Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BMS 401(k) Retirement Plan ("The Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Life Insurance Company, the insurance company of the Plan, except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the insurance company as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the BMS 401(K) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General: The Plan is a defined contribution plan covering eligible employees of Bankruptcy Management Solutions, Inc., (the "Company"). Excluded employees include union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The insurance company and recordkeeper of the Plan is TransAmerica Life Insurance Company.

Contributions: Participants may contribute 1% to 85% of pre-tax annual compensation, as defined by the Plan. In no event may participants contributions exceed any statutory limits. Participants may also contribute rollover amounts representing distributions from other qualified benefit or contribution plans. Roth elective deferrals are permitted under the Plan. Catch-up contributions for certain eligible participants are also permitted.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the elective deferral.

Participant Accounts: Each participant's account is credited with the participant's voluntary contributions and an allocation of the Company's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon, is as follows:

Years of Service	Cumulative Vesting %
Less than 1	0%
At least 1, but less than 2	33%
At least 2, but less than 3	66%
3 or more	100%

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 4.50%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits: A participant (or beneficiary) may receive the value of his or her vested interest upon hardship, termination of service due to death, disability or retirement. Benefit payments can be received as a lump-sum amount, partial withdrawals, payments over a period in either monthly, quarterly, semi-annual or annual cash installments, or purchase of or providing an annuity.

Forfeitures: Forfeited nonvested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2018, no forfeitures were used to reduce employer contributions and pay Plan expenses. Forfeited nonvested accounts available at December 31, 2018 and 2017 were approximately $6,800 and $2,400 respectively.

Administrative and Investment Management Expenses: Custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Service fees for benefit payments are allocated to the accounts of the participants with the payments. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income. All other expenses of the Plan are paid by the Plan sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared under the accrual basis of accounting generally accepted in the United States of America.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to full benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). See Note 5 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold and held during the year.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2018 may not necessarily be indicative of amounts that could be realized in current market exchange.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires the Plan administrator to makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from estimates.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), an amendment to Fair Market Value Measurement Topic 820. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years.

In July 2015, the FASB issue Accounting Standards Update No. 2015-12 ("ASU 2015-12"), Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or deprecation in fair value of investments by general type; however, plans are also no longer required to disaggregate investments by nature, characteristic, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of the calendar month to measure its investment using the month end closest to its fiscal year end. The amendments are effective for fiscal years beginning after December 15, 2015.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Transamerica Life Insurance Company, the insurance company of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2018, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Pooled separate accounts – Valued at NAV, as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts are comprised of underlying investments such as mutual funds with investment strategies that vary based on fund and include, but are not limited to, equity and bond.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments reported at fair value are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been classified in a fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2018, the investment assets at fair value using the net asset value per share (or its equivalent) as a practical expedient are pooled separate accounts amounting to $9,054,485. As of December 31, 2017, the investment assets at fair value using the net asset value per share (or its equivalent) as a practical expedient are pooled separate accounts amounting to $8,413,494.

NOTE 6 – TRANSAMERICA STABLE VALUE FUND

The Plan entered into a benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company ("Transamerica"). Transamerica maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 – TRANSAMERICA STABLE VALUE FUND (Continued)

Transamerica Stable Value Option	2018	2017
	$942,904	$1,014,072

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The effective annual rate of interest is established prior to January 1st and July 1st for the corresponding six month period. The rate is based on the daily equivalent of the effective annual rate of interest applicable for the six month period. Transamerica may impose a hold for up to a 270-day period if the most recently announced upcoming credited rate has increased or has not changed. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Transamerica may impose up to a 12-month delay period on all withdrawal requests at the plan level. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE 7 – TAX STATUS

The Plan has adopted a Volume Submitter Plan sponsored by Transamerica Retirement Solutions Corporation. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. There, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transamerica Life Insurance Company is the Plan insurance company and, therefore, transactions related to these investments qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2019, the date of the Independent Auditors' Report.
