CLEVELAND STEEL CONTAINER CORP. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cleveland Steel Container Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Cleveland Steel Container Corporation and subsidiaries (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: To be eligible to participate in the Plan an employee must be 21 years of age or older, have completed at least 6 months of service, and not be a non-resident alien, covered by a collective bargaining agreement with the Company, or a leased employee. The Plan allows for quarterly entry dates upon meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax contributions and after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation for the Plan year, subject to IRS limitations. If an employee does not make a voluntary deferral election upon meeting the eligibility requirements, they will be automatically enrolled in the Plan at 6% of their compensation, unless an election is made not to participate or to contribute a different amount. Bonuses automatically defer at the same elected salary deferral rate or participants may elect to defer up to 85% of their bonus to the Plan. Plan participants who have attained age 50 before the end of the Plan year are allowed to make pre-tax and Roth catch-up contributions (\$6,000 in 2019). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Profit sharing contributions may be made at the discretion of the Company each Plan year. In 2019, the profit sharing contribution for participating employees is 4% of eligible compensation for hourly employees and 6% for salaried employees. The Employer may also elect to make non-elective discretionary contributions to the Plan on behalf of all qualified participants. No non-elective discretionary contributions were made in 2019.

Employer contributions, if any, for eligible participants are funded once annually, generally in March of the following year, and are reflected as an employer contribution receivable in the accompanying statements of net assets available for benefits.

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of (a) the Company's contributions, if any, and (b) plan earnings, and is charged with an allocation of the Plan's administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. The participant's portion of Company contributions adhere to a three-year cliff-vesting schedule.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. In case of hardship, a participant may apply for a distribution described in the Plan agreement. Lump-sum distributions are required if the vested balance, excluding rollover contributions, is \$5,000 or less. Actively employed participants may begin receiving distributions at age 59½.

Participant notes receivable: The Plan allows participants to obtain a loan from the Plan. Loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; and, the loan is secured by the participant's entire account balance or by other collateral agreed to by the trustee. Loans will be charged interest at a rate comparable to the rate charged by a commercial lender for a similar loan at the date of issuance.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off as deemed distributions when deemed uncollectible.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan or the Company at the Company's discretion.

Forfeitures: Employer contributions may be forfeited by participants who terminate employment prior to meeting the years of service requirement described above. These forfeitures may be used by the Plan to pay administrative expenses or to reduce the amount of future employer contributions payable to the Plan. Forfeited non-vested accounts totaled \$8,069 and \$18,769 at December 31, 2019 and 2018, respectively. In 2019, employer profit sharing contributions were reduced from forfeited non-vested accounts by \$8,496.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 2, 2020, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,962,959	\$ -	\$ -	\$ 38,962,959
Investments at fair value	<u>\$ 38,962,959</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,962,959</u>

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,916,181	\$ -	\$ -	\$ 30,916,181
Investments at fair value	<u>\$ 30,916,181</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,916,181</u>

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2019 and 2018.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds traditional guaranteed investment contracts through its investment in the MassMutual Life Insurance Company separate account guaranteed interest account SAGIC Diversified II Investment Option (“SAGIC”), a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants’ accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. The SAGIC meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan’s investment contract totals \$2,693,748 and \$2,348,518 at December 31, 2019 and 2018, respectively.

The traditional investment contracts held by the Plan through the SAGIC investment option are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which may not be less than zero percent, is based upon contract provisions and is reset quarterly. The average yield earned by the Plan for the benefit responsive fund, which can be derived by dividing the annual interest credited to the participants during the year by the average annual fair value, is 3.01% and 3.11% during 2019 and 2018, respectively. In 2019, the crediting rate ranged from 2.90% to 3.25%. The contract can be terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	December 31,	
	2019	2018
Net assets available for benefits:		
Investments, at fair value	\$ 38,962,959	\$ 30,916,181
Investments, at contract value	2,693,748	2,348,518
Participant notes receivable	685,390	711,627
	<u>\$ 42,342,097</u>	<u>\$ 33,976,326</u>
Additions to net assets:		
Net appreciation in fair value of investments	\$ 6,106,572	
Interest and dividends	1,326,860	
Interest income on participant notes receivable	40,349	

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

The Plan's SAGIC Investment Option is held under a MassMutual group annuity contract. MassMutual has title to the assets held under the group annuity contract which invests those assets solely in a MassMutual separate investment account. Therefore, these transactions qualify as party-in-interest transactions. Additionally, MassMutual provides all recordkeeping services to the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 10 – SUBSEQUENT EVENT

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. While the financial markets have significantly recovered as of the date of this report, the future stability and volatility of the financial markets cannot be reasonably estimated at this time.
