SIOUX CHIEF 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 And 2018

1. General Information

Description Of The Plan

The following description of the Sioux Chief 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted September 1, 1984, is a defined contribution plan established for the benefit of the employees of Sioux Chief Manufacturing Company, Inc. (the Company or Plan Sponsor). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company are eligible to participate in deferral contributions upon attaining the age of 18 and completing three months of service. Employees of the Company are eligible to participate in discretionary matching and profit-sharing contributions upon attaining the age of 18 and 1 year of service, which must be at least 1,000 hours.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan. The Company has a discretionary match in place. The Company elected to contribute 100% of the participant's deferral to the Plan up to a maximum of 5% of their eligible base compensation for the years ended December 31, 2019 and 2018. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. No such profit-sharing contribution was made in 2019 or 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of (a) the Company discretionary profit-sharing contributions, (b) the Company discretionary matching contribution and (c) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investments

Participants direct their deferral and Company contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Vesting

Participants are immediately vested in their deferral contributions and related investment earnings. Vesting in the Company's matching and profit-sharing contributions and earnings thereon is based on years of continuous service. Participants vest 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service. Participants are also 100% vested when they reach the age of 65 (normal retirement age), when they become totally disabled or upon death.

Forfeitures

Forfeited nonvested account balances are used to pay administrative expenses and reduce Company contributions, as defined by the Plan. During the year ended December 31, 2019, forfeitures in the amount of \$6,311 were used to reduce Company contributions. During the year ended December 31, 2018, forfeitures in the amount of \$4,789 were used to pay administrative expenses and \$27,957 were used to reduce Company contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$61,308 and \$49,942, respectively.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The term of the loans cannot exceed five years, except for a loan that is used to acquire a principal residence. The loans must be adequately secured by the participant's vested account balance and bear interest at a rate of 1% over the prime interest rate. Participants may only have one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Payment Of Benefits

Upon the participant's death, retirement or separation from service, participants with balances over \$5,000 will receive a distribution in the form of a lump sum payment. The Plan will make a mandatory distribution of up to \$5,000 of a participant's vested account balance. Such a distribution will be made immediately following severance from service and is subject to automatic rollover to an IRA specified by the participant.

In-service distributions may be made to a participant who has not separated from service provided the participant has attained the age of 59½.

Participant Hardship Withdrawals

A participant is permitted to withdraw from the Plan a portion of their account in the event of undue financial hardship.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use Of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could vary from those estimates.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in the financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

3. Investments

Financial information related to the Plan's investments as of and for the years ended December 31, 2019 and 2018, including investments, net appreciation (depreciation) in fair value of investments, and interest and dividends, is included in the financial statements and is based on information provided by TD Ameritrade Trust Company for the years ended December 31, 2019 and 2018 and Reliance Trust Company for the year ended December 31, 2018. This information, which has not been audited by the Plan's independent auditors, has been certified as complete and accurate by TD Ameritrade Trust Company and Reliance Trust Company.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are included within Level 1 of the fair value hierarchy.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodology used at December 31, 2019 or 2018.

SIOUX CHIEF 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

5. Income Tax Status

The Plan used a volume submitter plan document sponsored by Versight Inc. through July 31, 2018. Versight Inc. received an opinion letter from the IRS, dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. Effective August 1, 2018, the Plan uses a volume submitter plan document sponsored by ASC Institute LLC. ASC Institute LLC received an opinion letter from the IRS, dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and with certain IRS guidance, which provides that, if certain conditions are met, an employer may rely on a favorable opinion letter issued to a prototype plan sponsor as if the employer had received a favorable determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
