PREMIER HEALTH CONSULTANTS, LLC RETIREMENT SAVINGS PLAN
BATON ROUGE, LOUISIANA

NOTES TO FINANCIAL STATEMENTS

1) Description of the Plan

The following description of the Premier Health Consultants, LLC Retirement Savings Plan (formerly known as the Convenient Care, LLC Retirement Savings Plan) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Premier Health Consultants, LLC, Freedom Urgent Care, and Indiana Urgent Care Physician Group, LLC (collectively, the Company or the Employer).

Under the provisions of the Plan, employees who have completed three consecutive months of employment and have attained 21 years of age are eligible to participate in the Plan. If three consecutive months of employment are not attained, the employee will be eligible to participate in the Plan upon one year (1,000 hours) of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees electing to participate in their Plan may contribute up to 80% of their compensation to the Plan, not to exceed the maximum allowable amount under the Internal Revenue Code. Employees who have attained the age of 50 before the end of the plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan provides for a safe harbor contribution of 3% of eligible compensation. The Company may also provide discretionary match and profit sharing contributions for eligible employees that have completed one year of service. For the year ended December 31, 2019, there were no discretionary matching or profit sharing contributions made by the Company. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company’s contributions as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participants are charged with an allocation of administrative expenses that are charged to the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

1) Description of the Plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that ranged from 4.50 percent to 6.50, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions and qualified Employer contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on the following vesting schedule:

Years of Service	Percentage
Less than 2	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or periodic installments over various periods stipulated in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeitures

At December 31, 2019 and 2018, the balance in the forfeited nonvested account totaled $7,298 and $20,310, respectively. These accounts will be used to reduce future Employer contributions and reduce fees paid by the Plan. During the year ended December 31, 2019, fees were reduced by approximately $14,200 from forfeited nonvested accounts.

2) Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2) Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at either December 31, 2019 or 2018. If a participant does not to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment in accordance with the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as recordkeeping and investment advisory services are allocated to participants. Investment-related expenses are included in net appreciation in fair value of investments.

3) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement which is determined using model-based techniques such as option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Mutual funds / money market account: valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Level 1	Level 2	Level 3	Total
December 31, 2019:				
Money market account	$ 7,298	$ -	$ -	$ 7,298
Mutual funds	17,679,536	-	-	17,679,536
Total assets at fair value	$ 17,686,834	$ -	$ -	$ 17,686,834
December 31, 2018:				
Money market account	$ 20,310	$ -	$ -	$ 20,310
Mutual funds	13,368,661	-	-	13,368,661
Total assets at fair value	$ 13,388,971	$ -	$ -	$ 13,388,971

4) Investment contract with insurance company

The Plan entered into a fully benefit-responsive guaranteed investment contract with the Nationwide Life Insurance Company which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate, which is based on a formula established by the contract issuer, is reviewed on a quarterly basis for resetting (2.25% at both December 31, 2019 and 2018). The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4) Investment contract with insurance company (continued)

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at the contract value with participants are probable of occurring.

In addition, certain events could allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without consent of the issuer.

5) Income tax status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code and is exempt from income taxes under Section 401(a) of the Internal Revenue Code (IRC). The Plan has executed an adoption agreement using the Nationwide Trust Company Non-standardized Profit Sharing Plan and relies on the determination letter dated March 31, 2014, issued for the standard plan. The plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability nor disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their portion of the Employer contributions.

NOTES TO FINANCIAL STATEMENTS

7) Related party transactions

The Plan invests in securities managed by the Nationwide Trust Company and the Nationwide Life Insurance Company, the custodians, or their affiliates. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The Plan pays administrative fees to the Nationwide Trust Company and its affiliates which totaled $89,301 for the year ended December 31, 2019, and are included in the statement of changes in net assets available for benefits.

8) Risks and uncertainties

The Plan invests in various securities managed by the custodians. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) Information prepared and certified by the custodians

Pursuant to 29 CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to investment assets, investment transactions, investment earnings, and the schedule of assets (held at end of year) was certified as complete and accurate by the Nationwide Trust Company and the Nationwide Life Insurance Company, the custodians, as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

10) Subsequent event

Management has evaluated events through the date that the financial statements were available to be issued, October 9, 2020, and determined that the following matter required additional disclosure in the financial statements. No other events occurring after this date have been evaluated for inclusion in these financial statements.

In March, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States. The COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption of financial markets. The extent of the impact of the COVID-19 outbreak, if any, on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be reasonably estimated.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), an aids package designed to help the economy as it suffers from the effects of the COVID-19 pandemic. The CARES Act contains several provisions that affect employee benefit plans beginning in 2020, including temporary suspensions on limitations or expanded provisions related to hardship distributions, required minimum distributions, and participant loans.
