1. Plan Description

The following description of Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Plan, formerly known as the Johnson Controls Injection Molding, LLC Savings and Investment 401(k) Plan, is a defined contribution plan adopted effective August 1, 2008 for participation by eligible employees of what was formerly Johnson Controls Injection Molding, LLC ("JCIM"). As of December 31, 2016, JCIM's business, including the Plan, was purchased by Adient US LLC and the Plan was renamed the Interiors Savings and Investment 401(k) Plan.

As of January 1, 2018, the Plan was amended and restated to reflect the merger of the Yanfeng USA 401(k) Plan with the Plan, reflect the addition of Yanfeng Automotive Trim Systems, Inc. as a participating employer, and reflect the change in the name of the Plan from Interiors Savings and Investment 401(k) Plan to Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan. In addition, on January 1, 2018, the Plan transferred its investments out of the Adient US LLC Defined Contribution Plans Master Trust ("Master Trust"), and Yanfeng Automotive Interior Systems, LLC (the "Company") became the Plan Sponsor. The Company has given Fidelity Trust Company (the "Trustee") the authority to hold the assets of the Plan and to invest all assets of the Plan in accordance with the Plan agreement.

In order to participate in the Plan, employees must be employed by the Company or another participating employer in one of the eligible groups as defined in the Plan Agreement. The Plan excludes from participation the following employees: (a) any member of a bargaining unit of employees covered by the Louisville collective bargaining agreement; (b) any employer classified as a "leased employee" or "independent contractor"; (c) a foreign citizen on temporary assignment in the United States; or (d) an employee who is eligible to participate in another 401(k) plan of a participating employer.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 85% of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code ("IRC"). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company will make matching contributions to the Plan on behalf of the participants based on specific eligibility rules, as listed in the Plan Agreement. Matching contributions are based on the participant's location, as outlined in the Plan Agreement.

A participant may also be eligible to receive a retirement income contribution ("RIC") from the Company. Eligibility for RIC contributions are dependent upon the participant's employment location and hire date and is generally computed based on the participant's age and years of service. The RIC Plan was amended to provide that the RIC will be determined on a discretionary basis each year by the Company beginning with the 2019 plan year and ongoing. RIC contributions were not made to participants for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable outstanding at December 31, 2019 range from 3.25% to 9.75%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to construct to purchase a primary residence, in which case the note terms do not exceed 20 years.

Vesting

Participants are immediately 100% vested in employee salary and rollover contributions and any income or loss thereon. Participants vest in contributions made by the Company based on the schedules in the Plan Agreement, which vary by employee group and contribution type.

Benefit Payments

Distributions are payable upon retirement, death, disability, attainment of age 59½, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the Plan Agreement. The Plan Administrator must approve any such hardship withdrawals.

Forfeitures

The portion of the participant's matching contributions account and RIC account which is not vested on the participant's termination date shall be forfeited from the participant's accounts upon the earlier of the date (1) the participant incurs a period of severance as specified in the Plan agreement, or (2) the participant receives a distribution of the vested portion of his or her accounts.

Any amounts forfeited during a Plan Year shall first be used to reinstate forfeited accounts, and then any remaining forfeitures shall be used to pay permissible Plan expenses, to the extent not deductible from participant accounts, as determined by the Policy Committee in its sole discretion. Any forfeitures remaining after such allocation shall be used to reduce the Company's future contribution obligations. Any forfeitures remaining thereafter shall be allocated among the accounts of participants who are employed on the last day of the Plan Year in which such forfeitures arose according to the Plan agreement.

The balance of forfeited non-vested accounts totaled $135,183 and $405,279 at December 31, 2019 and 2018, respectively. During the year ended December 31, 2019 and 2018, the amount of forfeitures used was $886,718 and $-0-, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative fees and third-party administrator fees are paid by the Plan, however; certain additional administrative expenses of the Plan are paid by the Company.

Benefit Payments

Benefits paid to participants are recorded when paid.

Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions.

The financial statements and related disclosures include evaluation of events up through and including October 13, 2020, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds - Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Shares held in the money market fund invest in a variety of money market instruments including cash, U.S. Government securities and/or repurchase agreements that are collateralized fully to seek current income as is consistent with preservation of capital and liquidity. The composition of securities is structured to maintain a value of $1 per share and is classified as Level 1.

Common Collective Trust - Common collective trusts ("CCT") are investment vehicles valued at fair value using the NAV as a practical expedient provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investment income earned is reinvested in the portfolio and included in the determination of unit values. The CCT sells new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per fee class of the Funds determined as of the close of business each day. The objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019.

	Investment Assets at Fair Value as of December 31, **2019**			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 369,389,292	$ -	$ -	$ 369,389,292

Total investments at net asset value*				26,329,146
Investments, at fair value	$ 311,230,117	$ -	$ -	$ 337,559,263

* *The investment in the common/collective trust is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2019**	2018
Investments, at fair value	**$ 394,266,900**	$ 337,559,263
Notes receivable from participants	**6,469,925**	6,419,327

Year ended December 31,	**2019**	2018
Interest and dividends	**$ 24,691,911**	$ 16,448,266
Net appreciation (depreciation) in fair value of investments	**53,018,431**	(41,825,504)
Interest from notes receivable from participants	**286,882**	247,793

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Party-In-Interest Transactions

Certain Plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Fees paid by the Plan to Fidelity Management Trust Company for services rendered to the Plan were $325,067 and $346,142 for the years ended December 31, 2019 and 2018, respectively. Such fees were based on reasonable and customary rates. Note receivable from participants and fees paid by the Plan and Company also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 18, 2014 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the IRC. Although the Plan has been amended and restated since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Transfers

Effective January 1, 2018, assets of the Yanfeng USA 401(k) Plan were transferred into the Plan. Total assets in the amount of approximately $7,200,000 transferred into the Plan at this time.
