Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE A - DESCRIPTION OF PLAN

The following description of Dr. Leonard's Healthcare Corp. (the "Company") Profit Sharing 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan and its provisions can be found in the Plan document.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed at least six months of service and who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may elect to contribute up to 100% of their annual gross compensation, subject to limitations as provided in the Internal Revenue Code (the "IRC"). The Company may contribute, at its discretion, a matching contribution. Additional profit-sharing amounts may be contributed at the discretion of the Company. Such Company matching and profit-sharing contributions are invested proportionately in the same investments as the employee contributions. The Company paid matching contributions of 50% of the first 4% of participant deferrals in 2019. No profit sharing contributions were made to the Plan in 2019.

Participant Accounts

Each participant's account is credited with contributions and Plan earnings or losses net of expenses. Discretionary matching contributions made by the Company are allocated ratably to the Participant's investments. The discretionary profit-sharing contributions are based on the ratio of each participant's compensation to the total compensation of all participants for any given year. Participants direct the investment of their accounts into the various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in the Company's discretionary matching as well as profit sharing contribution portion of participant accounts plus earnings thereon is based on years of continuous service. Employer matching and profit sharing contributions vest ratably over the first five years of credited service and is 100% vested thereafter.

Notes Receivable from Participants

Participants may borrow from their account. The minimum loan amount is \$1,000. Participants with an outstanding loan may not apply for another loan until the existing loan is paid in full. The total amount of a participant's borrowing cannot exceed the lesser of \$50,000 or one-half of the total vested portion of the participant's account at the time of the loan. Participants may take a thirty-year loan on a primary residence. All other loans are for a period not exceeding five years. Loans bear interest at the fixed rate of prime on the date of the loan request plus one percent (1%). The interest rate on participant loans outstanding at December 31, 2019 and 2018 ranged from 4.25% to 6.50% and 4.25% to 6.25%, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

Benefits Paid to Participants

Upon termination of service due to death, disability or normal retirement, a participant is considered fully vested and receives a lump-sum amount equal to the total value of his or her account as of the most recent valuation date. For termination of service for other reasons, a participant receives the value of the vested interest in his or her account as a lump-sum distribution as of the most recent valuation date. Participants whose value of the vested interest in the account is \$5,000 or less are required to receive a distribution of the vested interest as soon as reasonably practicable following termination.

Forfeited Accounts

Amounts that are forfeited during a Plan year are used to reduce future Company contributions to the Plan or to pay Plan expenses, as directed by the Plan administrator. At December 31, 2019 and 2018, unallocated forfeited balances totaled \$23,998 and \$22,972, respectively. No forfeitures were used during 2019.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee, which is made up of certain members of the Company's management, determines the Plan's valuation policies utilizing information provided by the investment adviser, trustee and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

Administrative Expenses

Certain administrative expenses relating to the maintenance of the Plan, including legal and accounting fees, have been paid by the Company and are excluded from these financial statements. Fees related to the processing of notes receivable from participants are \$125 regardless of the amount loaned. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual fund: Valued at the closing price reported on the active market on which the security is traded.

Pooled separate accounts: Fair value is measured using the net asset value ("NAV"), as a practical expedient to fair value per unit based on the fair value of the respective funds underlying investments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a separate account guaranteed investment contract ("SAGIC") with Mass Mutual. The fair value of the guaranteed investment contract is based on the NAV of the underlying separate account in which the SAGIC is invested.

The SAGIC utilizes the underlying separate account as an investment vehicle. The separate account supporting the SAGIC is the Premier Diversified Bond Fund. The Plan holds units participating in the underlying separate account which are valued at NAV. The underlying separate account invests primarily in bonds seeking to achieve high total returns consistent with prudent investment risk and the preservation of capital by investing in a diversified portfolio of investment grade fixed income securities. There are no redemption restrictions or unfunded commitments associated with any of the underlying funds. The balance of the funds may be redeemed immediately.

The SAGIC is part of Mass Mutual's general account as described in the group annuity contract held by the Plan and the term "Fixed Interest Fund" is the designation used in the group annuity contract to identify the fund account. The account provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The market value is based on the value of the underlying separate account(s) in which the SAGIC is invested and the amount of daily units of participation the Plan holds in the underlying separate account(s). The separate account(s) invest in actively traded mutual funds and transact at their daily contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a special interest rate that is guaranteed in the Plan.

Mass Mutual maintains the contributions in a general account. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value, however, there is a possible market value adjustment for transfers to other investment options from the guaranteed accounts. Mass Mutual considers the SAGIC to be fully benefit-responsive notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include, but are not limited to, the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Administrator or other Plan Administrator events which cause a significant withdrawal from the Plan, (3) changes to the Plan's prohibition on competing investment options or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan believes that the occurrence of any event limiting the Plan's ability to transact at contract value with members is not probable.

NOTE E - CERTIFIED INFORMATION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as instructed by the Plan administrator, no audit procedures have been performed on certain information certified by Mass Mutual Life Insurance Company (an insurance entity) and Reliance Trust Company (a trustee of the Plan) as of and for the years ended December 31, 2019 and 2018, except to compare such information to the information included in the accompanying financial statements and supplemental schedule. Information certified by the custodian and trustee includes investments at fair value, investments at contract value, and notes receivable from participants included in the statements of net assets available for benefits, net appreciation in fair value, interest income on notes receivable from participants and interest and dividends included in net investment income on the statement of changes in net assets available for benefits and all information regarding investments included in Schedule H, Line 4i – schedule of assets (held at end of year).

Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

NOTE F - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all employer contributions.

NOTE G - TAX STATUS

The Plan has adopted a volume submitter plan document sponsored by Mass Mutual that is intended to meet the requirements of the IRC, Section 401(a). Mass Mutual received an opinion from the IRS, dated March 31, 2014, which states the volume submitter document satisfies the provisions of Section 401 of the IRC. Plan management believes the Plan is being operated in compliance, in all material respects, with the applicable requirement of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt under IRC Section 401(a).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts and guaranteed investment contract managed by Mass Mutual Financial Services and Massachusetts Mutual Life Insurance Company.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2019 financial statements for subsequent events through October 13, 2020, the date the financial statements were available to be issued.

The novel coronavirus ("COVID-19"), which was declared a global health emergency in January 2020 and a pandemic in March 2020, has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. The full impact of COVID-19 continues to evolve rapidly and its future impact on the Plan and the Plan's assets cannot be reasonably estimated as of the date of this report.

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. Effective April 30, 2020, the Plan adopted certain CARES Act provisions. As a result, qualifying participants may take a loan up to \$100,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of the participant's vested account balance, whichever is less, through September 23, 2020 (or, if extensions are issued through subsequent regulatory guidance, the applicable future date). Also, effective April 30, 2020, the Plan adopted the CARES Act provision permitting qualifying participants to take a coronavirus-related distribution ("CRD") of up to \$100,000 or 100% of their vested balance, whichever is less, until December 31, 2020. Eligible participants who receive a CRD will not be subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Participants may repay all or a portion of the amount distributed as a CRD. Such CRD repayments will be treated as a direct rollover and the Plan will accept such repayments for up to three years after the date the CRD was received by the participant. The full impact of the CARES Act provisions is unknown at this time.

Subsequent to December 31, 2019 the Plan's Trustee changed to Principal Trust Company.

The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
