General

The Plan is a defined contribution plan covering employees of the WestRock Company (the "Company") and its wholly owned subsidiaries who meet eligibility requirements. The Plan became effective on October 1, 1997 and has since been amended. Effective January 1, 2016, the Plan was formally restated and its name changed to the WestRock Company 401(k) Retirement Savings Plan. Accordingly, the Company assumed sponsorship of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Administrative Committee oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrative Committee.

On November 2, 2018, the Company acquired KapStone Paper and Packaging Corporation and became the Plan Sponsor of KapStone Paper and Packaging Corporation 401(k) Plan ("KapStone Plan"). Effective July 1, 2019, the Plan was amended to merge the KapStone Plan into the WestRock Plan.

Administration

Great-West Trust Company, LLC ("Great-West") is the trustee and custodian of the Plan, and Great-West Life & Annuity Insurance Company ("Empower") is the Plan's recordkeeper who maintained individual accounts reflecting each participant's respective interest in the value of the Plan's net assets.

Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

The WestRock Master Trust ("Master Trust") holds investments on behalf of the Plan, the RTS Packaging, LLC 401(k) Retirement Savings Plan, and the WestRock Company 401(k) Provisional Retirement Savings Plan.

Eligibility

Employees are eligible to participate in the Plan after completing a minimum service period of one month, and temporary employees are eligible to participate after one year of service. Collectively bargained

employees, as defined by the Plan, are generally eligible to participate after having completed a minimum service period of ninety days, subject to certain exclusions stated in the Plan document. An employee's service with a predecessor employer acquired by or merged with the Company or service with RTS Packaging Services, LLC, will be taken into account for the purposes of determining an employee's eligibility to participate in the Plan.

Contributions

Once eligible, certain participants are automatically enrolled in the Plan with a deferral percentage of 3 percent of eligible compensation unless the participant 1) elects not to participate in the Plan or 2) elects a different deferral percentage. Subsequently, the deferral percentage for automatically enrolled participants is automatically increased 1 percent annually up to a maximum deferral percentage of 10 percent, unless the participant 1) elects not to participate in the automatic increase or 2) elects a different deferral percentage maximum.

Outside of the automatic enrollment process, participants may make before-tax or Roth contributions between a minimum of 1% and a maximum of 75 percent of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

For each pay period that a participant makes contributions to the Plan, the Company makes a matching contribution. Matching provisions for participants are 100 percent of the participant's contribution up to 5 percent of eligible compensation for such pay period. In addition, for all pension ineligible participants who are employed on the last day of the Plan year, an additional company contribution will be made in the amount of 2.5 percent of the participant's eligible compensation for the Plan year. The additional company contribution totaled $39,895,086 for the year ended December 31, 2019. Matching contributions for participants that are part of a collectively bargained agreement are in accordance with the respective contract with each bargaining unit. Company matching contributions range from 0 percent to 100 percent of the participant's contribution, based on the participant's union affiliation, for each pay period, up to a maximum of 6 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account earnings, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

Investment Options

All investments, as well as the underlying investments of the stable value common/collective trust and custom funds, are held in the Master Trust as of December 31, 2019 and 2018.

Vesting

Participants vest immediately in their voluntary contributions and actual earnings thereon. All participants who are not collectively bargained participants vest immediately in matching contributions made by the Company for plan years beginning on or after January 1, 2016. Vesting in the Company's matching contributions for collectively bargained participants, profit sharing contributions, additional contributions, and earnings is based on years of service. Generally, a participant's account is fully vested after three years

of credited service or other events, as defined by the Plan. Certain participant accounts transferred into the Plan from merged plans vest over periods exceeding three years.

Forfeitures

Forfeitures of non-vested benefits are used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or, to offset Company matching contributions. Forfeitures of $1,160,378 were used to offset Company contributions by the Plan for the year ended December 31, 2019. Forfeitures of $1,335,930 and $1,059,255 were available for future use at December 31, 2019 and 2018, respectively.

Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service ("IRS") minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, a rollover withdrawal, or upon termination of the Plan without establishment of a successor plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Accounting Pronouncement Adopted

In February 2017, the FASB issued ASU 2017-06, *Employee Benefit Plan Master Trust Reporting*. It is effective for fiscal years beginning after December 15, 2018. The amendments require reporting entities to report a plan's interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. Additionally, the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances, must be disclosed. Lastly, investments measured at fair value must be disaggregated by general type of investment. The Plan adopted this guidance effective January 1, 2019 and applied it retrospectively. The adoption of this guidance did not have a material impact on the Plan's financial statements, but the Plan expanded its disclosure in Note 4 Interest in Master Trust as required by the new ASU.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping, investment advisory, and custodial fees are paid by plan participants and all other expenses are paid by the Plan Sponsor. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment and advisory management fees related to the stable value common/collective trust and the custom funds are paid from the assets of the Master Trust on a quarterly basis. Such fees are recorded as a deduction from the Master Trust's net assets.

Payment of Benefits

Benefit payments are recorded upon distribution.

3. Interest in WestRock Company 401(k) Retirement Savings Plan

Effective January 1, 2016, the Plan entered into the WestRock Company 401(k) Retirement Savings Plan Trust agreement with Great-West who became the custodian of the Master Trust's investments and the Plan's Trustee. The value of the Plan's share of net assets is presented as a single asset and the net investment experience in the Master Trust is presented as a single addition to or deduction from net assets in the accompanying financial statements.

The Master Trust's net assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments and certain administrative expenses) which can be specifically identified, and by allocating among participating plans, in proportion to the fair value of the net assets assigned to each plan, income and expenses resulting from the collective investment of the net assets of the Master Trust.

The Plan does not have an undivided interest in the investments held in the Master Trust since each plan's interest in the investments of the Master Trust is based on the account balances of the participants and their elected investment fund options.

A summary of the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2019 and 2018 is as follows:

	2019		2018

During the year ended December 31, 2019, the Master Trust investment income was comprised of the following:

	2019
Master Trust investment income	
Interest and dividends	**$ 8,234,916**
Net appreciation in fair value of investments	**631,960,939**
Total master trust investment income	**$ 640,195,855**

4. Fair Value Measurements

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2019 and 2018:

Assets at fair value as of December 31, 2019	**Level 1**	**Total**
Mutual funds[(a)]	**$ 185,738,555**	**$ 185,738,555**
Common stocks [(b)]	**416,865,434**	**416,865,434**
Money market funds [(c)]	**3,555,023**	**3,555,023**
Total	**606,159,012**	**606,159,012**
Investment measured at NAV-collective trusts[(d)]		**3,265,697,425**
Total assets at fair value		**$ 3,871,856,437**

Assets at fair value as of December 31, 2018	**Level 1**	**Total**
Mutual funds[(a)]	$ 133,299,679	$ 133,299,679
Common stocks[(b)]	256,794,703	256,794,703
Total	390,094,382	390,094,382
Investment measured at NAV-collective trusts[(d)]		2,467,781,340
Total assets at fair value		$ 2,857,875,722

[(a)] Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

[(b)] Common stocks and American depository receipts are valued using a quoted price in an active market and classified within level 1 of the valuation hierarchy.

[(c)] Money market funds are stated at cost plus accrued interest which approximates fair value.

[(d)] Valued using the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments on these funds as of December 31, 2019 and 2018. Further, these collective trust funds are DFE filers.

The Master Trust invests in a stable value collective trust fund (the "stable value fund") managed by Galliard Capital Management ("GCM"). The stable value fund is comprised primarily of fully-benefit responsive synthetic investment contracts and is valued at net asset value. The net asset value is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) are recorded at the net asset value and may occur daily. If the Plan initiates a full redemption of the stable value fund, GCM reserves the right to acquire 12 months' notification to ensure the securities liquidations will be carried out in an orderly business manner. The balance of the stable value fund was $335,378,194 and $298,837,832 at December 31, 2019 and 2018, respectively.

5. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance for certain investment information as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

See Note 3 for details of certified investments, investment income and net appreciation in fair value of investments.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information certified by Great West to the related information included in the financial statements and supplemental schedule.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated June 29, 2017, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the trustee. Transactions involving these investments qualify as party-in-interest transactions. In addition, the trustee receives investment management fees related to these funds prior to any funds being allocated to investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions

under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

9. Risks and Uncertainties

The Plan invests in various investment securities, including those held by the Master Trust. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of:

December 31,	**2019**	**2018**

11. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statement of Net Assets available for Benefits through October 9, 2020, the date the financial statements were available to be issued. No additional events have occurred that require recognition in the financial statements or disclosure in the notes to the financial statements except as follows:

The effects of the novel strain of coronavirus ("COVID-19") pandemic and the related actions by governments around the world to attempt to contain the spread of the virus have impacted economies and global financial markets. Due to the COVID-19 pandemic, the value of the Plan's investments has been subject to significant volatility. As a result of the uncertainties surrounding COVID-19, the impact on the Plan's liquidity cannot be reasonably estimated at this time.

The Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. Effective April 3, 2020, the Plan adopted the applicable provisions of the CARES Act. As a result of the CARES Act, qualifying participants may take a loan between July 1, 2020 and September 22, 2020 up to $100,000 or 100% of the participant's vested account balance, whichever is less. Participants also have an option to take a distribution up to lessor of $100,000 or 100% of their vested account balance between July 1, 2020 and December 31, 2020. Eligible participants who receive a distribution under the CARES Act are not subject to the early withdrawal penalty.

Effective July 1, 2020, the Plan added the WestRock Company Stock Fund to the investment options. This fund is primarily invested in shares of WestRock common stock and includes a money market fund for liquidity. Employer matching contributions and any additional contributions that the Company elects to make in the form of WestRock common stock will be initially invested in the Stock Fund and participants may transfer to other investment options. Participants may also elect invest their own contributions in the Stock Fund. Participant contributions to the Stock Fund are limited to a 20% allocation to the Stock Fund for future employee contributions and may no longer transfer existing account balances to the Stock Fund at any time the Stock Fund exceeds 20% or more of their total account balance.
