(1) Description of the Plan

The following brief plan description of the Maritz Holdings Inc. Employees' Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

(a) General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA). All regular full-time and regular part-time employees of Maritz Inc. (the Company or Employer) are eligible to participate in the Plan immediately.

(b) Administration of the Plan

T. Rowe Price, the trustee, holds the Plan's investment assets and executes investment transactions as directed by the participants.

(c) Eligibility

Each employee of the Company becomes eligible for participation in the Plan as outlined above. Participants are permitted to enroll at any time and their deferral will be effective once eligibility requirements are met, or as soon as administratively possible following enrollment.

(d) Plan Contributions

Eligible employees who elect to participate in the Plan may contribute up to 90% before-tax and up to 6% after-tax of their current pay each pay period. However, total before-tax and after-tax contributions may not exceed 90% of pay or the federal guidelines at that time. The Company provides an employer match of 100% of the first 2% of before-tax pay contributed and 50% of the next 4% of before-tax pay contributed on a per pay period basis. An additional discretionary Company contribution may be made annually based on the overall performance of the Company.

(e) Participant's Accounts

For the years ended December 31, 2019 and 2018 participants may direct contributions in 1% increments into any of the Plan's investment options or its brokerage account, as determined by the Plan Administrator. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of earnings. Allocations are based on account balances on a pro rata basis, as described in the Plan agreement.

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of amounts related to employer matching contributions is based on vesting years of service. A participant is 100% vested after completion of three years of vesting service. Nonvested amounts are forfeited if an employee terminates prior to fully vesting.

(g) Notes Receivable from Participants

The maximum amount a participant may borrow is the lesser of 50% of the vested portion of their account balance or $50,000 at the time of the loan application, reduced by the excess of the highest outstanding loan balance during the preceding one-year period ending on the day before the date on which the loan is made over the outstanding loan balance from the Plan on the date the loan was made.

(1) Description of the Plan (continued)

(g) Notes Receivable from Participants (continued)

Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account. The interest rate charged to participants is a fixed rate equal to the prime rate on the first business day in the month in which the loan is issued. Effective September 1, 2017, the interest rate charged to participants changed to 2% plus the prime rate and remained so through December 31, 2019. Any loans outstanding shall become due and payable when a distributable event occurs under the Plan.

(h) Forfeitures

Forfeitures are used to reduce employer matching contributions for the Plan Year or pay Plan expenses. The amounts used were $311,516 and $262,440 during the years ended December 31, 2019 and 2018, respectively. The forfeited nonvested account balance was $117,327 and $192,476 at December 31, 2019 and 2018, respectively.

(i) Payment of Benefits

Under the terms of the Plan, participants, or their designated beneficiaries, are entitled to receive an amount equal to the sum of their vested accounts upon normal retirement at age 65, termination of employment, disability, or death. In addition, participants may receive distributions under circumstances of financial hardship, as defined in the Plan agreement. Distributions under the Plan are payable in a lump sum.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. While every effort is made to ensure the integrity of such estimates, including the use of third-party specialists where appropriate, actual results could differ from those estimates.

(c) Valuation of Investments

Investments are reported at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for disclosure of fair value measurements.

Net appreciation or depreciation in fair value of investments includes both realized and unrealized gains/losses and is based upon comparison to beginning of the year fair values, or the value at date of purchase if acquired during the year. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(2) Summary of Significant Accounting Policies (continued)

(d) Administrative Expenses

Certain administrative expenses are paid by the Plan, while others are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation (depreciation) of investments.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 and 2018.

(f) Subsequent Events

The Company has evaluated all subsequent events through October 6, 2020, the date the financial statements were available to be issued. Subsequent events not recognized in the financial statements are properly disclosed. See note 8 for further discussion.

(g) Benefit Payments

Benefit payments are recorded when paid.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include a:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(3) Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self directed brokerage account – Common stock, mutual funds and money market accounts in the self directed brokerage account are at fair value based on published market quotations from individual investments composing the self directed brokerage account. Such assets are classified as Level 1.

Collective trust funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 174,739,301	$ -	$ -	$ 174,739,301
Self directed brokerage account	1,740,268	-	-	1,740,268
Collective trust funds (a)	-	-	-	254,318,316
Investments, at fair value	$ 176,479,569	$ -	$ -	$ 430,797,885

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,947,023	$ -	$ -	$ 139,947,023
Self directed brokerage account	1,443,432	-	-	1,443,432
Collective trust funds (a)	-	-	-	209,532,249
Investments, at fair value	$ 141,390,455	$ -	$ -	$ 350,922,704

(3) Fair Value Measurements (continued)

(a) Investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent):

Investment	Fair Value at 12/31/19	Fair Value at 12/31/18	Unfunded commitment	Redemption frequency	Redemption notice period
Collective trust funds	$ 254,318,316	$ 209,532,249	$ -	Daily	30 days

(4) Tax Status

The Internal Revenue Service has determined that the Plan meets the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code (the IRC) and is exempt from federal income tax under Section 501(a) of the IRC by letter dated August 3, 2017.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Related Party Transactions

Certain Plan investments, shares of mutual funds and units of collective trust funds, are managed by the trustee. These transactions qualify as party-in-interest transactions. Additionally, certain Plan expenses may be paid by the Company.

(6) Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from the trustee, T. Rowe Price, that all of the information provided by them as of December 31, 2019 and 2018 and for the years then ended is complete and accurate. Information as to investments, income from investments, notes receivable from participants, all information provided in the accompanying supplemental schedule, and in note 3 are presented in reliance solely upon the certification.

(7) Risks and Uncertainty

The Plan invests in mutual fund securities and collective trusts that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In such event, participants will become 100% vested in their accounts.

(9) Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented the distribution provision of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participant to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020 without being subject to the normal ten percent (10%) early distribution penalty or the twenty percent (20%) mandatory tax withholding. The Plan also adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Since April 2020, the Company has taken action to reduce expenses and preserve liquidity, including; temporarily reducing salaries, furloughing or terminating employees, and cutting all non-essential spending. Additionally, the Company has elected to temporarily suspend the Plan's employer match program. The Plan agreement states that the employer match is discretionary and, therefore, no amendments to the Plan were needed as a result.

The Company sold two divisions in January and March 2020. The participants of these divisions were made fully vested and their Plan balances in the amount of $4,441,652 were distributed. Participant loans of this division of $409,128 were transferred to the plan of the purchaser.
