Notes to Financial Statements

1 – Description of Plan

The following description of the Hitachi Construction Machinery Loaders America Inc. Retirement Plan (*formerly, KCMA Corporation Retirement Plan*) (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of substantially all salaried and hourly employees of Hitachi Construction Machinery Loaders America, Inc. (*formerly, KCMA Corporation*) (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Name Change

The Plan changed its name from KCMA Corporation Retirement Plan to Hitachi Construction Machinery Loaders America Inc. Retirement Plan effective January 18, 2018.

Contributions

Effective January 1, 2018, eligible employees may participate in the Plan on the first date of each month following the completion of 60 days of service, as defined. Prior to January 1, 2018, eligible employees participated in the Plan on the first day of each calendar quarter following the completion of 6 consecutive months of service, as defined. Employees who do not make a participation election upon their eligibility are automatically enrolled in the Plan with a 4% deferral of their compensation, as defined. Participants are allowed to make tax-deferred contributions up to 75% of their compensation, as defined, up to the maximum amount allowed by the Internal Revenue Service (IRS) (\$19,000 for 2019). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit (\$6,000 for 2019).

The Plan Sponsor provided a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 4% of each participant's compensation, as defined, for the year ended December 31, 2019. The safe harbor matching contribution was \$374,059 for the 2019 Plan year.

1 – Description of Plan (continued)

Contributions (continued)

The Company made a true-up safe harbor matching contribution on behalf of eligible employees during the contribution period in an amount which, when aggregated with the regular safe harbor matching contribution with respect to the contribution period within the Plan year, will provide the maximum contribution. The true-up matching contribution was \$4,947 for the 2019 Plan year.

The Company may also make a discretionary matching contribution to the Plan. For the year ended December 31, 2019, the Company did not make a discretionary matching contribution to the Plan.

The Plan Sponsor also made a non-elective discretionary contribution, which equaled a certain percentage of a participant's compensation, as defined. In order to receive such a contribution, the participant must be employed on the last day of the Plan year. The discretionary contribution percentage is determined by the Plan Sponsor in the following year after the Plan year end and was 2% of each participant's compensation for the year ended December 31, 2019. The Company's discretionary contribution totaled \$123,646 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and allocations of the Plan's investment results. Allocations of the Plan's investment results are based on relative account balances, as defined.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus earnings thereon.

Participants vest in the Company's additional discretionary matching contribution as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
0-2	0%
2-3	50%
3-4	75%
4 or more	100%

Vesting (continued)

Participants vest in the Company's discretionary non-elective contribution as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
0-2	0%
2-3	20%
3-4	40%
4-5	60%
5-6	80%
6 or more	100%

Distributions

Upon death, disability, termination of service, or attainment of retirement age, a participant or his/her beneficiary is paid the value of the participant's vested interest in his/her account in a lump sum. An active participant is not entitled to make a withdrawal from his/her tax-deferred contribution account until the earlier of attainment of age 59½ or separation from service, unless the participant qualifies for a hardship withdrawal.

Forfeitures

Forfeited non-vested amounts are used to reduce Plan Sponsor's contributions to the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$15,006 and \$11,885, respectively. During the year ended December 31, 2019, the Company used approximately \$2,400 of forfeited nonvested accounts to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested portion of their account balances, subject to certain restrictions, in accordance with interest rates and collateral requirements established by the Plan document. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans. Loan terms generally do not exceed 5 years. Participants may select a repayment term up to 30 years for loans used to purchase his/her principal residence.

2 – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan Sponsor considers all highly liquid investments purchased with maturity dates of three months or less to be cash equivalents.

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, Codification Improvements, which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value (NAV) per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with ASC 820, Fair Value Measurement. The guidance is effective for fiscal years beginning after December 15, 2018. The guidance is to be applied prospectively. This standard was adopted for the year-ended December 31, 2019 for the Plan's financial statements and the ASU did not have a significant impact on the Plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Hitachi Construction Machinery Loaders America Inc. Retirement Plan
Notes to Financial Statements (continued)

2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent loans to participants made against their vested balances as permitted by the Plan. Notes receivable from participants are valued at the principal amount outstanding plus any accrued but unpaid interest.

Administrative Expenses

Pursuant to provisions of the Plan, expenses incurred in the administration of the Plan may, but need not, be paid by the Plan Sponsor. If the Plan Sponsor elects not to pay such expenses, these expenses are paid by the Plan. During 2019, the Plan Sponsor paid all expenses on behalf of the Plan, except participant loan fees which were paid from participant accounts with outstanding loan balances. Investment-related expenses are paid from the Plan from participant accounts.

3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Hitachi Construction Machinery Loaders America Inc. Retirement Plan
Notes to Financial Statements (continued)

3 – Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds—These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective Investment Trust—This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2019 and 2018:

	Level 1	Level 2	Level 3	Total
December 31, 2019:				
Mutual funds	\$9,856,319	\$ —	\$ —	\$ 9,856,319
	\$9,856,319	\$ —	\$ —	\$ 9,856,319
Common collective trust *				1,207,863
Total investments at fair value				<u>\$ 11,064,182</u>

Hitachi Construction Machinery Loaders America Inc. Retirement Plan
Notes to Financial Statements (continued)

3 – Fair Value Measurements (continued)

	Level 1	Level 2	Level 3	Total
December 31, 2018:				
Mutual funds	\$8,512,642	\$ —	\$ —	\$ 8,512,642
	\$8,512,642	\$ —	\$ —	8,512,642
Common collective trust *				1,140,313
Total investments at fair value				<u>\$ 9,652,955</u>

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4 – Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, net appreciation in fair value of investments, interest and dividends income for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by SunTrust Bank, the trustee of the Plan.

5 – Party-in-Interest Transactions

The Plan engaged in transactions involving SunTrust Bank, the trustee of the Plan, which is a party-in-interest with respect to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are not considered “prohibited transactions” under the Internal Revenue Code (Code) and are not prohibited by ERISA.

6 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and receive distributions of their account balances in accordance with the terms of the Plan.

Hitachi Construction Machinery Loaders America Inc. Retirement Plan Notes to Financial Statements (continued)

7 – Income Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

The Company identified an insignificant operational deficiency relating to employer match contributions to the Plan that occurred in the 2019 Plan year. Management corrected this deficiency under the self-correction program provided by the IRS. The Company is committed to ensuring the Plan remains in compliance with the provisions of the Code and, based upon the favorable determination letter, management believes the Plan is designed in accordance with the Code and will remain tax-exempt.

8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

8 – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the increase in net assets per the financial statements to net income per the Form 5500 for the year ended December 31, 2019:

Increase in net assets per the financial statements	\$ 1,398,192
Add: Employer contributions receivable at December 31, 2018	160,379
Less: Employer contributions receivable at December 31, 2019	<u>(128,593)</u>

Less: Excess employer match contributions at December 31, 2019	<u>(6,657)</u>
Employer contributions per Form 5500	<u><u>\$ 399,188</u></u>

9 – Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

10 – Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Cigna common stock and other Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Hitachi Construction Machinery Loaders America Inc. Retirement Plan
Notes to Financial Statements (continued)

10 – Subsequent Events (continued)

The Plan has adopted certain measures included in the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and optional features of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provisions change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

No other subsequent events were identified through October 13, 2020, the date these financial statements were issued.
