Note 1 - Description of Plan

General

The Berkeley Eye Center 401(k) Plan (the "Plan"), which was established January 1, 1997 and restated on April 15, 2011, is a defined contribution plan covering all of the eligible employees of Berkeley Eye Center (the "Company", or "Plan Sponsor"). The Plan is a qualified plan as defined by Section 401 (a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility

From January 1, 2011 through April 14, 2011, employees of the Company who were at least 18 years of age were eligible to participate in the Plan following completion of three months of service. Upon eligibility, employees were allowed to enter the Plan on January 1 or July 1. Effective April 15, 2011, the Plan was amended, allowing for employees of the company who are at least 18 years of age to participate in the Plan, generally following completion of two consecutive months of service. Upon eligibility, employees are allowed to enter the Plan on the first day of each month. The Plan was amended again effective April 30, 2016 with provisions similar to the prior plan except as stated below.

Contributions

Employees may elect to contribute a portion of their eligible compensation to the Plan and may direct their contributions to various investment alternatives. Contributions for employees are limited in any calendar year to an amount which is adjusted annually by the Internal Revenue Service. Participants may also contribute amounts representing distributions transferred from certain other qualified plans. The Company made no matching contributions for 2019 and 2018. Effective May 1, 2016, the plan added a provision whereby all newly eligible employees are automatically enrolled in the plan (1) with a deferral rate set at 3% of eligible compensation, unless they affirmatively elect not to participate or to change this deferral amount, and (2) with permissible withdrawals for all newly hired employees on or after May 1, 2016.

Notes receivable from participants

Participants may borrow up to 50% of the vested balance in their account, limited to $50,000, and subject to a minimum loan amount of $1,000. Notes receivable bear interest at reasonable rates and are secured by the participant's vested account balance. Notes receivable are valued at amortized cost, which approximates fair value. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of Plan, continued

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and earnings or loss from investment of the contributions. Income for each of the investment directives is allocated to the participants' accounts on a daily basis and is based on the relative units of participation as well as other factors related to eligibility. Employer contributions, if any, are allocated as a uniform percentage of compensation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

All participant contributions vest immediately. Company contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Participants may elect to receive distributions in a lump sum, or in installments. The normal retirement age under the Plan is 65; however, benefits may be distributed during employment under hardship provisions. Additionally, participants who have attained the age of 59 ½ may withdraw benefits prior to termination of employment. If death or permanent disability occurs during employment, an employee's entire account balance becomes fully vested. Separating participants may elect to rollover their account into another plan, as permitted by Internal Revenue Service regulations.

Forfeitures

Forfeitures may occur in the plan year that a participant receives a distribution of his or her entire vested account.

Forfeitures retained in the Plan are first used to reduce plan expenses and then to reduce the Company's matching contributions. There were no significant forfeitures during the current plan year.

Note 1 - Description of Plan, continued

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Investments

The Plan's investments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis.

Basis of Accounting

The financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America. Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 12, 2020 which is the date the financial statements were available to be issued.

Note 3 – Tax Status

The Plan received its latest determination letters on September 30, 2014 for the current plan and March 1, 2008 for the prior plan, stating that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since receiving the latest.

Note 3 – Tax Status, continued

determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements

Note 4 – Uncertain Tax Positions

The Plan did not have unrecognized tax benefits as of December 31, 2019 and does not expect this to change significantly over the next twelve months. Therefore, as of December 31, 2019, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan remains subject to income tax examination for tax years 2012 and beyond.

Note 5 – Related Party Transactions

The Plan invests in mutual funds that are managed by BOKF, NA dba Bank of Oklahoma, custodian for the Plan. During the year ended December 31, 2019, the Plan paid the custodian $19,629.

Note 6 – Risks and Uncertainties

Plan participants make choices regarding their investment securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

Note 7 - Information Certified by the Trustee (unaudited)

At December 31, 2019 and 2018, the Plan's investments were held by Bank of Texas, a banking division of BOKF, NA (the "Trustee"). Among other duties, BOKF, NA receives contributions, invests plan assets, collects income, and makes distributions as directed.

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018

Note 7 - Information Certified by the Trustee (unaudited), continued

- Net appreciation (depreciation) in fair value of investments and interest and dividends as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019
- Information contained in the Schedule of Assets Held for Investments at December 31, 2019, as shown on the attached schedule

The Plan's investments are available for sale. The net appreciation (depreciation) in fair value for investments (including realized gains and losses on investments bought and sold, as well as held during the year) as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2019 was $1,555,601. This figure includes a realized gain of $359,338 for the year ended December 31, 2019.

Note 8 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements:

	December 31, 2019	December 31, 2018
Net assets available for benefits - Form 5500	$ 9,122,181	$ 7,338,734
Accrual for refund of excess contributions payable and rounding	(42,583)	(82,010)
Net assets available for benefits - financial statements	$ 9,079,598	$ 7,256,724

	December 31, 2019
Net decrease in net assets available for benefits - Form 5500	$ 1,783,447
Add accrual for prior year refund of excess contribution payable	82,010
Less accrual for current year refund of excess contributions payable	(42,583)
Net decrease in net assets available for benefits - financial statements	$ 1,822,874

Note 9 - Fair Value of Financial Instruments

The Plan's investments are reported at fair value in the accompanying financial statements:

	Total	Level 1
December 31, 2019		
Money market accounts	$ 210,765	$ 210,765
Registered investment companies (mutual funds)	3,830,737	3,830,737
Total investment in the fair value hierarchy	4,041,502	4,041,502
Collective investment trust	4,898,203	0
Investment at fair value	$ 8,939,705	$ 4,041,502
December 31, 2018		
Money market accounts	$ 184,780	$ 184,780
Registered investment companies (mutual funds)	2,631,489	2,631,489
Total investment in the fair value hierarchy	2,816,269	2,816,269
Collective investment trust	4,392,233	0
Investment at fair value	$ 7,208,502	$ 2,816,269

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3").

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date;

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in either active or inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are those that are unobservable inputs for the asset or liability.

Note 9 - Fair Value of Financial Instruments (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented. The plan's policy is to recognize transfers between Levels 1 and 2 as of the date of the transfer. Money market accounts which were previously listed as cash are now grouped with investments to comply with the current presentation.

Mutual Funds:

The fair value of mutual funds is based on quoted prices in active markets of the shares held by the Plan at year end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Collective Investment Trusts:

Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the hierarchy in accordance with Accounting Standards Codification Subtopic 820-10. Redemptions are transacted at the net asset value of the funds as determined by the close of business each day and there are no restrictions on redemptions.

Note 10 – Excess Contributions Payable

At December 31, 2019 and 2018, the financial statements reflect $42,583 and $82,011 as excess contributions payable. These amounts of corrective distributions are required to satisfy nondiscrimination testing.

Note 11 - Subsequent Events

On January 30, 2020 the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "Covid-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point or origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and volatility in financial markets. As a result, the Plan's investment portfolio incurred a significant decline in fair value after December 31, 2019, some of which has since been recovered. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and the related impact on the Plan's investment liquidity cannot be determined at this time.
