Independent Auditor's Report

To the Plan Administrator
FourPoint Energy, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FourPoint Energy, LLC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and notes receivable from participants and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note 1 - Plan Description

The following description of FourPoint Energy, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2014 covering all full-time employees of FourPoint Energy, LLC (the "Company") who are age 21 or older. Employees who are under a collective bargaining agreement or are nonresident aliens are not eligible to participate in the Plan. The entry date for eligible participants is immediate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

FourPoint Energy, LLC administers the Plan. Ascencus Trust Company (Ascensus) serves as trustee, manages plan assets, and maintains the Plan's records. Ascensus offers plan participants a variety of investment options through various mutual funds and a common collective trust. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Participants are eligible to defer on an after-tax basis through regular payroll deductions a portion of annual eligible compensation as Roth 401(k) contributions. Provided requirements are met, withdrawals of contributions and any earnings are tax free to the participant. A participant's combined pretax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

The Plan is operating pursuant to the safe harbor provisions of the Internal Revenue Code (IRC) Section 401(k)(12). The Company's safe harbor matching contributions are on an annual basis and will equal 100 percent of elective deferrals up to 4 percent of a participant's eligible compensation. The Company has the right to designate all or a portion of the matching safe harbor contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. Safe harbor contributions totaled $1,356,477 for the year ended December 31, 2019.

The Company makes annual profit-sharing contributions to the Plan in an amount to be determined by the Company. In order to be eligible for the discretionary profit-sharing contribution, the employee must be employed on the last day of the plan year and have met all other eligibility requirements, as defined by the plan document. For the year ended December 31, 2019, the Company did not make a discretionary profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with plan losses and an allocation of administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions, plus actual earnings thereon.

The Company's discretionary profit-sharing contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2	20
3	40
4	60
5	80
6	100

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 6.25 percent to 7.50 percent, which are commensurate with local prevailing rates determined quarterly by the plan administrator at loan origination, and mature at various dates through August 2047. Loans have a maximum term of 5 years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 30 years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. No loans were deemed to be a distribution in the current year.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed. If a terminated participant's vested account balance is greater than $1,000 and the participant does not elect to have such distribution paid directly to an eligible retirement plan, distribution shall be paid by the plan administrator in a direct rollover to an individual retirement arrangement. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. There were no forfeiture account balances at December 31, 2019 and 2018.

Note 1 - Plan Description (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Related Party and Party-in-interest Transactions

Certain plan assets are in investment funds managed by Ascensus or its affiliates. Ascensus is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments

Benefits are recorded when paid.

Investment Valuation

The Plan's mutual funds are stated at fair value.

The common collective trust typically invests in a variety of full benefit-responsive investment contracts, including traditional guaranteed investment contracts, security-backed investment contracts, and separate account guaranteed investment contracts. The common collective trust is valued at net asset value (NAV) of units of the common collective trust. NAV is used as a practical expedient to estimate fair value. There are no redemption restrictions or unfunded commitments on these investments.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Concentration of Investments

At December 31, 2019 and 2018, two investments accounted for 28 percent and 30 percent, respectively, of total investments at fair value. During the year ended December 31, 2019, two investments accounted for 13 percent of investment income. A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Administrative Expenses

Various administrative costs are paid by the Company. The Plan has a revenue-sharing arrangement where participants receive a revenue credit against their expenses for investing in Vanguard Group Inc.'s (Vanguard) investment options, which are included in net appreciation (depreciation) in fair value of assets on the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balances plus any accrued interest. Notes receivable from participants are written off when deemed uncollectible.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 28, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus known as COVID-19 a pandemic. In response, states within the U.S. implemented measures to combat the outbreak that have impacted U.S. business operations. As of the date of issuance of the financial statements, the Company's investment balances have not been significantly impacted; however, the Company continues to monitor the situation. No impairments were recorded as of the statement of net assets available for benefits date, as no triggering events or changes in circumstances had occurred as of year end; however, due to significant uncertainty surrounding the situation, management's judgment could change in the future. In addition, while the Company's results of operations and financial condition could be impacted, the extent of the impact cannot be reasonably estimated at this time.

The Company has amended the Plan subsequent to year end to reflect certain provisions of the Bipartisan Budget Act of 2018 and to allow coronavirus-related distributions in response to the COVID-19 pandemic.

Note 3 - Unaudited Information

Ascensus Trust Company (the "Trustee") holds the Plan's investments and notes receivable from participants and executes all related transactions. The investment and notes receivable from participant balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 3 - Unaudited Information (Continued)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the Trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 14,841,393	$ -	$ -	$ 14,841,393
Investments measured at NAV - Common collective trust				248,266
Total investments at fair value				$ 15,089,659

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 8,361,470	$ -	$ -	$ 8,361,470
Investments measured at NAV - Common collective trust				106,208
Total investments at fair value				$ 8,467,678

There were no changes to the valuation techniques used during the period.

Note 6 - Reconciliation of the Financial Statements to Form 5500

As of December 31, 2019 and 2018, the accompanying financial statements have included contributions receivable from the Company in the amount of $207,976 and $188,526, respectively. Form 5500 has recorded assets on the cash method of accounting and did not record contributions receivable at December 31, 2019 and 2018. Accordingly, contribution income on Form 5500 for the year ended December 31, 2019 is $19,450 lower than amounts reported on the accompanying financial statements.

Note 7 - Investment Contracts

The Plan has a benefit-responsive investment contract with New York Life Insurance Company (New York Life). New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting but may not be less than 2.13 percent. When establishing interest crediting rates for this product, New York Life considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Note 7 - Investment Contracts (Continued)

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.
