INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Production Resource Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Production Resource Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note D, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

EISNERAMPER

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us, in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Production Resource Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan was adopted on July 1, 1995 and is a defined contribution plan covering all eligible employees in the United States of Production Resource Group, LLC (the "Company" or "Employer"), as defined. The Plan has since been amended to reflect certain provisions, laws, rules and regulations applicable to tax-qualified retirement plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company ("Fidelity").

During 2018, the Plan was amended to 1) remove the age requirement for Plan eligibility, 2) allow the predecessor employer service for employees of entities acquired by the Plan Sponsor in 2018 to count toward eligibility of the Plan and 3) allow participants to elect to have a portion of their deferral contributions to be Roth 401(k) contributions.

During 2019, the Plan was amended to allow 1) for employer nondiscretionary match contribution, 2) allow automatic enrollment for an initial pre-tax deferral contribution of 4% for newly-eligible employees, active participants beginning on July 9, 2019 and each eligible employee having a reemployment commencement date and 3) changing the testing method for the highly compensated employee test.

[2] Eligibility:

All employees age 21 or older (up until February 27, 2018), with no age requirement thereafter and with one year of service who completed at least 1,000 hours, as defined by the Plan, are eligible to participate. A participant must also be employed on the last day of the Plan year to be eligible for an employer discretionary matching contribution. Upon satisfying the eligibility requirements, employees can begin to participate in the Plan on the first day of each month.

[3] Contributions:

Participants in the Plan may make elective contributions of 1% to 60% of their eligible compensation subject to limitations of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2019. Participants may also roll over amounts representing distributions from other qualified benefit plans. The Company may make discretionary matching contributions which will be computed by the Company based on the participant's eligible compensation and deferral contribution to the Plan each Plan year. As of February 1, 2019, the Company began making a non-discretionary employer match of 50% of the participant contributions, up to 4% of the participant's eligible compensation. The Company did not make any employer discretionary match for the years ended December 31, 2019 and 2018. The Plan continues to allow a discretionary match for future Plan years. Each participant account is credited with the participant's contribution and allocations of the Company's discretionary matching contribution and Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant deferral contribution and eligible earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Employee investment options:

Participants direct the investment of their contributions and the Company's contribution into any of the Plan's available investment options. Participants may also elect to transfer all or a portion of the total investment fund balance allocated to their accounts from one fund to another.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Vesting:

Participants are immediately vested in their contributions and any earnings or losses thereon. Vesting in the Company's non-discretionary and discretionary contribution portion of their accounts plus actual earnings or losses thereon, is as follows:

Years of Service	Vesting
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

[6] Forfeitures:

Upon termination of a participant's employment for any reason other than retirement, death or disability, any unvested portion of the Company contribution account will be forfeited and may be used by the Company to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions under the Plan. During the year ended December 31, 2019, activity in the forfeiture account consisted of payment of fees of $50, forfeiture credits of $18,741, reduction of the employer match of $6,738, earnings of $1,252 and other of $1,659. At December 31, 2019 and 2018, $63,512 and $48,648 are in the forfeiture account, respectively.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% of their vested account balance or $50,000, but not less than $1,000. Notes receivable to participants are payable within five years unless the participant is using the proceeds to purchase a principal residence, in which case the repayment period may not extend beyond ten years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (since July 1, 2012). At December 31, 2019, interest rates on the loans ranged from 4.25% to 7.5%. Interest is charged directly to the participant's account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[8] Payment of benefits:

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the vested portion of a participant's account exceeds $1,000, it may remain in the Plan and continue to participate in the Plan investments and provide benefits upon retirement or death or may be paid out in a lump sum. If a participant's vested account balance is less than $1,000, it will be paid out in a single lump sum.

[9] Hardship withdrawals:

In cases of serious financial hardship, as defined, the Plan allows a participant to make hardship withdrawals prior to reaching age 59½, subject to a $500 minimum, in an amount not to exceed their contributions (not earnings thereon) and vested Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation in the value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Unless paid by the Company, all reasonable costs and expenses incurred by the Plan in administering the Plan may be paid from forfeitures. All such costs and expenses, mainly fees related to notes receivables from participants, are charged against the Plan.

[6] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded, which are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018:

	Investment Assets at Fair Value as of December 31, 2019	
	Total	In Active Markets For Identical Assets (Level 1)
Common/collective trust funds*	$ 1,886,065	$ -
Money market funds	1,780,450	1,780,450
Mutual funds	114,371,634	114,371,634
Total investments	$118,038,149	$ 116,152,084

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

	Investment Assets at Fair Value as of December 31, 2018	
	Total	In Active Markets For Identical Assets (Level 1)
Common/collective trust funds*	$ 1,649,153	$ -
Money market funds	1,873,062	1,873,062
Mutual funds	88,668,397	88,668,397
Total investments	$ 92,190,612	$ 90,541,459

*Measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been classified in the fair value hierarchy and is presented to permit reconciliation to the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Withdrawals from the common/collective trust initiated by the Plan Sponsor will normally be provided at contract value as soon as practical, within 12 months following written notice by the trustee. The redemption frequency is daily.

NOTE D - INVESTMENT CERTIFICATION AND INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CRF 2520-103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE E - TAX STATUS

The Plan has adopted a Volume Submitter Plan sponsored by Fidelity Management & Research Company. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority.

NOTE E - TAX STATUS (CONTINUED)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2019 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, and supply chain in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's products. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Company Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE G - EXCESS CONTRIBUTIONS PAYABLE

In 2018, the Plan had an excess contribution of $11,217 that was recorded in the statement of net assets available as of December 31, 2018 and returned to the participants in 2019.

NOTE H - DEEMED DISTRIBUTIONS

As of December 31, 2019, certain Plan participants defaulted on their loan repayments. This was recorded as deemed distributions of participant loans in the amount of $5,331 and is included in benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2019 were $53,221, which consists of $30,602 of investment advisory fees and $22,619 of record keeper fees.

NOTE J - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE K - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2019:

Net increase in assets available for benefits per the financial statements	$ 25,606,127
Less: Excess contribution payable as of December 31, 2018	(11,217)
Add: Excess contributions payable as of December 31, 2019	-
Net increase in assets available for benefits per Form 5500	$ 25,594,910

NOTE M - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2020 the date the financial statements were available to be issued.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions, as well as suspension of required minimum distributions (RMDs) for anyone required to receive an RMD in 2020.

The Company did not elect to implement any of the optional provisions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Production Resource Group 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Production Resource Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note D, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Production Resource Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan was adopted on July 1, 1995 and is a defined contribution plan covering all eligible employees in the United States of Production Resource Group, LLC (the "Company" or "Employer"), as defined. The Plan has since been amended to reflect certain provisions, laws, rules and regulations applicable to tax-qualified retirement plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company ("Fidelity").

During 2018, the Plan was amended to 1) remove the age requirement for Plan eligibility, 2) allow the predecessor employer service for employees of entities acquired by the Plan Sponsor in 2018 to count toward eligibility of the Plan and 3) allow participants to elect to have a portion of their deferral contributions to be Roth 401(k) contributions.

During 2019, the Plan was amended to allow 1) for employer nondiscretionary match contribution, 2) allow automatic enrollment for an initial pre-tax deferral contribution of 4% for newly-eligible employees, active participants beginning on July 9, 2019 and each eligible employee having a reemployment commencement date and 3) changing the testing method for the highly compensated employee test.

[2] Eligibility:

All employees age 21 or older (up until February 27, 2018), with no age requirement thereafter and with one year of service who completed at least 1,000 hours, as defined by the Plan, are eligible to participate. A participant must also be employed on the last day of the Plan year to be eligible for an employer discretionary matching contribution. Upon satisfying the eligibility requirements, employees can begin to participate in the Plan on the first day of each month.

[3] Contributions:

Participants in the Plan may make elective contributions of 1% to 60% of their eligible compensation subject to limitations of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2019. Participants may also roll over amounts representing distributions from other qualified benefit plans. The Company may make discretionary matching contributions which will be computed by the Company based on the participant's eligible compensation and deferral contribution to the Plan each Plan year. As of February 1, 2019, the Company began making a non-discretionary employer match of 50% of the participant contributions, up to 4% of the participant's eligible compensation. The Company did not make any employer discretionary match for the years ended December 31, 2019 and 2018. The Plan continues to allow a discretionary match for future Plan years. Each participant account is credited with the participant's contribution and allocations of the Company's discretionary matching contribution and Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant deferral contribution and eligible earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Employee investment options:

Participants direct the investment of their contributions and the Company's contribution into any of the Plan's available investment options. Participants may also elect to transfer all or a portion of the total investment fund balance allocated to their accounts from one fund to another.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Vesting:

Participants are immediately vested in their contributions and any earnings or losses thereon. Vesting in the Company's non-discretionary and discretionary contribution portion of their accounts plus actual earnings or losses thereon, is as follows:

Years of Service	Vesting
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

[6] Forfeitures:

Upon termination of a participant's employment for any reason other than retirement, death or disability, any unvested portion of the Company contribution account will be forfeited and may be used by the Company to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions under the Plan. During the year ended December 31, 2019, activity in the forfeiture account consisted of payment of fees of $50, forfeiture credits of $18,741, reduction of the employer match of $6,738, earnings of $1,252 and other of $1,659. At December 31, 2019 and 2018, $63,512 and $48,648 are in the forfeiture account, respectively.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% of their vested account balance or $50,000, but not less than $1,000. Notes receivable to participants are payable within five years unless the participant is using the proceeds to purchase a principal residence, in which case the repayment period may not extend beyond ten years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (since July 1, 2012). At December 31, 2019, interest rates on the loans ranged from 4.25% to 7.5%. Interest is charged directly to the participant's account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[8] Payment of benefits:

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the vested portion of a participant's account exceeds $1,000, it may remain in the Plan and continue to participate in the Plan investments and provide benefits upon retirement or death or may be paid out in a lump sum. If a participant's vested account balance is less than $1,000, it will be paid out in a single lump sum.

[9] Hardship withdrawals:

In cases of serious financial hardship, as defined, the Plan allows a participant to make hardship withdrawals prior to reaching age 59½, subject to a $500 minimum, in an amount not to exceed their contributions (not earnings thereon) and vested Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation in the value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Unless paid by the Company, all reasonable costs and expenses incurred by the Plan in administering the Plan may be paid from forfeitures. All such costs and expenses, mainly fees related to notes receivables from participants, are charged against the Plan.

[6] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded, which are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018:

	Investment Assets at Fair Value as of December 31, 2019	
	Total	In Active Markets For Identical Assets (Level 1)
Common/collective trust funds*	$ 1,886,065	$ -
Money market funds	1,780,450	1,780,450
Mutual funds	114,371,634	114,371,634
Total investments	$118,038,149	$ 116,152,084

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

	Investment Assets at Fair Value as of December 31, 2018	
	Total	In Active Markets For Identical Assets (Level 1)
Common/collective trust funds*	$ 1,649,153	$ -
Money market funds	1,873,062	1,873,062
Mutual funds	88,668,397	88,668,397
Total investments	$ 92,190,612	$ 90,541,459

*Measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been classified in the fair value hierarchy and is presented to permit reconciliation to the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Withdrawals from the common/collective trust initiated by the Plan Sponsor will normally be provided at contract value as soon as practical, within 12 months following written notice by the trustee. The redemption frequency is daily.

NOTE D - INVESTMENT CERTIFICATION AND INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CRF 2520-103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE E - TAX STATUS

The Plan has adopted a Volume Submitter Plan sponsored by Fidelity Management & Research Company. On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority.

NOTE E - TAX STATUS (CONTINUED)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2019 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, and supply chain in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's products. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Company Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE G - EXCESS CONTRIBUTIONS PAYABLE

In 2018, the Plan had an excess contribution of $11,217 that was recorded in the statement of net assets available as of December 31, 2018 and returned to the participants in 2019.

NOTE H - DEEMED DISTRIBUTIONS

As of December 31, 2019, certain Plan participants defaulted on their loan repayments. This was recorded as deemed distributions of participant loans in the amount of $5,331 and is included in benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2019 were $53,221, which consists of $30,602 of investment advisory fees and $22,619 of record keeper fees.

NOTE J - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE K - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2019:

Net increase in assets available for benefits per the financial statements	$ 25,606,127
Less: Excess contribution payable as of December 31, 2018	(11,217)
Add: Excess contributions payable as of December 31, 2019	-
Net increase in assets available for benefits per Form 5500	$ 25,594,910

NOTE M - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2020 the date the financial statements were available to be issued.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions, as well as suspension of required minimum distributions (RMDs) for anyone required to receive an RMD in 2020.

The Company did not elect to implement any of the optional provisions.
