Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a defined contribution plan sponsored by the Akron General Medical Center and certain affiliated entities (together the "System") that is designed under and intended to comply with the provisions of Internal Revenue Service ("IRS") code section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On November 1, 2015, the Foundation became the full member of Akron General Health System pursuant to a Member Substitution Agreement.

The Plan Administrator is Akron General Health System ("AGHS"). The Board of Directors of AGHS has authorized the Retirement Committee of the Foundation to act on behalf of AGHS to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Eligibility - All highly compensated employees of the not-for-profit entities of the System are eligible to participate in the Plan. The compensation used to determine this status is the annual pay at the time of hire for new hires, and the prior year pay for all other employees. New hires are automatically enrolled in the Plan within 45 days of their start date, unless they affirmatively enroll before then or decline enrollment. Auto enrollment contributions are defaulted to 3%.

Contributions - Participants may elect up to 70% of their compensation to be contributed to the Plan. Eligible participants may also contribute "catch up" contributions to the Plan based on age or service. The participant has the choice of pre-tax and Roth contributions. Effective March 4, 2019 participants can also make after-tax contributions.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code ("IRC").

Certain amounts totaling \$589,583 representing contributions designated for another retirement plan sponsored by the System were erroneously remitted to the Plan during 2018. These funds were paid to the Akron General Health System 401(k) Plan in 2019.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant investment account options - All current contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or a guaranteed investment contract held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Separate accounts are maintained for each participant. Voya Retirement Insurance and Annuity Company ("Voya") continues to hold certain Plan assets in accordance with participant direction.

Participant accounts - Each participant's account is credited with the participant's elective contributions, and an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - All participants are 100% vested in elective deferrals and rollover contributions made to the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments for loans originating prior to January 1, 2018 can be made ratably through payroll deduction or by the participant directly to Fidelity. Loans originating after January 1, 2018 require principal and interest payments to be made ratably by the participant directly to Fidelity.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in periodic installments. In the event of financial hardship, participants may apply to receive a distribution from their fund accounts, subject to meeting IRS mandated rules for hardship withdrawals. If the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document. The Plan also allows in-service distributions for participants age 59 ½ or older.

Legislative changes adopted by the Plan – As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment trustees and custodians. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation / (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

New Accounting Pronouncement - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU intends to improve the effectiveness of disclosures in the notes to financial statements by modifying disclosure requirements for fair value measurements. The ASU is effective for the Plan for annual and interim reporting periods beginning after December 15, 2019 with early adoption permitted. The Plan is currently assessing the impact that ASU 2018-13 will have on its financial statements and will adopt the provisions upon the effective date.

(3) Information prepared and certified by the trustees and custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity (2019 and January 16, 2018 to December 31, 2018) and State Street Bank and Trust (January 1, 2018 through January 15, 2018), the trustees of the Plan, and Voya Retirement Insurance and Annuity Company ("Voya"), a custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest Income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**AKRON GENERAL HEALTH SYSTEM
MATCHED RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at NAV of units of the separate account. The NAV, as provided by Voya, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value at December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 90,101,621	\$ -	\$ -	\$ 90,101,621
Self-directed brokerage accounts	997,109			997,109
Investments at fair value	<u>\$ 91,098,730</u>	<u>\$ -</u>	<u>\$ -</u>	91,098,730
Investments measured at NAV ^{(a)(b)}				<u>100,017</u>
Total investments measured at fair value				<u>\$ 91,198,747</u>

Investments at Fair Value at December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 74,753,684	\$ -	\$ -	\$ 74,753,684
Self-directed brokerage accounts	894,906	-	-	894,906
Investments at fair value	<u>\$ 75,648,590</u>	<u>\$ -</u>	<u>\$ -</u>	75,648,590
Investments measured at NAV ^{(a)(b)}				<u>84,068</u>
Total investments measured at fair value				<u>\$ 75,732,658</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The pooled separate accounts listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

**AKRON GENERAL HEALTH SYSTEM
MATCHED RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(5) Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive guaranteed investment contracts (GICs) with Prudential Life Insurance Company of America ("Prudential") and Voya. The Prudential contract is held by Fidelity. Contributions are maintained in the general accounts of the contract issuers. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GICs. The crediting interest rates are based on formulas agreed upon with the issuers, but may not be less than 1.0 to 3.0%. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GICs meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee and custodian, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuers to terminate the contracts which would require the Plan to transact at amounts different than contract value.

**AKRON GENERAL HEALTH SYSTEM
MATCHED RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(6) Related party transactions and party-in-interest transactions

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees, including penalties for withdrawals, charged by the trustees and custodian are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity and State Street Bank and Trust, (the trustees) and Voya (the custodian). Such transactions are exempt from being prohibited transactions. The trustees and custodian provide certain management services to the Plan pursuant to plan service agreements. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity which is funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2019 and 2018, the Plan earned revenue credits of \$23,979 and \$15,177, respectively, which is reported in the financial statements as other income.

(7) Plan termination

Although it has not expressed any intent to do so, the System has the right to terminate the Plan subject to the provisions of ERISA.

(8) Tax status

In May of 2020, the terms of the Plan were amended and restated, with an effective date retroactive to January 1, 2019.

The amended and restated Plan terms were adopted using the Fidelity Workplace Services LLC 403(b) Volume Submitter Plan Document (Basic Plan Document #20 and Adoption Agreement #001), along with certain Participation Agreements for affiliated employers and a Superseding Provisions Amendment.

The Fidelity Workplace Services LLC 403(b) Volume Submitter Plan has received a favorable opinion letter from the IRS dated August 7, 2017 regarding the tax-qualified status of the Plan pursuant to Revenue Procedure 2013-22. The adoption of the amended and restated Plan terms retroactively to January 1, 2019 was done in accordance with Revenue Procedure 2019-39 (as amended). The Plan Administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the IRC.

**AKRON GENERAL HEALTH SYSTEM
MATCHED RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(8) Tax status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

(9) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus (COVID-19) as a global pandemic. On March 13, 2020, a national state of emergency was declared in the United States related to the pandemic as the rates of infection continued to rise in many locations around the world and across the United States.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE Act) was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

**AKRON GENERAL HEALTH SYSTEM
MATCHED RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

(10) Subsequent events (continued)

Additionally, March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extended the period for loan repayments, if applicable, up to one year

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2019 through September 22, 2020, which is the date the financial statements were available to be issued. Except for the events discussed above, no significant matters were identified for disclosure during this evaluation.
