NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Basis of Presentation

The accompanying financial statements of AvAirPros Services, Inc. 401(k) Plan (the Plan) have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date.

Purchases and sales are recorded on the trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit loss has been recorded as of December 31, 2019 and 2018.

4. Participant Direction of Investments

Subject to the provisions of the Plan, a participant has the right to direct the investments of the balance in their accounts in the specific investment funds made available by the Plan administrator. At December 31, 2019 and 2018 all investments are participant directed.

5. Payments of Benefits

Benefits are recorded when paid.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

6. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are reported as a liability with a corresponding reduction to contributions. There was no excess contribution payable for the year ended December 31, 2019. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of AvAirPros Services, Inc. (the Employer). An employee is eligible for participation upon attaining 21 years of age and completion 6 months of service with 1 hour of service during that time. An eligible employee may become a participant on the next entrance date, which is the first day of the month following the date the eligibility requirements are satisfied.

The Employer is responsible for appointing an administrator and trustees for the Plan. The trustees have discretionary powers in executing investment transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is responsible for investment management fees and costs of the Plan administration to the extent not paid by the Employer.

2. Contributions

The Plan allows participants to contribute up to 100% of their eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans.

NOTE B – DESCRIPTION OF THE PLAN - CONTINUED

All matching contributions are determined at the discretion of the Employer. The Employer is not allowed to make contributions outside of matching contributions. Employer matching contributions, when made, will be made to all participants that have completed 1000 hours of service during the Plan year, as amended. Prior to January 1, 2019, the Plan also required participants to be employed on the last day of the Plan year in order to share in the Employer's contribution for that period.

3. Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's discretionary matching contribution and (b) investment income (loss) earned on investments less an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined.

Changes in a participant's deferral percentage for future contributions may be made monthly during the Plan year. Reallocation of participant investment accounts among the investment options may be made at any time during the Plan year.

4. Vesting

Participants immediately vest in their contributions plus earnings thereon. Effective January 1, 2019, participants vest in Employer matching contributions plus earnings thereon at a rate of 20% after two years of service, plus an additional 20% for each additional year of service, becoming 100% vested after 6 years of service. Prior to January 1, 2019, participants vested in Employer matching contributions plus earnings thereon at a rate of 20% after two years of service, 80% after three years of service, and 100% after four years of service. A participant is 100% vested due to reaching normal retirement age, death or disability.

5. Payment of Benefits

Upon termination of service due to death, disability, or retirement, or termination of employment, a participant may receive a lump sum distribution or installment payments equal to the participant's vested account balance. In service distributions are allowed for participants at attainment of age 59 ½. Participants with balances of $5,000 or less are subject to involuntary lump sum distributions.

NOTE B – DESCRIPTION OF THE PLAN - CONTINUED

6. Notes Receivable from Participants

Notes receivable to participants are permitted up to the lesser of one-half of their vested balance or a maximum of $50,000 for each participant. The minimum loan amount is $1,000. The maximum number of outstanding loans is one. The interest rate on the loans is the prime rate plus 2%. Loans must be repaid within 5 years unless the loan is used for the purchase of the participant's primary residence. Loans used for the purchase of a participant's primary residence must be repaid within a period of no more than 30 years. The loans are secured by the participant's account. Principal and interest are paid ratably through payroll deductions.

7. Forfeited Accounts

As of December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $34,000 and $6,900, respectively. The Plan may use forfeitures to offset Plan expenses and Employer contributions at their discretion. The Plan did not use any forfeitures during 2019.

8. Risks and Uncertainties

The Plan is comprised of investments in a combination of investment securities. Investment securities are exposed to various risks, such as interest, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE C – INFORMATION CERTIFIED BY THE CUSTODIAN

The custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

1. Net assets available for benefits as of December 31, 2019 and 2018, as they relate to cash, investments, and notes receivable from participants held by the custodian.

2. Changes in net assets available for benefits for the year ended December 31, 2019, as they relate to investments and notes receivable from participants held by the custodian.

3. Assets held for investment purposes as of December 31, 2019, as they relate to investments and notes receivable from participants held by the custodian.

NOTE D – FAIR VALUE MEASUREMENTS - CONTINUED

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the net asset value (NAV) as a practical expedient to fair value of the units held by the plan at year-end.

NOTE D – FAIR VALUE MEASUREMENTS - CONTINUED

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no Plan investments at fair value that require tabular disclosure by level, within the fair value hierarchy, as the investments, at fair value, are all measured at NAV as a practical expedient to fair value as of December 31, 2019 and 2018.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share as a practical expedient (or its equivalent) as of December 31, 2019 and 2018:

	Fair Value Estimated Using NAV Per Share as a Practical Expedient				
	Fair Value		Unfunded	Redemption	Redemption Notice
Investment Type	2019	2018	Commitments	Frequency	Period
Pooled separate accounts	$ 10,917,465	$ 8,690,785	-	Immediate	None

The Plan assesses the levels of investments at each measurement date, and transfers between fair value hierarchy levels are recognized by the Plan on the actual date of the event or change in circumstances that caused the transfer. There were no transfers among the levels for the year ended December 31, 2019.

The market volatility of equity-based investments can substantially impact the value of such investments at any given time. It is possible the value of the Plan's investments, both in total and in individual participant accounts, has declined since December 31, 2019.

NOTE E – FEDERAL INCOME TAXES

Effective January 1, 2019, the Plan has adopted the Volume Submitter 401k Profit Sharing Plan with CODA of KB Pension Services, Inc. The volume submitter sponsor obtained its latest advisory letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Plan had adopted the Volume Submitter 401k Profit Sharing Plan of The Pension Studio, LLC. prior to January 1, 2019. There are no reconcilable differences between the financial statements and the Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

NOTE E – FEDERAL INCOME TAXES - CONTINUED

The Plan's policy is to evaluate the likelihood that any uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

John Hancock Life Insurance Company (U.S.A.) is the custodian and recordkeeper of the Plan, holds the Plan's investments, and executes transactions. KB Pension Services, Inc. is the third party administrator. Merrill Lynch is the Plan advisor.

NOTE G – ADMINISTRATIVE EXPENSES

The Plan pays administrative expenses that consist primarily of administrative fees to the custodian. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the employer on behalf of the Plan.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to reduce, suspend, or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I – PLAN RESTATEMENT

Effective January 1, 2019, the Plan was restated to modify the vesting schedule so that participants vest in Employer matching contributions plus earnings thereon at a rate of 20% after two years of service, plus an additional 20% for each additional year of service, becoming 100% vested after 6 years of service. The plan also removed the provision requiring participants to be employed on the last day of the plan year in order to share in the Employer's contribution.

NOTE J – SUBSEQUENT EVENTS

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to Plan administrations and recordkeeping.

NOTE J – SUBSEQUENT EVENTS - CONTINUED

The COVID-19 outbreak in the US has caused business disruptions through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Plan was amended and restated effective January 1, 2020 to remove the discretionary Employer matching contribution and replace it with a safe harbor matching contribution provision.

The Plan has evaluated subsequent events through October 12, 2020, the date which the financial statements were available to be issued.
