PEZOLD MANAGEMENT ASSOCIATES, INC. 401(K) PROFIT SHARING PLAN
COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1: Description of Plan

The following brief description of the Pezold Management Associates, Inc. 401(K) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution profit sharing plan sponsored by Pezold Management Associates, Inc. (the “Plan Sponsor”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers all eligible employees of the Plan Sponsor, Pezold Air Charter, LLC, Valley Hospitality Services, LLC, and Geo-Energy Solutions, LLC. The Plan was originally adopted on June 1, 1988 and restated effective October 15, 2013. The Plan has been amended from time to time with the most recent amendment effective April 1, 2018 where the Plan was merged with the Denim North America, LLC 401(k) Plan (“DNA Plan”), whose sponsor is an affiliate. See Note 3.

The Retirement Plan Committee (the “Committee”), appointed by the Plan Sponsor, has responsibility for the administration of the Plan. Transamerica Retirement Solutions (“Transamerica”) was the Plan’s recordkeeper and Transamerica Life Insurance Company (“TLIC”) was the trustee through March 31, 2018. Beginning in April 2018, Principal Financial Group (“Principal”) became the recordkeeper and Principal Trust Company became the trustee of the plan. Some administrative services continue to be performed by Qualified Plans for a fee, which is included in the recordkeeper’s total. The Plan’s trustee has responsibility for the management of the Plan’s trust fund. A fee is charged for recordkeeping and trustee services rendered.

Eligibility - Employees must be at least twenty-one years of age to become eligible following one year of service with at least 1,000 hours worked. Entry dates to the Plan are the first day of the quarter following completion of the service and age requirements.

Contributions - Participants may contribute up to 15% of annual compensation, not to exceed the maximum allowed by the Internal Revenue Code (“IRC”). The Plan Sponsor, at its discretion, may contribute to the Plan matching contributions equal to a percentage set by the Plan Sponsor prior to the end of the Plan year. Before June 1, 2018, the discretionary matching contributions were equal to 50% of a participant’s contribution not to exceed a matching contribution of 2.5% of annual compensation for the plan year. Effective June 1, 2018 through December 31, 2019, the discretionary matching contribution increased to 100% of a participant’s contribution not to exceed a matching contribution of 5%. The employer matching contribution is reviewed annually and can be changed at the discretion of the Committee.

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1: Description of Plan (continued)

In addition to the employer matching contribution, the Plan Sponsor may also make a discretionary profit sharing contribution, which is allocated to each participant based on the participant's compensation to total compensation of all participants. Participants must be actively employed at year end to receive the contribution. The Plan Sponsor elected to make no discretionary profit sharing contributions for the years ended December 31, 2019 and 2018.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the (a) Plan Sponsor's contributions, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and profit sharing contributions plus earnings is as follows:

<u>YEARS OF SERVICE</u>	<u>VESTING %</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Investment Options - A participant may direct employee and employer contributions in any of the investment options established by the Committee. Participants may change their investment options daily.

Payment of Benefits - Upon termination of employment due to death, disability, retirement or other reasons, participants are entitled to receive either a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account, rollover a portion or all of the distribution directly into an eligible retirement plan, or receive monthly, quarterly, semiannual, or annual installments over a specified period of time as defined in the Plan.

Forfeitures - At both December 31, 2019 and 2018, forfeited, nonvested accounts totaled approximately \$0.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1: Description of Plan (continued)

Forfeitures may be used to restore previous forfeitures of participant accounts, reduce employer contributions, or pay Plan administrative expenses. During the years ended December 31, 2019 and 2018, forfeitures of approximately \$1,000 and \$33,000, respectively, were used to reduce employer contributions and forfeitures of approximately \$30,000 and \$40,000, respectively, were used to pay Plan administrative expenses.

Plan Termination - Although there is no present intention to terminate the Plan, the Plan Sponsor may terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, the participants will become fully vested in their account balances and the trustee shall dispose of the plan assets by distribution to participants and their beneficiaries.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of Investments - The Plan's investments are stated at fair value, except fully benefit-responsive contracts, which are stated at contract value as described in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a description of the valuation and methodologies used to determine each investment's respective fair value.

Net appreciation or depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, as well as, the realized gain or loss on sale of investments, which represents the difference between net sales proceeds and cost or previous fair value of the investments sold. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants - Participant loans may not be granted under the provisions of the Plan. However, effective April 1, 2018, loan accounts from DNA Plan were merged into the Plan (Note 3) and are repaid under substantially similar terms as under the DNA Plan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019.

NOTE 2: Summary of Significant Accounting Policies (continued)

Tax Status - The Plan obtained its latest favorable determination letter on May 30, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitations periods; however, there are currently no audits for any tax periods in progress.

Payment of Benefits - Benefits are recorded when paid.

Plan Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements, including legal, administrative, and accounting fees. Trustee and recordkeeper fees are incurred and paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Reclassification - Certain items in the 2018 financial statements have been reclassified in order to be in conformity with the 2019 statement presentation.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Committee has evaluated all subsequent events that may qualify for disclosure through October 13, 2020, which is the date the financial statements were available to be issued. See Note 9.

NOTE 3: Merged Plans

As disclosed in Note 1, the Plan Sponsor merged the DNA Plan into the Plan on April 1, 2018. Assets totaling approximately \$970,000 were transferred to the Plan on that date. Participants in the DNA Plan will vest in their account balances in accordance with the vesting schedule set forth in the Pezold Management Associates, Inc. 401(K) Profit Sharing Plan. Participants' balances were invested in the portfolio of investments offered by the Plan.

NOTE 4: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy according to GAAP are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

NOTE 4: Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Mutual funds are valued at net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2019 and 2018, the Plan's investments measured at fair value were in mutual funds, which are classified as Level 1 within the fair value hierarchy.

NOTE 5: Fully Benefit-Responsive Investment Contracts

Guaranteed Investment Contract ("GIC") - The Plan holds an investment in the Principal Fixed Income Guaranteed Option ("Principal GIC"). The Principal GIC is a guaranteed general account provided under a group annuity contract and is deemed to be fully benefit-responsive. As such, contract value is the relevant measurement attribute for benefits attributable to the Principal GIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative fees.

COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 5: Fully Benefit-Responsive Investment Contracts (continued)

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Principal Financial Group bears the risk that the return on the underlying investments will be sufficient to support the guaranteed rate during each guarantee period.

Certain events limit the ability of the Plan to transact at contract value with the Principal GIC. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 6: Information Prepared and Certified by Trustees (Unaudited)

As explained in Note 1, the Plan's funds are maintained by the Plan's trustees, Principal Trust Company for the period April 1, 2018 through December 31, 2019 and TLIC for the period January 1, 2018 through March 31, 2018. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees:

	<u>2019</u>	<u>2018</u>
Investments at fair value	<u>\$ 6,956,650</u>	<u>\$ 5,391,770</u>
Investments at contract value	<u>\$ 1,396,800</u>	<u>\$ 1,360,879</u>
Notes receivable from participants	<u>\$ 2,169</u>	<u>\$ 3,232</u>

NOTE 7: Party-in-Interest Transactions

Certain Plan investments are affiliated with Principal Trust Company who is the Plan trustee; therefore, these transactions qualify as party-in-interest. Certain fees incurred by the Plan for services provided are included in net appreciation (depreciation) in fair value of investments rather than a direct payment.

Transamerica provided certain administrative services to the Plan pursuant to the Administrative Services Agreement (“ASA”) between the Plan Sponsor and Transamerica. Transamerica received revenue from mutual fund service providers for services Transamerica provided to the funds. This revenue was used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such mutual fund service providers exceeded the amount owed under the ASA, Transamerica remitted the excess to the Plan’s trust on a quarterly basis. Such amounts were applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the years ended December 31, 2019 and 2018, the Plan received from service providers and used \$0 and \$5,857, respectively, to pay Plan administrative expenses. The balance in the expense budget account is \$0 for both years ending December 31, 2019 and 2018.

NOTE 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9: Subsequent Events

In early 2020, the United States of America declared a state of emergency due to a novel strain of coronavirus (“COVID-19”). Potential impacts of COVID-19 on the Plan include a decrease in the fair value of plan assets, a decrease in contributions, and an increase in distributions. There were no other transactions that are required to be disclosed under professional guidance.
