Report of Independent Auditors

To the Plan Administrator, Trustees and Participants
WAC Lighting Co. 401(k) Profit Sharing Plan
Port Washington, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WAC Lighting Co. 401(k) Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustees hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the Trustees as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of Plan

The following description of the WAC Lighting Co. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan, as amended, was established on January 16, 1996 and is a defined contribution plan with a 401(k) feature covering all eligible employees of WAC Lighting Co. (the "Company," the "Employer" or the "Plan Sponsor"). Employees are eligible to participate the first day of the calendar quarter after completing six months of service. The Board of Directors of the Company control and manage the operation and administration of the Plan. Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, (collectively referred to as the "Principal" or the "Trustees") are the Plan's Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax basis, subject to dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for a discretionary employer matching contribution based on a percentage of a participant's compensation. For 2019, the Company's discretionary matching contribution was the lesser of 3% of an employee's eligible compensation up to 50% of the employee's deferral. The matching contribution is made on an annual basis and totaled $354,683 for the year ended December 31, 2019. In addition, the Company may make discretionary contributions to the Plan to ensure compliance with ERISA requirements, allocable to Salary Reduction Accounts. Such safe harbor contributions are called Qualified Non-Elective Employer Contributions ("QNECs").

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and QNECs and (ii) the participant's share of earnings or losses on both company and employee contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested 100% in their voluntary contributions, employer matching contributions and QNECs plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct the Trustees to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their contribution investment options daily; transfer part or all of past investments to other funds daily; and may change their deferral percentage quarterly.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the one year period ending on the day before the loan is made or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. A participant may have no more than one loan outstanding at any time. If you have an existing loan you may not apply for another loan until the existing loan is paid in full. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years). The interest rate shall remain fixed throughout the duration of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.50% and mature at various dates through April 2034. Principal and interest are paid ratably through payroll deductions.

In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective salary deferrals for six (6) months after receiving a hardship distribution. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Forfeited Accounts

Any matching contributions made on excess 401(k) elective deferral contributions will be forfeited. Unvested forfeitures may be used to reduce the employer's matching contribution. During the year ended December 31, 2019, forfeitures totaling $10,175 were used to reduce such contributions.

1. Description of Plan (Continued)

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded immediately upon default. There were no deemed distributions for the year ended December 31, 2019.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to his or her account, or annual installments. Upon termination of service, and provided that the participant has a minimum of $5,000 in the Plan, the participant may elect to receive a lump-sum amount equal to the value of his/her vested account or defer distributions to normal retirement age. Those participants with less than $5,000 must receive a lump-sum distribution of their vested accounts. Participant benefits are recorded upon distribution. As of December 31, 2019 and 2018, all employees who elected to withdraw from the plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustees. All Plan investments other than the Principal Stable Value Fund are stated at fair value (see Note 5). Fair value is the price that would be received to sell an asset (on exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. The Plan's management determine the Plan's valuation policies utilizing information provided by the investment advisors, Plan Trustees and Custodian. See Note 4 for discussion at fair value measurements.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions totaling $62,280 and $44,142, respectively, to the applicable participants before March 15, 2020 and 2019, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, October 12, 2020.

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus ("COVID-19"). Global financial markets have experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The overall consequences of COVID-19 on a global, national, regional, and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Plan and its future results and financial position is not presently determinable.

On March 27, 2020, U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. COVID-related loan limits increased to the lesser of $100,000 or 100% of the participant's vested balance, but the amount is reduced by the highest total loan balance in the last 12 months. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.

3. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the Trustees of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net appreciation in the fair value of the investments, dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investments reflected on the schedule of assets (held at end of year).

4. Fair Value of Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

4. Fair Value of Measurements (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts ("PSAs"): Valued at fair value based on the net asset value ("NAV") of underlying investments (i.e., common stock, mutual funds, short term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the pooled separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

Common collective trusts (excluding the Principal Stable Value Fund) ("CCTs"): Valued at the NAV of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The CCTs provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

4. Fair Value of Measurements (Continued)

Mutual funds: Valued at quoted market prices of shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

As of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$4,846,248	$ -	$ -	$ 4,846,248
Total assets in the fair value hierarchy	$4,846,248	$ -	$ -	
Investments measured at NAV practical expedient (1)				4,345,651
Investments at fair value				$ 9,191,899

As of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,526	$ -	$ -	$ 6,526
Total assets in the fair value hierarchy	$ 6,526	$ -	$ -	
Investments measured at NAV practical expedient (1)				7,895,509
Investments at fair value				$ 7,902,035

(1) In accordance with FASB ASC Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

4. Fair Value of Measurements (Continued)

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2019:	Fair Value	2019 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type

5. Principal Stable Value Fund

The Principal Stable Value Fund is a common collective trust fund with underlying investments in investment contracts that are valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Principal Stable Value Fund, may invest in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value during the term of the contract. There is no reserve against the contract value for credit risk of the contract issuer or otherwise. The investment contract and fixed income security commitments are backed solely by the financial resources of the issuer. If an event occurs that may impair the ability of the contract issuer to perform in accordance with the contract terms, fair value may be less than contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial termination or merger into an external plan); (ii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan. As of December 31, 2019, the Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Principal Stable Value Fund (Continued)

The fair value of assets held in the Principal Stable Value Fund as of December 31, 2019 and 2018 was $2,167,721 and $590,423, respectively.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of a participant, Employer, or Plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. Exempt Party-in-Interest

At December 31, 2019, certain Plan investments were managed by Principal, the Trustees of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustees were $11,853 for the year ended December 31, 2019. Notes receivable from participants also qualify as party-in-interest transactions. Heffernan Retirement Services provides investment advisory services to the Plan and is also a party-in-interest to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

8. Tax Status

The Company adopted a prototype non-standardized profit sharing plan with a Cash or Deferred Arrangement (“CODA”) which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan’s qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and accordingly no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2016.
