Report on the Financial Statements
We were engaged to audit the accompanying financial statements of South Denver Cardiology Associates, P.C. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1: Plan Description

The following description of South Denver Cardiology Associates, P.C. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of South Denver Cardiology Associates, P.C. (the "Company") who have completed one year and 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the plan administrator and is responsible for oversight of the Plan. John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the custodian of investments held in pooled separate accounts. Self-directed brokerage accounts are primarily held in accounts with Charles Schwab & Co. and other registered broker-dealers and banks. Creative Retirement Plan Consulting, LLC, is the third-party administrator. The Plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document, up to the maximum annual contribution permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan allows for Roth deferral contributions subject to the same contributions limitations as stated above.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes 3% each year as a safe harbor non-elective contribution. A 3% top-heavy contribution is also required for certain newly eligible participants who entered the Plan during the year and did not receive the safe harbor contribution based on full-year compensation. For the year ended December 31, 2019, the Company funded an additional discretionary contribution based upon a cross-tested formula as defined in the Plan agreement. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Company's contributions, Plan earnings (losses), and administrative expenses paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions and the Company's safe harbor contribution, plus actual earnings thereon. Vesting in the Company discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and participant self-directed brokerage accounts as investment options for participants.

Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of $1,000, up to 50 percent of their vested account balance, not to exceed $50,000. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate. At December 31, 2019, the interest rate on outstanding notes ranged from 5.25% to 7.25%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless the loan is for the purchase of a home, in which case the loan term is 15 years.

Payment of Benefits

Upon a participant's retirement, disability, death, or termination of employment, a participant may receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Hardship distributions are permitted if certain criteria are met. The Plan also allows in-service distributions upon attaining age 59 1/2.

Effective January 1, 2019, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 (the "Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust Plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan has been amended to adopt these changes.

Note 1: Plan Description (Continued)

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $1,667 and $3,361, respectively. These amounts were used to reduce the 2019 and 2018 Company discretionary contribution paid in the following year. Forfeitures may also be used to pay Plan administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the participant's notes receivable, distributions, or other administrative functions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in total investment income.

Note 3: Subsequent Events

The Plan has evaluated subsequent events through October 12, 2020, which is the date the financial statements were available to be issued.

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 Virus Crisis ("the CV19 Crisis"). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, and financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available for coronavirus-related distributions and a waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022, in accordance with the CARES Act provisions.

Note 4: Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments in pooled separate accounts and notes receivable from participants, and non-interest-bearing cash held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, (the Custodian).

Note 5: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2019 and 2018. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the unit value, determined at the close of business each day, based on the market value of the total assets held in the pooled separate account. The market value of the total assets held in the pooled separate account is based on the Net Asset Value (NAV) of the underlying investments. The NAV is used as the practical expedient to measure fair value.

Self-Directed Brokerage Accounts: Consists primarily of common stocks, mutual funds, exchange traded funds, life insurance, managed futures, fixed income, cash and cash equivalents, which are valued as follows:

> ***Mutual and Exchange Traded Funds***: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds and exchange traded funds held by the Plan are deemed to be actively traded.
>
> ***Common Stocks, Managed Futures, and Fixed Income:*** Valued at the closing price reported on the active market on which the individual securities are traded.
>
> ***Life Insurance***: Valued at the net cash surrender value, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Fair Value Measurements (Continued)

The tables below set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value in NAV per share as of December 31, 2019 and 2018, respectively.

	December 31, 2019	December 31, 2018	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Equity funds (a)	$ 2,300,079	$ 1,768,202	-	Continuously	N/A
Growth funds (b)	6,587,879	4,260,352	-	Continuously	N/A
Bond funds (c)	2,653,316	1,768,448	-	Continuously	N/A
Value funds (d)	2,542,375	2,042,005	-	Continuously	N/A
Target date funds (e)	7,648,500	7,657,721	-	Continuously	N/A
	$ 21,732,149	$ 17,496,728			

(a) This class includes investments in mutual funds that provide long-term growth of capital. Investments consist primarily of underlying funds, which invest primarily in equity securities of domestic companies. These equity funds normally invest at least 80% of its net assets in equity securities of companies.

(b) This class includes investments in mutual funds that hold stocks that have capital appreciation as the primary goal, with little or no dividend payouts. These growth funds invest at least 80% of their net assets in common stocks of capitalization companies.

(c) This class includes investments in mutual funds that hold bond securities to obtain a high level of current income to the extent consistent with the preservation of capital and maintenance of liquidity. These funds invest at least 80% of their net assets in a portfolio of bonds, including but not limited to corporate, government, and mortgage bonds.

(d) This class includes investments in mutual funds that hold stocks that are deemed to be undervalued in price and that are likely to pay dividends. These funds invest 80% of their net assets in the stocks that make up the S&P 500 index, holding each stock in approximately the same proportion as their weighing in the overall index.

(e) This class includes investments in mutual funds that manage funds for investors planning to retire or withdraw substantial portions of their investment in the year of the fund name. The funds allocate between equity, bond, and money market funds. The allocation amounts depend on the year of retirement and risk associated with that particular date. These target investments are managed based on a specific retirement year included in its name and assume a retirement age of 65.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

John Hancock, as custodian of the investments in pooled separate accounts, is the issuer of the Plan's group funding agreement and recordkeeper to the Plan. Creative Retirement Plan Consulting, LLC, is the third-party administrator. Transactions with John Hancock and Creative Retirement Plan Consulting, LLC, qualify as party-in-interest transactions. Fees paid by the Plan to these parties for services amounted to $53,114, for the year ended December 31, 2019. These parties also charge fees that are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Certain Plan investments included in the self-directed brokerage accounts are managed by various investment firms other than John Hancock. Transactions with these firms qualify as party-in-interest transactions. Fees paid for their investment management services totaled $64,886 for the year ended December 31, 2019. These firms may also charge fees that are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Company adopted a volume submitter profit sharing Plan document with an IRS opinion which states that the prototype Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
