WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

1. Description of Plan

The following description of the WestRock Company Retirement Savings Plan for Puerto Rico Employees (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all Puerto Rico resident employees of WestRock Puerto Rico Inc. (“the Company”). The Plan became effective December 1, 2006 and most recently amended on July 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The WestRock Company Retirement Plan Administrative Committee (the “Committee”) oversees governance of the Plan. The WestRock Company Retirement Plan Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Committee.

Administration

Great-West Trust Company (“Great-West”), is the custodian of the Plan, and Empower Retirement (“Empower”) is the Plan’s recordkeeper who maintains individual accounts reflecting each participant’s respective interest in the value of the Plan’s net assets.

Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

Eligibility

In general, employees who are residents of Puerto Rico are eligible to participate in the Plan after completing a minimum service period of one month and temporary employees are eligible to participate after one year of service. Service with Rock-Tenn Company, MeadWestvaco Corporation, SP Fiber Technologies LLC and an employee’s service with a predecessor employer acquired by or merger with the Company is generally taken into account for purposes of determining eligibility to participate in the Plan.

Contributions

Participants may make before-tax or Roth contributions between a minimum of 1 percent and a maximum of 75 percent of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Puerto Rico Internal Revenue Code (“PR Code”). Participants are automatically enrolled equal to 3 percent of eligible compensation unless different election is made. Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a safe harbor matching contribution for the year ended 2019 equal to 100 percent of the first 5 percent of eligible compensation. Additionally, the Company makes an automatic contribution to the Plan regardless of employee contributions equal to 2.5 percent of eligible compensation.

Participant Accounts

Each participant’s account is credited with (i) the participant’s 401(k) contribution, (ii) the Company’s contributions, and (iii) the participant’s account earnings. Each participant’s account is charged with (i) withdrawals, (ii) the participant’s account earnings, and (iii) an allocation of administrative expenses.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Company contributions made to the Plan in 2016 and later years are always fully vested. Additionally, if employees were eligible on January 1, 2016, they are fully vested in Company contributions made to the Plan before 2016. For employees not eligible on January 1, 2016, the portion of the participant's account attributable to regular Company contributions made before 2016 become fully vested upon completion of three years of vesting service.

Forfeitures

Forfeitures of non-vested benefits may be used to pay Plan expense, restore account balances for reemployed employees and reduce future Company contributions. Forfeitures of \$8,245 and \$8,243 were used to offset Company contributions by the Plan for the year ended December 31, 2019 and 2018, respectively. Forfeitures of \$2,657 and \$8,245 were available for future use at December 31, 2019 and 2018, respectively.

Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping, investment advisory, and custodial fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

Payment of Benefits

Benefit payments are recorded upon distribution.

3. Fair Value Measurements

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the assets at fair value as of December 31, 2019 and 2018:

<i>Assets at fair value as of December 31, 2019</i>	Level 1		Total
Mutual funds	\$	5,421,614	\$ 5,421,614
Total investments at fair value	\$	5,421,614	\$ 5,421,614

<i>Assets at fair value as of December 31, 2018</i>	Level 1		Total
Mutual funds	\$	3,951,726	\$ 3,951,726
Total assets at fair value	\$	3,951,726	\$ 3,951,726

4. Information Certified by Custodian

The Commonwealth of Puerto Rico Treasury Department has informed the Company by determination letter dated March 23, 2017, that the plan adopted by the Company was in accordance with applicable sections of the PR Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PR Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodian. Transactions involving these investments qualify as party-in-interest transactions. In addition, the custodian receives investment management fees related to these funds prior to any funds being allocated to investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2020, the date which the financial statements were available to be issued, and there are no other events which would require recognition or disclosure in the financial statements, except as follows:

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

On March 29, 2020 the Puerto Rico Department of the Treasury enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which includes relief provisions for tax-qualified retirement plans. The CARES Act's provisions allow qualified individuals to withdraw up to \$100,000 in "coronavirus-related distributions" by December 31, 2020. These participant distributions are exempt from 10 percent early withdrawal penalty, taxable over three years, or treated as a tax-free rollover when repaid to the plan over three years. Participants who do not qualify for "coronavirus-related" distributions may qualify for a regular hardship withdrawal due to an immediate and heavy financial need. The Committee adopted the available provision under CARES Act.
