited to 6.48% |
| 2018 Plan Year | 7.50%, limited to 6.29% |
| 2019 Plan Year | 7.50%, limited to 6.11% |

Trust Expenses Included in Target Normal Cost \$ 447,866

Actuarial Method Standard unit credit cost method

Valuation Date January 1, 2019

## Actuarial Assumptions and Methods

### Discussion of Actuarial Assumptions and Methods

For the funding valuation, the allowable interest rates and mortality tables available to measure plan liabilities are prescribed by IRC section 412. Aon provided guidance with respect to the alternative interest rate and mortality table options, and it is our belief that the options prescribed by Lockheed Martin Corporation are appropriate for funding purposes. It is our belief that all other actuarial assumptions used for the funding valuation represent reasonable expectations of anticipated plan experience. The actuarial cost and amortization methods used are prescribed by IRC section 412. While the method used to value assets is prescribed by Lockheed Martin Corporation, Aon provided guidance with respect to the use of this method, and it is our belief that the method is appropriate for funding purposes.

### Calculation of Normal Costs and Liabilities

The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method. The funding target under IRC section 430 is calculated as the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year, based on current service and current pay. The target normal cost is the present value of all benefits expected to accrue or be earned under the plan during the plan year, including any increase in benefits earned in prior plan years attributable to compensation increases in the current plan year, plus certain trust expenses.

Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date. The present value of these estimated benefits using the applicable ERISA assumptions is the ERISA funding target actuarial present value of accumulated plan benefits. The target normal cost is the present value of the benefits earned during the year.

For calculating the actuarial present value of vested benefits, benefits at each decrement age are determined in the same manner but are then multiplied by each participant's vesting percentage as of the valuation date. The present value of these estimated vested benefits is determined without recognition of any benefit for which a participant will become entitled only through the advancement in service or age while actively employed. In addition, certain ancillary benefits have been treated as vested consistent with PBGC premium regulations.

The ERISA funding target for lump sum benefits, other than lump sum benefits paid from a statutory hybrid plan under the provisions of IRC section 411(a)(13)(A), is determined by valuing the annuity that corresponds to the distribution using special actuarial assumptions, as described under Treasury regulations section 1.430(d). Under these special assumptions, for the period beginning with the annuity starting date, the current IRC section 417(e) applicable mortality table is substituted for the mortality table otherwise used.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date of Plan January 1, 1993

Most Recent Collective Bargaining Agreement October 2016 for UAW Grand Prairie

March 2019 for IBEW Grand Prairie

Eligibility Age 21 and one year of vesting service. For IBEW, participation is frozen to new hires effective March 22, 2009. For UAW, participation is frozen October 17, 2011.

Normal Retirement Eligibility Requirement Age 65

Benefit Varies by Union. Years of credited service multiplied by the following:

| IBEW  | Effective Date          | Multiplier |
|-------|-------------------------|------------|
|       | May 1, 2003             | \$40       |
|       | March 22, 2004          | \$43       |
|       | May 1, 2006             | \$47       |
|       | May 1, 2008             | \$50       |
|       | March 22, 2009          | \$61       |
|       | March 22, 2014          | \$72       |
|       | March 22, 2019          | \$84       |
| SPFPA | Effective Date          | Multiplier |
|       | May 1, 2003             | \$40       |
|       | April 12, 2004          | \$48       |
| UAW   | Effective Date          | Multiplier |
|       | January 1, 2004         | \$47       |
|       | January 1, 2006         | \$50       |
|       | January 1, 2007         | \$61       |
|       | January 1, 2012         | \$72       |
|       | January 1, 2017         | \$78       |
|       | October 2019 (expected) | \$88       |

Schedule SB Attachment (Form 5500)—2019 Plan Year  
 Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan  
 EIN: 52-1893632 PN: 039

Unreduced Early Retirement  
 Eligibility Requirement

- (a) Age 62 and five years of vesting service; or
- (b) Age 55 and age plus vesting service at least 85; or
- (c) Age 60 and 20 years of vesting service.

Benefit

Unreduced monthly benefit computed as in normal retirement. Monthly supplement payable until age 62 and one month (65 for UAW) as follows:

IBEW

| Effective Date | Supplement |
|----------------|------------|
| May 1, 1994    | \$450      |
| March 22, 2004 | \$700      |
| March 22, 2009 | \$775      |
| March 22, 2014 | \$850      |

SPFPA

| Effective Date | Supplement |
|----------------|------------|
| May 1, 1994    | \$450      |

UAW

| Effective Date  | Supplement |
|-----------------|------------|
| January 1, 2002 | \$700      |
| January 1, 2007 | \$775      |
| January 1, 2012 | \$850      |

Reduced Early Retirement  
 Eligibility Requirement

Age 55 with 10 years of vesting service.

Benefit

Monthly benefit computed as in normal retirement, reduced by 7.00% per year for the first five years and 5.00% per year for the next two years by which retirement age precedes age 62.

Retiree Bonus  
 Eligibility Requirement

UAW retirees or surviving spouses receiving benefits.

Benefit

\$350 each September for retirees prior to January 1, 2017. \$500 each September for retirees after January 1, 2017. The benefit is payable for life.

 Retirement

|                         |                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------|
| Eligibility Requirement | UAW employees with 10 years of credited service.                                     |
| Benefit                 | Monthly benefit computed as in normal retirement, unreduced and payable immediately. |

Termination

|                         |                                                                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Five years of vesting service                                                                                                                                                                                |
| Benefit                 | Monthly benefit computed as in normal retirement, payable at age 65, or monthly benefit reduced by 7.00% for the first five years and 5.00% for the next five years by which retirement age precedes age 65. |

Automatic 55% Survivor Benefit

|                         |                                                                                                                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Death occurs while in active status or under total disability, after attainment of the eligibility requirements for early retirement or 30 years of vesting service regardless of age. |
| Benefit                 | The surviving spouse receives the spouse's portion of the 55% joint and survivor annuity with pop up, payable immediately.                                                             |

Qualified Preretirement Survivor  
 Annuity

|                         |                                                                                                                                                                                                                                                    |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Death occurs while vested, and not eligible for the automatic 55% survivor benefit.                                                                                                                                                                |
| Benefit                 | 50% of the benefit the participant would have received if he had retired on the first of the month preceding or coincident with his death, and had elected the 50% joint and survivor option. The benefit is deferred to the participant's age 55. |

Transition Survivor Benefit

Eligibility Requirement

Eligible spouse, children under age 21 (under age 25 if dependent), or dependent parents. Not payable if eligible for Automatic 55% Survivor Benefit or if qualified preretirement survivor annuity is larger.

Benefit

24 monthly payments of \$175 (\$300 for UAW). If not eligible for Social Security survivor benefits, monthly payments increase to \$300 (\$600 for UAW).

Bridge Survivor Benefit

Eligibility Requirement

Eligible spouse, between the ages of 48 and 60 at participant's death, who received all 24 monthly transition survivor benefit payments.

Benefit

Monthly payment of \$300 (\$600 for UAW), payable until remarriage, death or age 62.

Postretirement Death Benefit

Eligibility Requirement

Participants who die after retiring from active status.

Benefit

\$2,000 lump sum (\$5,000 for UAW)

Normal Form of Benefit Payment

Married Participants

50% joint and survivor annuity

Unmarried Participants

Single life annuity

Plan Changes Since the Prior Year

The funding valuation reflects the following plan changes:

- For the IBEW Grand Prairie Union, the benefit multiplier increased from \$72 to \$84.

Schedule SB Attachment (Form 5500)—2019 Plan Year  
 Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan  
 EIN: 52-1893632 PN: 039

Unreduced Early Retirement  
 Eligibility Requirement

- (a) Age 62 and five years of vesting service; or
- (b) Age 55 and age plus vesting service at least 85; or
- (c) Age 60 and 20 years of vesting service.

Benefit

Unreduced monthly benefit computed as in normal retirement. Monthly supplement payable until age 62 and one month (65 for UAW) as follows:

IBEW

| Effective Date | Supplement |
|----------------|------------|
| May 1, 1994    | \$450      |
| March 22, 2004 | \$700      |
| March 22, 2009 | \$775      |
| March 22, 2014 | \$850      |

SPFPA

| Effective Date | Supplement |
|----------------|------------|
| May 1, 1994    | \$450      |

UAW

| Effective Date  | Supplement |
|-----------------|------------|
| January 1, 2002 | \$700      |
| January 1, 2007 | \$775      |
| January 1, 2012 | \$850      |

Reduced Early Retirement  
 Eligibility Requirement

Age 55 with 10 years of vesting service.

Benefit

Monthly benefit computed as in normal retirement, reduced by 7.00% per year for the first five years and 5.00% per year for the next two years by which retirement age precedes age 62.

Retiree Bonus  
 Eligibility Requirement

UAW retirees or surviving spouses receiving benefits.

Benefit

\$350 each September for retirees prior to January 1, 2017. \$500 each September for retirees after January 1, 2017. The benefit is payable for life.

Total and Permanent Disability  
Retirement

|                         |                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------|
| Eligibility Requirement | UAW employees with 10 years of credited service.                                     |
| Benefit                 | Monthly benefit computed as in normal retirement, unreduced and payable immediately. |

Termination

|                         |                                                                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Five years of vesting service                                                                                                                                                                                |
| Benefit                 | Monthly benefit computed as in normal retirement, payable at age 65, or monthly benefit reduced by 7.00% for the first five years and 5.00% for the next five years by which retirement age precedes age 65. |

Automatic 55% Survivor Benefit

|                         |                                                                                                                                                                                        |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Death occurs while in active status or under total disability, after attainment of the eligibility requirements for early retirement or 30 years of vesting service regardless of age. |
| Benefit                 | The surviving spouse receives the spouse's portion of the 55% joint and survivor annuity with pop up, payable immediately.                                                             |

Qualified Preretirement Survivor  
Annuity

|                         |                                                                                                                                                                                                                                                    |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eligibility Requirement | Death occurs while vested, and not eligible for the automatic 55% survivor benefit.                                                                                                                                                                |
| Benefit                 | 50% of the benefit the participant would have received if he had retired on the first of the month preceding or coincident with his death, and had elected the 50% joint and survivor option. The benefit is deferred to the participant's age 55. |

Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan  
EIN: 52-1893632 PN: 039

Transition Survivor Benefit  
Eligibility Requirement

Eligible spouse, children under age 21 (under age 25 if dependent), or dependent parents. Not payable if eligible for Automatic 55% Survivor Benefit or if qualified preretirement survivor annuity is larger.

Benefit

24 monthly payments of \$175 (\$300 for UAW). If not eligible for Social Security survivor benefits, monthly payments increase to \$300 (\$600 for UAW).

Bridge Survivor Benefit  
Eligibility Requirement

Eligible spouse, between the ages of 48 and 60 at participant's death, who received all 24 monthly transition survivor benefit payments.

Benefit

Monthly payment of \$300 (\$600 for UAW), payable until remarriage, death or age 62.

Postretirement Death Benefit  
Eligibility Requirement

Participants who die after retiring from active status.

Benefit

\$2,000 lump sum (\$5,000 for UAW)

Normal Form of Benefit Payment  
Married Participants

50% joint and survivor annuity

Unmarried Participants

Single life annuity

## Plan Changes Since the Prior Year

The funding valuation reflects the following plan changes:

- For the IBEW Grand Prairie Union, the benefit multiplier increased from \$72 to \$84.

## Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. Lockheed Martin Missiles and Fire Control - Dallas Hourly Retirement Plan  
EIN: 52-1893632 PN: 039

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- The expense load was changed from \$557,157 to \$447,866 to reflect actual administrative expense.
- A change in the mortality assumption from the 2018 static mortality table (with new basis adoption deferred to 2019) for annuitants and non-annuitants per §1.430(h)(3)-1(e) to the 2019 generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(e) and IRS Notice 2018-02.
