To the Plan Administrator of the
Leonard Bus Sales, Inc. Profit Sharing and 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Leonard Bus Sales, Inc. Profit Sharing and 401(k) Plan (the Plan) for the year ended December 31, 2019, and have issued our report thereon dated October 9, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated July 27, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Leonard Bus Sales, Inc. Profit Sharing and 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2019. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of investments. The Plan's investments are stated at fair value with the exception of the fully benefit responsive contract which is at contract value. As discussed in the first paragraph, we did not perform any auditing procedures with respect to the information summarized in Note 4 to those financial statements, as such we did not perform an evaluation of the key factors and assumptions used to develop the fair value of investments.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of investments in the footnotes to the financial statements. As discussed in the first paragraph, we did not perform any auditing procedures with respect to the information summarized in Note 4 to those financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no material misstatements detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 9, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Plan Administrator and management of Leonard Bus Sales, Inc. (the Plan Sponsor) and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

UHY LLP

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of Leonard Bus Sales, Inc. Profit Sharing and 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. A complete description of the Plan may be obtained from the Plan Administrator, Leonard Bus Sales, Inc.

General

The Plan is a defined contribution and safe harbor profit sharing plan covering substantially all employees who have one year of service and are age 19 or older. The Plan is subject to the provisions of the Employee Retirement Income Security act of 1974 (ERISA). The Plan was established on December 31, 1985 for the purpose of providing retirement benefits for eligible employees of Leonard Bus Sales, Inc. In addition, eligible employees of LBS South, LLC, a related entity due to common ownership, were able to participate. LBS South, LLC began operations in Florida during 2012 and ceased operations in March 2015.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan. Participants have the option of making Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation with an annual increase of 1%, up to a maximum of 10%, and their contributions invested in a designated lifetime hybrid target date fund until changed by the participant.

The Company matches 100% of employee deferrals, up to 3% of eligible compensation, plus 50% of employee deferrals, which are over 3% but not over 5% of eligible compensation. Also, the Company, at its discretion, may make a discretionary nonelective contribution at the end of the year that will be allocated to participant accounts based on their amount of eligible compensation. The Company chose not to make a discretionary contribution for 2019 or 2018. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's discretionary nonelective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor match is also immediate. There is a six-year graded vesting schedule with regard to the Company's discretionary contributions. There is 20% vesting after two years of services, and an additional 20% vesting for each additional year of service. In addition, a participant's account balance will become fully vested upon reaching retirement age, becoming disabled or dying while employed by the Company.

Payment of Benefits

On termination of service for any reason, participants with a vested account balance less than $5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For terminated participants with a vested account balance greater than $5,000 may elect to receive either a single lump-sum payment; installment payments over a period of not more than the participant's life expectancy; or partial withdrawals.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½ , in accordance with the provisions specified in the Plan.

Forfeitures

At December 31, 2019 and 2018, there were no unapplied forfeited non-vested balances. These accounts will be used to reduce administrative expenses or employer contributions. During the year ending December 31, 2019, employer contributions were reduced by $2,671 from forfeited non-vested accounts.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs are that are both significant to the fair value measurement and unobservable (i.e. supported by little or no market activity).

Valuation Methodology

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2019 and 2018:

Pooled separate accounts: Unit value calculated based on the observable Net Asset Value (NAV) of the underlying investments.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation Methodology (Continued)

Collective investment trusts (CIT): Investment in collective trust funds as well as a variety of separate accounts and mutual funds. Unit value is calculated based on the Net Asset Value (NAV) of the CIT. The NAV is not a publicly quoted price but is available to current investors on daily basis. The NAV is computed in accordance with investment company measurement principles based on the underlying assets.

Mutual Funds: Unit value calculated based on a quoted market price on an active market.

Non-benefit responsive contracts: Investment in a guaranteed fixed group annuity contract held by Principal Life. The guaranteed interest accounts cannot be sold to a third party; thus, the only option to exit the guaranteed interest accounts is to withdraw or transfer the funds prior to maturity for an event other than death, disability, termination, or retirement; as these events promise contract value. For any other withdrawals, there is a possible surrender charge when funds are withdrawn prior to maturity. The fair value represents guaranteed interest account values adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. This value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate. As these contracts are contract-based, observable prices for identical or similar investments do not exist and accordingly, these investments are valued using unobservable inputs (Level 3).

Fully benefit responsive contracts: Investments in stable value group annuity contracts held by Principal Global Investors Trust Company, which is a stable value collective investment trust. Since this investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recognized when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements with the exception of investment advisor, custodian and trustee fees, which are paid by plan participants. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Level 3 Insurance Company General Interest Account Non Benefit Responsive
Balance, December 31, 2018	$ 38,818
Realized gains and earnings	138
Unrealized gains and earnings	312
Sales	(24,484)
Balance, December 31, 2019	$ 14,784

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

Quantitative Information about Level 3 Fair Value Measurements

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3.

As of December 31, 2019

Type	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed interest accounts	$ 14,784	See note (1)	Interest rate on account	0.93% - 0.95%
			Applicable interest rate	2.08%
			Maturity date	12/31/2019

As of December 31, 2018

Type	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed interest accounts	$ 38,818	See note (1)	Interest rate on account	0.71% - 0.95%
			Applicable interest rate	3.10%
			Maturity date	12/31/2018 - 12/31/2019

(1) If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1, 2 or 3.

NOTE 4 — CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019 that was disclosed in the accompanying financial statements and supplemental schedule, were obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company (Principal) and Principal Global Investors Trust Company, the Trustees of the Plan.

NOTE 5 — FULLY BENEFIT RESPONSIVE CONTRACTS

The Plan has investments in the Principal Stable Value Fund, which is a fully benefit-responsive collective investment trust totaling $274,369 and $194,276 at December 31, 2019 and 2018, respectively. The Fund provides for the collective investment of assets of tax-exempt pension and profit-sharing plans, primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds and trusts that are selected by the Trustee, Principal Global Investors Trust Company. It is Principal's expectation that each unit of the Trust will maintain a constant net asset value of $1. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract insurers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 — RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company (Principal) and Principal Global Investors Trust Company (Principal Global). Principal and Principal Global are the trustees, record keeper and insurance company and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan for the investment management services amounted to $37,550 for the year ended December 31, 2019.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2019 to Schedule H of Form 5500.

Contributions per the financial statements	$ 1,198,304
Add: employer contributions receivable at December 31, 2018	5,020
Add: participant contributions receivable at December 31, 2018	11,573
Less: employer contributions receivable recorded on 5500 at December 31, 2018	(301)
Contributions per Schedule H of Form 5500	$ 1,214,596

NOTE 9 — INCOME TAX STATUS

The Plan has been designed using a volume submitter prototype plan document designed by Principal. The Plan obtained its opinion determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan and the related trust established under the Plan are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 — SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the stock market has fluctuated due to growing concerns of the COVID-19 pandemic. However, as the values of individual investments fluctuate with market conditions, the amount of losses that may eventually be realized cannot be determined. These conditions could materially impact participant account balances.
