NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Sunroad Enterprises Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan, which became effective in July 1986, is sponsored by Sunroad Holding Corporation and is a defined contribution plan covering all eligible employees of Sunroad Holding Corporation, Sunroad Asset Management, Inc., PH Automotive Holding Corporation, Sunroad Marina Partners, LP, Sunroad KMI Auto, Inc., Sunroad HS Auto, Inc., Sunroad CV Auto, Inc., Sunroad Auto Shared Services, Inc., Maderas Partners L.P., Sunroad Auto, LLC, Sunroad MV Auto, Inc., Sunroad BCV Auto, Inc., Sunroad KM CDJR LLC, and Kearny Mesa Chevrolet (collectively referred to as the "Company") who have completed 90 days of service and are age eighteen or older. Leased and union employees are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Eligible employees may elect to defer up to 90% of their pre-tax annual compensation, as defined by the Plan. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified sources. Participants direct their contributions into various investment options offered by the Plan. All participant contributions are subject to limitations imposed by the Internal Revenue Code ("IRC").

Through October 31, 2016, eligible employees, except those who affirmatively elected to not participate or who chose to contribute a specified amount to the Plan, automatically had 2% of their compensation deferred into the Plan. Effective November 1, 2016, eligible employees, except those who affirmatively elect to not participate or who choose to contribute a specified amount to the Plan, automatically have 3% of their compensation deferred into the Plan. Additionally, the initial automatic deferral amount increases by 1% point up to a maximum of 6% on each succeeding anniversary date following the date that the eligible employee's automatic deferral was first implemented.

Employer Contributions

The Company may make discretionary matching and profit sharing contributions into the Plan. The matching and profit sharing contributions, if any, are made only to participants employed with the Company as of the last day of the Plan year, or the last day of the applicable eligibility period. For 2019, the Company did not make a discretionary profit sharing contribution, but made a matching contribution of 10% of the participants' contributions in the amount of $358,264, net of forfeitures, which was remitted to the Plan in March and April 2020, and is reflected as an employer contribution receivable on the statement of net assets available for benefits as of December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, if any, and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts (Continued)

Administrative charges related to participant loans and distributions are deducted directly from the respective participant's account. Investment expenses charged by the mutual funds and common/ collective trusts in which the Plan invests are paid directly from the underlying assets of the respective investment and are included in net realized and unrealized appreciation in fair value of investments in the statement of changes in net assets available for benefits. All other expenses related to the administration of the Plan are paid by the Company.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability, or reaching early or normal retirement, participants shall become 100% vested in the Company contribution portion of their account. For all other participants, vesting in the Company contribution portion of their account is based on years of credited service, as defined in the Plan, according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of $500 up to a maximum generally equal to the lesser of $50,000, or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan transactions are treated as transfers between the investment fund and the loan account balance using the same allocation method as contributions. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which a reasonable repayment period is determined by the Plan administrator. Loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. The interest rates on outstanding loans at December 31, 2019 ranged from 4.25% to 6.50%. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits

Participants are entitled to a distribution of their vested benefits in the event of death, disability, retirement, termination of employment, or termination of the Plan. Early retirement is available upon attaining age 55 and completing 6 years of service. Generally, distributions may not be deferred later than April 1 of the calendar year following the year in which a participant reaches age 70½ or retires, whichever is later.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued)

Upon termination of employment, the Plan may roll over a participant's vested account balance greater than $1,000 and less than $5,000 into an individual retirement account ("IRA") selected by the Company, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute accounts with vested balances of less than $1,000. If a terminated participant's vested account exceeds $5,000, the participant may elect to receive a lump sum or may defer receipt of payments according to Plan provisions.

Pre-retirement distributions are allowed upon participants either attaining age 59½ or experiencing a financial hardship as defined by the IRC and are subject to applicable income taxes and the approval of the Plan administrator.

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief on hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act may be implemented operationally beginning January 1, 2019 prior to formally amending the Plan document. Effective October 1, 2019, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan. Fees related to the administration of notes receivable from participants and the processing of distributions are charged directly to the account of the transacting participants and are included in administrative expenses. Investment-related expenses related to investments are included in the net realized and unrealized appreciation or depreciation in the fair value of investments and administrative expenses.

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of employer contributions and related earnings are forfeited. Forfeitures of unvested employer contributions and related earnings are transferred from the terminated participant's account to a forfeiture account. Forfeitures of unvested employer contributions may be used to pay administrative expenses and reduce employer contributions to the Plan. During 2019, $25,998 was added to the forfeiture account, $27,339 was used to reduce employer matching, and there was $11,685 of investment gains and $5,083 of other income. As of December 31, 2019 and 2018, forfeited amounts totaled $67,363 and $51,936, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 10).

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments were held by Reliance Trust Company, the trustee of the Plan, as of December 31, 2019 and 2018 and for the year ended December 31, 2019. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2019 and 2018, and net realized and unrealized appreciation or depreciation in fair value of mutual funds and common/collective trusts, and dividend, interest, and other income for the year ended December 31, 2019, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the Plan's trustee.

NOTE 4. FAIR VALUE MEASUREMENTS

Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 30,122,743	$ -	$ -	$ 30,122,743
Total assets in the fair value hierarchy	$ 30,122,743	$ -	$ -	30,122,743
Common/collective trusts measured at net asset value [(a)]				7,879,254
Total investments at fair value				$ 38,001,997

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,603,145	$ -	$ -	$ 23,603,145
Total assets in the fair value hierarchy	$ 23,603,145	$ -	$ -	23,603,145
Common/collective trusts measured at net asset value [(a)]				6,997,750
Total investments at fair value				$ 30,600,895

[(a)] Certain investments (common/collective trusts) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts of the common/collective trusts presented in these tables are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the statements of net assets available for benefits.

There were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2018 and 2019.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; and the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)
Invesco Stable Value Trust	$ 4,926,205	N/A	Daily	24 months *
SSgA Common/Collective Trusts	2,953,049	N/A	Daily	N/A

SSgA Common/Collective Trusts	3,028,499	N/A	Daily	N/A
	$ 6,997,750			

* 10 days for the lesser of fair value or contract value.

NOTE 5. RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company and the Company provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the sub-custodian of the Plan. In addition, the Plan allows participants to take loans against their account balances. These transactions are considered exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 7. TAX STATUS

The Company has adopted a prototype plan and relies upon the prototype plan's opinion letter from the Internal Revenue Service ("IRS"), which stated that the plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been subsequently amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 39,747,837	$ 32,032,864
Employer contributions receivable	(358,264)	(311,900)
Participant contributions receivable	(29,799)	(21,196)
Net assets available for benefits per the Form 5500	$ 39,359,774	$ 31,699,768

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2019:

Net increase in net assets available for benefits per the financial statements	$ 7,714,973
Participant contributions receivable at December 31, 2018	21,196
Employer contributions receivable at December 31, 2018	311,900
Participant contributions receivable at December 31, 2019	(29,799)
Employer contributions receivable at December 31, 2019	(358,264)
Net income per the Form 5500	$ 7,660,006

NOTE 10. SUBSEQUENT EVENTS

COVID-19

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. The spread of this virus beyond China and within the United States of America ("U.S.") has caused business disruption as a result of mandated closings of businesses designated as non-essential and certain other social distancing measures across the U.S. On March 11, 2020, the World Health Organization declared COVID-19, the illness caused by the coronavirus, a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets and this could materially affect participant account balances and the amounts reported in the financial statements. Because of the uncertainty of the duration of the pandemic and its effects on the markets at this time, management is unable to estimate its impact on the Plan and participant accounts.

CARES ACT

In March 2020, Congress passed the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be implemented operationally prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act. Plan management expects to formally amend the Plan by December 31, 2022.
