Effective October 1, 2019, the Company amended and restated the Plan to provide for discretionary matching contributions and participant loans. The matching contribution is equal to 25% of the first 4% of compensation that an eligible participant contributes to the Plan as an elective deferral for the period from October 1, 2019 to December 31, 2019, and for each subsequent Plan year.

At December 31, 2019 and 2018, the Plan recorded a liability of $35,987 and $24,874 respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with: (1) the participant's contributions, (2) an allocation of the Company's discretionary contributions, and (3) an allocation of Plan earnings (losses). Deductions are made from the participant's account for a pro rata share of administrative expenses and any benefit payments, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 **Description of the Plan - Continued**

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the employer discretionary and matching contributions based on the vesting schedule below:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, disability, death, in-service, provided the participant has attained age 59½, and termination benefits for those participants who are eligible to receive such benefits.

Upon termination of service, a participant may elect to receive a lump-sum amount, periodic payments or a partial withdrawal equal to the value of his or her account.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested account balances are used to pay Plan administrative expenses or to reduce future employer matching contributions. At December 31, 2019, forfeited non-vested accounts totaled $13.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance; or (b) $50,000 reduced by the excess of the highest outstanding loan balance in the previous 12 months. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. Participants may not have more than one loan outstanding at any given time. Loans are to be repaid over a period not to exceed five years, or ten years for the purchase of a primary residence.

Administrative Expenses
The Plan's administrative expenses are paid by either the Plan or the Company.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared using the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 12, 2020, the date that the financial statements were available to be issued.

Notes Receivable from Participants
Notes receivable from participants (participant loans) are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. There were no participant loans outstanding as of December 31, 2019.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Note 3 **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Note 3 **Investment Valuation and Income Recognition - Continued**

Common/Collective Trust Fund: The investment is valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

eHealth Preferred Stock – Series A: At December 31, 2018, valued based on the sale price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2019	
	Level 1	**Total**
Registered Investment Companies	**$ 3,723,821**	**$ 3,723,821**
Investment Measured at NAV as a Practical Expedient (a)	**-**	**12,925**
Total Investments, at Fair Value	**$ 3,723,821**	**$ 3,736,746**

	Investments at Fair Value as of December 31, 2018		
	Level 1	**Level 3**	**Total**
Registered Investment Companies	$ 1,919,028	$ -	$ 1,919,028
eHealth Preferred Stock - Series A	-	2,007,419	2,007,419
Total Investments, at Fair Value	$ 1,919,028	$ 2,007,419	$ 3,926,447

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **eHealth Preferred Stock Series A**

In March 2019, the Plan Sponsor consummated and closed a business transaction whereby its outstanding capital stock was acquired under the terms of a stock purchase agreement for a sum of cash, adjusted for minimum working capital. As a result of the business transaction, the shares of eHealth Preferred stock - Series A that were held in the Plan, which totaled 144,315 shares as of December 31, 2018, were liquidated in exchange for cash. The proceeds from the liquidation were initially rolled into the Plan and then at the direction of individual Plan Participants, rolled out into either other retirement plans or re-invested into other investment securities within the Plan.

Note 5 **Party-in-Interest Transactions**

Certain of the Plan's investments in registered investment companies are managed by American Funds, an entity related to Capital Bank and Trust Company (Capital Bank). Capital Bank is the custodian of the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions.

Note 6 **Certified Information**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018 (excluding eHealth Preferred Stock Series A as of December 31, 2018), the schedule of assets (held at end of year) as of December 31, 2019, and the investment income (excluding unrealized gains of $13,282 on eHealth Preferred Stock Series A) and interest and dividend income reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts and all of the Plan assets would be distributed to participants.

Note 8 **Tax Status**

The Plan adopted an individually designed plan document. The Plan has received an opinion letter from the Internal Revenue Service, dated February 28, 2017, as to the Plan's qualified status. The Plan has been amended since the Plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Note 8 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 **Subsequent Events**

Investment Volatility
In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and, therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

CARES Act
On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by the coronavirus, as defined in the CARES Act.

The following is a summary of the main provisions adopted by the Plan:

- Qualified individuals are permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distribution within three years and not be subjects to tax as a result.

- Participant loan limit is temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase is permitted for loans granted from March 27, 2020 through September 23, 2020.

- Repayments of loans due between March 27, 2020 and December 31, 2020 may be deferred until December 31, 2020 upon participant request.

- Required minimum distributions for calendar year 2020 are waived for retired and retirement aged individuals.
