Report on the Financial Statements

We have audited the accompanying financial statements of Jostens 401(k) Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following description of Jostens 401(k) Retirement Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit sharing plan established on January 1, 2019, to provide retirement income and other benefits to eligible employees of Jostens, Inc. (the Employer or the Company). Employees are eligible to participate in the Plan after completing three months of service. An employee will become a participant in the Plan on the first day of the month coinciding with or following satisfaction of the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees and Plan Administrator are responsible for oversight of the Plan. The Plan's Retirement Savings Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Trustees. The Company serves as the Plan Administrator.

Contributions: Participants may contribute up to 75% of pretax annual compensation and may contribute up to 10% of after-tax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). The Plan allows participants age 50 and older to make catch-up contributions to the Plan. Participants can also contribute amounts representing distributions from other qualified defined benefits. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a target date retirement fund unless otherwise elected by the participant.

The Employer makes a nonelective safe harbor contribution of 100% of the first 3% of the participant's eligible compensation plus 75% of the participant's next 3% of eligible compensation. In addition, each year, the Employer may make a discretionary matching contribution to the Plan. There were no discretionary matching contributions in 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Vesting: Participants are immediately vested in their voluntary deferral contributions, rollover contributions, and safe harbor matching employer contributions and any earnings thereon. Vesting in the Employer discretionary matching contributions plus earnings thereon is based on years of continuous service. A participant becomes vested according to a six-year graded vesting schedule.

Participant accounts: Each participant's account is credited with the participant's contributions, Employer contributions, allocations of Plan earnings or losses, and charged with an allocation of administrative expenses that are paid from the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct their contributions and Employer contributions in a variety of investment options. All funds vary in types of investments, rates of return, and investment risk and are described in more detail in the Plan's literature. Participants may elect, on a daily basis, to have all or part of their balances and their future and safe harbor contributions transferred from one fund to another or in any combination.

Note 1. Plan Description (Continued)

Benefits paid to participants: Upon termination of service, death, permanent disability or retirement (age 65), the participant may receive the value of vested interest in their account in the form of a lump-sum distribution or installments. If the participant's account balance is between $1,000 and $5,000 and the participant does not consent to a distribution of their vested account balance, the participants vested benefit automatically will be rolled over to an IRA selected by the Plan Administrator. If the participant's account balance is less than $1,000, the Plan Administrator will authorize the lump-sum benefit payment without the participant's consent. Participants may receive in-service distributions upon attaining age 59½ and also hardship distributions, subject to Plan provisions.

Notes receivable from participants: Participants can borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less, for a period of up to five years, unless the loan is for the purchase of employee's principal residence in which cash the period may not exceed 15 years. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest. The notes outstanding at December 31, 2019, bear interest ranging from 5.75% to 6.50% and had terms ranging from one to 15 years, with notes maturing at various dates through August 2034. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts: Upon termination of service, any nonvested portion of the participant's account balance will be forfeited. Forfeited nonvested accounts may be used to pay Plan expenses or fund future Employer contributions. There were no forfeitures as of December 31, 2019, and none were utilized during the year ended December 31, 2019.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefit payments are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining administrative costs are paid by the Plan participants. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Risks and uncertainties: The Plan provides for investment in a variety of investment securities. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2019, and for the year then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31, 2019
Investments, at fair value:	
Mutual funds	$ 71,168,040
Corporate debt securities	2,788,914
Collective investment trusts	2,887,717
Money market funds	220,695
Self-directed brokerage funds	333,399
Notes receivable from participants	1,546,598
	$ 78,945,363

Fidelity Management Trust Company also certified to the completeness and accuracy of $5,623,641 of net appreciation in fair value of investments, $3,908,122 of interest and dividends related to the aforementioned investments, and $53,296 of interest income on notes receivable from participants for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Mutual funds include money market funds, equity funds, index funds and exchange-traded funds. Mutual funds are valued at quoted market prices for identical assets in active markets for the shares held by the Plan at year-end.

Corporate debt securities: Corporate debt securities are invested in corporate bonds issued by corporations located in the United States, as well as notes issued by corporations located in the United States. The notes are valued at quoted market prices for identical assets in active markets for the shares held by the Plan at year-end. Corporate bonds are valued based on inputs other than quoted prices that are observable.

Collective investment trusts: The collective investment trust is valued based on the net asset value of the underlying pool of securities that are composed of full benefit-responsive investment contracts, security-backed contracts and investments in one or more underlying collective investment funds. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based upon fair value of the underlying investments comprising the trust less their liabilities. The practical expedient is not used when it is determined to be probable that the trust will sell its investments for amounts different than the reported net asset value.

Note 4. Fair Value Measurements (Continued)

Money market accounts: The money market accounts are valued using the amortized cost method, which is cost plus accretion of discount or minus amortization of premium over the period ending at maturity of the underlying investments, which approximates fair value.

Self-directed brokerage funds: The underlying investments, which consist primarily of interest-bearing cash, individual corporate common stocks and external mutual funds, are valued at the closing market price reported on the open market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 71,168,040	$ -	$ -	$ 71,168,040
Corporate debt securities	2,788,914	-	-	2,788,914
Money market fund	-	220,695	-	220,695
Self-directed brokerage fund	333,399	-	-	333,399
	$ 74,290,353	$ 220,695	$ -	74,511,048
Investments measured at net asset value:				
Collective investment trusts (a)				2,887,717
Total investments at fair value				$ 77,398,765

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

Investment Category	Fair Value 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trusts:				
Wells Fargo Stable Return Fund C	$ 2,887,717	None	Redemption must be made within one year of notice by Plan	

Note 5. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all benefits become fully vested and nonforfeitable, and the trustee shall be directed to distribute all assets in the Plan to participants in the same manner as if each participant had then retired.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

The investments are managed by Fidelity Management Trust Company, the trustee as defined by the Plan, and the Plan and the Company pay certain ongoing administrative expenses associated with the Plan to Fidelity; therefore, these transactions qualify as party-in-interest transactions.

Note 8. Prohibited Transactions

During 2019, the Company inadvertently failed to deposit $574,734 of participant deferrals within the required time frame as stated by DOL regulations. The Company reimbursed the Plan for lost interest. The Company intends to file Form 5530 and intends to pay the applicable excise tax in 2020. The excise tax payments will be made from the Company's assets and not from the assets of the Plan.

Note 9. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

Effective May 1, 2020, the Plan was amended to eliminate the employer nonelective safe harbor matching contribution, and all participants in the Plan became 100% vested at that time.

Summary of Corrective Action:

Contributions and company matching that should have been transmitted on May 24, 2019 were not sent timely due to the failure of Jostens' Manager of Treasury Operations to execute the funds transfer.

We transferred the funds in question on June 4, 2019 and initiated a service request with Fidelity to calculate any loss of earnings or value based on participants' actual investments, which were then funded.

The Manager of Treasury Operations was counselled and has since followed the practice of sending a confirmation e-mail to the Plan Administrator and others containing details of the fund transfer on the same day he receives the funding request.
