## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

#### 1. **Description of the Plan**

The following description of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of Boyd Gaming Corporation and its related entities (the "Plan Sponsor"). Employees are eligible to participate in the Plan providing they are at least age 21 and have completed three months of service. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Puerto Rican employees, independent contractors, individuals employed by any Affiliated Employer that has not adopted the Plan as a participating employer, and employees who are members of a collective bargaining unit are not eligible to participate in the Plan except as provided and only to the extent specified by the terms of an applicable collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

##### ***Contributions to the Plan***

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of \$19,000 for 2019 (\$25,000 for those participants who are age 50 or over).

The Plan includes an auto-enrollment provision whereby employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the appropriate target retirement fund until changed by the participant.

The Plan permits the Plan sponsor to make matching contributions under the Plan. Eligibility for matching contributions is the same as for deferrals but participants must also be employed on the last day of the Plan year. The Plan sponsor matched 25% of participants' deferrals up to 6% of compensation.

##### ***Participant Accounts***

All of the Plan's assets are invested, as directed by the participant, as either pooled funds or in individual self-directed brokerage accounts. For those participants who choose to invest in pooled funds, a participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. For individual self-directed brokerage accounts, a participant's account balance in the Plan represents actual contributions and investment earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

##### ***Vesting and Forfeitures***

Participants are 100% vested in their contributions and related earnings thereon at all times. Participants vest in Plan sponsor matching contributions in ratable installments of 20% per year in the first year of service. Participants are 100% vested in Plan sponsor match contributions in the event of death, disability, normal retirement (age 59½), or early retirement (age 55 and ten years of service). Forfeitures may be used to reduce any Plan sponsor contributions and to pay Plan expenses. At December 31, 2019 and 2018, forfeitures available to offset employer contributions were \$1,384,697 and \$182,910, respectively. During 2019, forfeitures in the amount \$184,644 were used to reduce employer contributions and \$295,918 was used to pay Plan fees.

### **Notes to the Financial Statements**

#### ***Payment of Benefits***

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are also permitted under the Plan providing participants must be at least age 59½. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum payment, installment payments or Ad-Hoc distribution. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is \$1,000 or less. If the value of the vested account balance is greater than \$1,000 but equal to or less than \$5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

#### ***Notes Receivable from Participants***

Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have two loans outstanding at a time. The minimum loan amount is \$1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the Plan administrator. Loans generally must be repaid with interest, through payroll deduction, within five years (longer for qualified principal residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

#### ***Plan Amendments***

Effective January 1, 2019, the Plan was restated to change:

- The trustee from Voya Institutional Trust Company to Prudential Bank and Trust, F.S.B.
- To add Puerto Rican employees as excluded employees.
- Compensation definition exclusion.
- Minimum loan amount to \$1,000 and loan interest rate to 1% above prime rate.
- To add 5 new properties as participating employers.

## **2. Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan Sponsor contributions are recorded when approved by the Plan Sponsor. Benefit payments are recorded when paid.

#### ***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

## **Boyd Gaming Corporation 401(k) Plan and Trust**

### **Notes to the Financial Statements**

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

#### ***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

#### ***Expenses***

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through September 25, 2020, the date the financial statements were available to be issued.

### **3. Certification of Assets**

Prudential Bank and Trust, F.S.B. ("Prudential") and Voya Institutional Trust Company ("Voya") serve as the trustees of the Plan's assets. In that capacity, Prudential and Voya held the Plan's investment assets and executed investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from the trustees as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2019 and 2018, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2019, was obtained or derived from the certified information.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### ***Level 1***

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

#### **Level 2**

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

#### **Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Common stocks, corporate bonds and U.S. government securities:* Valued at the closing prices reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable Value Fund:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 5. **Tax Status**

The Plan sponsor has adopted the Prudential Prototype plan. The Prototype plan received a favorable opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan Sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has

## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 6. **Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

#### 7. **Related Party Transactions**

Prudential Bank and Trust, F.S.B. ("Prudential") serves as the trustee of the Plan's assets. All transactions with Prudential and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Prudential provides certain administrative services to the Plan pursuant to an agreement between the Company and Prudential. Prudential receives revenue from mutual funds and common collective trusts service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan

The Plan or Plan Sponsor may make payments to Prudential for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan made payments totaling \$373,060 to the third party administrator, auditor, and custodian which were not covered by revenue sharing.

#### 8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

#### 9. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

#### 10. Prohibited Transactions

During the year ended December 31, 2019, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

#### 11. Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

#### 1. **Description of the Plan**

The following description of the Boyd Gaming Corporation 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### ***General***

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of Boyd Gaming Corporation and its related entities (the "Plan Sponsor"). Employees are eligible to participate in the Plan providing they are at least age 21 and have completed three months of service. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Puerto Rican employees, independent contractors, individuals employed by any Affiliated Employer that has not adopted the Plan as a participating employer, and employees who are members of a collective bargaining unit are not eligible to participate in the Plan except as provided and only to the extent specified by the terms of an applicable collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

##### ***Contributions to the Plan***

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of \$19,000 for 2019 (\$25,000 for those participants who are age 50 or over).

The Plan includes an auto-enrollment provision whereby employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the appropriate target retirement fund until changed by the participant.

The Plan permits the Plan sponsor to make matching contributions under the Plan. Eligibility for matching contributions is the same as for deferrals but participants must also be employed on the last day of the Plan year. The Plan sponsor matched 25% of participants' deferrals up to 6% of compensation.

##### ***Participant Accounts***

All of the Plan's assets are invested, as directed by the participant, as either pooled funds or in individual self-directed brokerage accounts. For those participants who choose to invest in pooled funds, a participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. For individual self-directed brokerage accounts, a participant's account balance in the Plan represents actual contributions and investment earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

##### ***Vesting and Forfeitures***

Participants are 100% vested in their contributions and related earnings thereon at all times. Participants vest in Plan sponsor matching contributions in ratable installments of 20% per year in the first year of service. Participants are 100% vested in Plan sponsor match contributions in the event of death, disability, normal retirement (age 59½), or early retirement (age 55 and ten years of service). Forfeitures may be used to reduce any Plan sponsor contributions and to pay Plan expenses. At December 31, 2019 and 2018, forfeitures available to offset employer contributions were \$1,384,697 and \$182,910, respectively. During 2019, forfeitures in the amount \$184,644 were used to reduce employer contributions and \$295,918 was used to pay Plan fees.

## **Boyd Gaming Corporation 401(k) Plan and Trust**

### **Notes to the Financial Statements**

#### ***Payment of Benefits***

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions are also permitted under the Plan providing participants must be at least age 59½. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum payment, installment payments or Ad-Hoc distribution. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is \$1,000 or less. If the value of the vested account balance is greater than \$1,000 but equal to or less than \$5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

#### ***Notes Receivable from Participants***

Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have two loans outstanding at a time. The minimum loan amount is \$1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the Plan administrator. Loans generally must be repaid with interest, through payroll deduction, within five years (longer for qualified principal residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

#### ***Plan Amendments***

Effective January 1, 2019, the Plan was restated to change:

- The trustee from Voya Institutional Trust Company to Prudential Bank and Trust, F.S.B.
- To add Puerto Rican employees as excluded employees.
- Compensation definition exclusion.
- Minimum loan amount to \$1,000 and loan interest rate to 1% above prime rate.
- To add 5 new properties as participating employers.

## **2. Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan Sponsor contributions are recorded when approved by the Plan Sponsor. Benefit payments are recorded when paid.

#### ***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

## **Boyd Gaming Corporation 401(k) Plan and Trust**

### **Notes to the Financial Statements**

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

#### ***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

#### ***Expenses***

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through September 25, 2020, the date the financial statements were available to be issued.

### **3. Certification of Assets**

Prudential Bank and Trust, F.S.B. ("Prudential") and Voya Institutional Trust Company ("Voya") serve as the trustees of the Plan's assets. In that capacity, Prudential and Voya held the Plan's investment assets and executed investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from the trustees as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2019 and 2018, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2019, was obtained or derived from the certified information.

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### ***Level 1***

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

#### **Level 2**

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

#### **Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Common stocks, corporate bonds and U.S. government securities:* Valued at the closing prices reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable Value Fund:* A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## **5. Tax Status**

The Plan sponsor has adopted the Prudential Prototype plan. The Prototype plan received a favorable opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan Sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has

## Boyd Gaming Corporation 401(k) Plan and Trust

### Notes to the Financial Statements

any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### 6. **Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

#### 7. **Related Party Transactions**

Prudential Bank and Trust, F.S.B. ("Prudential") serves as the trustee of the Plan's assets. All transactions with Prudential and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Prudential provides certain administrative services to the Plan pursuant to an agreement between the Company and Prudential. Prudential receives revenue from mutual funds and common collective trusts service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan

The Plan or Plan Sponsor may make payments to Prudential for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan made payments totaling \$373,060 to the third party administrator, auditor, and custodian which were not covered by revenue sharing.

#### 8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

#### 9. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

#### 10. Prohibited Transactions

During the year ended December 31, 2019, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

#### 11. Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
