SYNNEX Corporation 401(k) Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of SYNNEX Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1993 by SYNNEX Corporation (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During February 2018, Plan assets aggregating approximately \$42,259,000 from the retirement plans associated with Westcon Cala, Inc., and Westcon Group North America, Inc., were transferred to the Plan. During December 2018, Plan assets aggregating approximately \$20,400,000 from the Concentrix 401(k) Plan (formerly The Minacs Group, USA, Inc. 401(k) Plan) were transferred to the Plan. Residual Plan assets of approximately \$4,000 were transferred in to the Plan during 2019.

Effective July 2019, the Plan became a multiple employer plan.

Administration – The Company has appointed the 401(k) Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Wells Fargo Bank, N.A. (Wells Fargo) to act as the trustee, and with Wells Fargo Institutional Retirement and Trust to act as third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Plan, except for professional fees which are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts at December 31, 2019 and 2018, totaled approximately \$371,000 and \$125,000, respectively, and may be used to pay Plan administrative expenses and then to reduce future employer contributions. There was approximately \$35,000 of forfeitures utilized to pay Plan administrative expenses for the year ended December 31, 2019. No forfeitures were utilized to reduce the employer's contributions during the year ended December 31, 2019. Forfeitures of approximately \$50,000 were used in February 2020 to fund the employer's 2019 true-up contribution.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustee, Wells Fargo, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits – Benefits are recorded when paid.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter dated March 31, 2014, from the Internal Revenue Service. Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and currently operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risk. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 9, 2020, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

SYNNEX Corporation 401(k) Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methods used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2019 and 2018.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: A stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued using the NAV practical expedient, an estimate of fair value. The NAV practical expedient is based on the fair value of the underlying assets owned by the stable value fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a stable value fund is calculated based on a compilation of primarily observable market information. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to require additional notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Wells Fargo, the trustee of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants may also elect to contribute their eligible after-tax compensation (as Roth contributions) to the Plan. Employees of specific divisions who meets Plan eligibility requirements will be automatically enrolled at a rate of 3% of eligible compensation, unless the employee opts out. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction or the Plan's default fund, such as with the automatic enrollment feature or where a participant does not provide direction.

SYNNEX Corporation 401(k) Plan

Notes to Financial Statements

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Company is allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. For the year ended December 31, 2019, the matching formula was 50% of 4% of each eligible participant's pre-tax compensation up to a maximum of \$1,300. The Plan also allows for a discretionary profit-sharing contribution. No discretionary profit-sharing contribution has been made for the year ended December 31, 2019.

Vesting – Participants are immediately vested in their contributions. Participants are vested in the employer's matching and discretionary profit-sharing contributions allocated to their accounts in accordance with the Plan's vesting schedule: 30% at one year of credited service, 60% at two years of credited service, and 100% at three years of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contributions, if any. Allocation of the Company's contributions is based on participant contributions or eligible compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or installment payments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the current prime lending rate of Wells Fargo, plus 2% and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2019, carry interest rates ranging from 4.5% to 7.5%.

NOTE 5 – CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments reflected on the schedule of assets (held at end of year).

In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 8 – SUBSEQUENT EVENTS

Effective January 2020, the matching formula will be 50% of 4% of each eligible participant's pre-tax compensation up to a maximum of \$1,400.

In April 2020, approximately \$49,693,000 of Plan assets were transferred out of the Plan and into the Concentrix Retirement and Savings Plan (formerly Convergys Corporation Retirement and Savings Plan).

SYNNEX Corporation 401(k) Plan

Notes to Financial Statements

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that might be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
