1 - DESCRIPTION OF PLAN

Samar Hospitality, Ltd. (the "Plan Sponsor") established Samar Hospitality, Ltd. 401(k) Plan (the "Plan"), as a defined contribution plan for employees of Samar Hospitality Ltd. and its participating employers (collectively, the "Company or Employer"). Participating employers include 333 South Service Road LLC, Adria Operating Corp., Brush Hollow Inn LLC., Samar 202 LLC, and Sussex Great Neck LLC. The Plan was originally established effective January 1, 2014 and restated effective January 1, 2015. During 2019, the Plan was amended to allow hardship distributions to be taken from earnings of all elective deferrals.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a 401(k) defined contribution plan. All eligible employees, as defined in the Plan document, employed by a participating employer are eligible to participate in the Plan on the first pay period coinciding with or next pay period following completion of one year of service and 1,000 hours of credited service, and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. ***Contributions*** - Plan contributions consist of compensation reduction elections of participants for pre-tax and Roth contributions, rollovers, and employer safe harbor contributions. Under the terms of the Plan, the Company has elected to make a safe-harbor matching contribution. For the year ended December 31, 2019, the Company made a safe harbor matching contribution in an amount equal to 100% of a participant's contributions up to 3% of their compensation and 50% of a participant's contributions that exceed 3% of compensation but not to exceed 5% of their compensation. The Employer may make a discretionary profit-sharing contribution to the Plan on a participant's behalf if they have completed at least 1,000 hours of service during the Plan year and are employed by the Employer on the last day of the plan year. For the year ended December 31, 2019, the Employer did not elect to make a profit sharing contribution.

   The Plan also provides for rollover contributions by participants, subject to limitations defined in the Plan agreement. Rollover contributions consist of contributions by participants from other qualified defined benefit or defined contribution plans.

   Investments of pre-tax, Roth, rollover, and employer safe harbor contributions are participant directed. Participants direct the investment of the contributions into a variety of mutual funds and a common collective trust through Capital Bank and Trust Company, the custodian of the Plan (the "Custodian"). Contributions are subject to certain Internal Revenue Service limitations.

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contribution and allocations of Employer matching contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Continued

d. ***Vesting*** - Participants are immediately 100% vested in their elective contributions, the rollover portion of their account balances, safe harbor contributions, and the earnings thereon. Any Employer profit sharing contributions and any earnings thereon, are subject to vesting provisions as follows:

Years of Service	*Vesting Percentage*
1	20%
2	40%
3	60%
4	80%
5	100%

e. ***Participant Loans*** - Participants may borrow from their Plan accounts a minimum of $1,000, up to a maximum equal to either the lesser of $50,000 reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made, or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. All notes must be repaid within five years unless used to purchase a principal residence wherein the repayment term may be extended. Interest rates are set by the plan administrator at issuance based on comparable rates offered by local commercial lenders. Principal and interest are repaid through payroll deduction in equal payments over the term of the loan. Participant notes are due and payable on the date the participant terminates employment with the Company. At December 31, 2019, the notes bear interest between 4.50% and 6.50% and have maturities through December 31, 2023.

f. ***Payment of Benefits*** - Participants may elect to receive a distribution of their benefits upon retirement, in the event of death or disability, in service distributions, in the event of an immediate and heavy financial hardship, or upon termination of employment. Normal retirement age is 65. Participants receiving distributions upon retirement or in the event of death or disability will receive a lump-sum distribution of the amount equal to the vested balance in his or her account. Participants receiving distributions for termination of employment may receive the value of their vested balance distributed to them as soon as administratively feasible following termination, in the form of a rollover to an IRA or another employer retirement plan, or a taxable distribution made directly to the participant.

g. ***Plan Costs*** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions paid to participants are charged directly to the respective participant's account. Investment related expenses, other than management services, are included in *net depreciation in fair value of investments.*

h. ***Forfeitures*** - The forfeited portion of nonvested accounts may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2019 and 2018, forfeitures recorded by the Plan amounted to $217 and $0, respectively. During the year ended December 31, 2019 no amount of forfeitures were used to pay administrative expenses or reduce employer contributions.

2 - Summary of Significant Accounting Policies

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. ***Use of Estimates*** - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. ***Investment Valuation and Income Recognition*** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

d. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded. During the year ended December 31, 2019, the Plan recorded deemed distributions for one participant's loan amounting to $1,458.

e. ***Payment of Benefits*** - Benefits are recorded when paid.

3 - Information Certified by the Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Trustee and certified as complete and accurate by Capital Bank and Trust Company, the Custodian of the Plan.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's guidance for *Fair Value Measurements ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value per unit ("NAV") of the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investments for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value				
	Level 1	***Level 2***	***Level 3***	***Investment at NAV***	***Total***
December 31, 2019					
Mutual Funds	$ 1,733,510	$ -	$ -	$ -	$ 1,733,510
Common Collective Trust	-	-	-	52,424	52,424
Total Investments at Fair Value	$ 1,733,510	$ -	$ -	$ 52,424	$ 1,785,934
December 31, 2018					
Mutual Funds	$ 1,311,199	$ -	$ -	$ -	$ 1,311,199
Total Investments at Fair Value	$ 1,311,199	$ -	$ -	$ -	$ 1,311,199

The Plan's policy is to recognize transfers into and out of any level as of the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of any level for the year ended December 31, 2019.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019:

December 31, 2019	***Fair Value***	***Underfunded Commitments***	***Redemption Frequency***	***Redemption Notice Period***
Common Collective Trust	$52,434	$0	Daily	None

The following describes the investment strategy for the investment valued using NAV as the practical expedient held by the Plan for the year ended December 31, 2019:

Reliance MetLife Stable Value Fund - The primary investment objective of the Common Collective Trust is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The fund invests entirely in the MetLife Group Annuity Contract 25157 which consists of separately management investment portfolios directed by Reliance Trust Company.

5 - Income Tax Status

The Internal Revenue Service ("IRS") had determined and informed the plan administrator by a letter dated March 31, 2014 that its prototype plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and is exempt from income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax-exempt. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

During 2018, an IRS examination of the years ending December 31, 2014, 2015, and 2016 was resolved. All corrective actions were taken, and the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the value of their accounts.

7 - Party-in-Interest Transactions

Plan investments at December 31, 2019 include mutual funds and a common collective trust managed by the Trustee or its affiliates and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $6,646 for the year ended December 31, 2019.

8 - Risk and Uncertainties

The Plan invests in various investment securities. Such securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9 - Subsequent Events

The World Health Organization characterized the COVID-19 virus a global pandemic on March 11, 2020. The duration and economic impact of this pandemic are uncertain. At this time, global financial markets have experienced significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions, and benefit obligations will depend upon future developments, including the duration and continued spread of the outbreak.

Subsequent events have been evaluated through October 12, 2020, the date the financial statements were available to be issued.
