Air Comm Corporation 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 – Description of the Plan

The following brief description of the Air Comm Corporation (the “Company,” “Plan Sponsor,” or “Plan Administrator”) 401(k) Profit-Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering qualified employees of the Company and KRN Management, LLC (collectively, the "Employer"). The Plan excludes collectively bargained employees, non-resident aliens, leased employees, interns, and part-time / seasonal / temporary employees whose regularly scheduled service is less than 1,000 hours during a 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments. Effective January 1, 2019, the Plan's hardship withdrawal provisions were amended in accordance with the Bipartisan Budget Act of 2018 and the IRS's proposed regulations. Effective May 1, 2019, the Plan Sponsor’s Plan Expense Agreement with Principal was amended to provide for revenue sharing and an ERISA Budget Account. Effective July 1, 2019, installments became a distribution option for participants.

***Eligibility*.** Full time employees are eligible to participate in the Plan, make salary deferral contributions, and receive Employer safe harbor non-elective contributions and discretionary Employer matching contributions after completing 30 days of service and attainment of age 18. Part-time employees are eligible to participate in the Plan, make salary deferral contributions, and receive Employer safe harbor non-elective contributions and discretionary Employer matching contributions after completing 1 year of service ("YOS") and attainment of age 18. A YOS is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Participants are eligible to receive discretionary Employer profit sharing contributions if they are employed on the last day of the Plan year and have completed a YOS.

Contributions. Each year, participants may contribute up to the dollar limitations imposed by the Internal Revenue Code (“IRC”) of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. The Plan has an auto enrollment and auto escalation feature. Newly eligible participants and participants with a deferral election of less than 5% on the first day of the Plan year, will be automatically enrolled or re-enrolled at a 5% pre-tax elective deferral percentage. Such percentage will be increased annually by 1% on the first day of each Plan year until the participant reaches a 10% deferral election percentage. The Employer makes a safe harbor non-elective contribution equal to 3% of each eligible participant's compensation during the Plan year. The Employer may also elect to make a discretionary profit sharing contribution to eligible participants based on an employee group allocation method. During 2019, no such discretionary profit sharing contribution was made. Finally, the Employer may elect to make a discretionary Employer matching contribution in an amount not to exceed 4% of the participant's eligible compensation for the Plan year. During 2019, no such discretionary Employer matching contribution was made. Participants may also contribute amounts representing distributions from other qualified plans as a rollover contribution.

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (pretax, catchup, Roth, and rollovers, if any) and allocations of the (i) Employer's contribution (safe harbor non-elective, discretionary profit sharing, and discretionary matching) and Plan earnings, and charged with payments of benefits and an allocation of administrative expenses and Plan losses. Allocations are based on participant's compensation or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Investment Options*.** Upon enrollment in the Plan, a participant may direct employee and Employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term, up to 15 years, is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Vesting. Participants are vested immediately in all employee and Employer safe harbor contributions plus actual earnings thereon. Participant vesting in discretionary Employer profit-sharing and matching contributions is based on a 6 year graded vesting schedule. Additionally, employed participants become 100% vested in their accounts upon attainment of normal retirement age, death, disability, and termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation occur, the non-vested portion of a participant's account represents a forfeiture. Forfeitures may be used to pay administrative expenses or used to reduce Employer contributions. During 2019, forfeitures of $5,704 were used to reduce Employer contributions and $3,591 were used to pay administrative expenses of the Plan. As of December 31, 2019 and 2018, unutilized forfeitures totaled $363 and $2,142, respectively.

***Payment of Benefits*.** Benefits to participants or beneficiaries are generally payable as a lump-sum or installments equal to the value of their vested account balance upon retirement, termination of employment, death or disability. Participant may also elect a rollover distribution of their vested account balance into another qualified plan or Individual Retirement Account. Participants may elect in-service withdrawals of their rollover contributions account, upon attainment of age 59 ½, or upon incurring a financial hardship, as defined, if certain criteria are met.

***Death Benefits*.** The designated beneficiary is entitled to a death benefit distribution equal to the participant's account balance.

***Plan Termination*.** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value, except for the Plan's investment in an unallocated insurance contract which is recorded at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits. Benefit payments to participants are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are contractor administrator, recordkeeping, investment advisory, and other administrative fees. Certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Fair Value Measurements

Topic ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Note 3 – Fair Value Measurements (continued)

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Registered investment companies are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

- Pooled separate accounts ("PSA") and common collective trusts ("CCT"): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value ('FV") hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	**$ 494,154**	**$ -**	**$ -**	**$ 494,154**
Total Assets in FV Hierarchy	**$ 494,154**	**$ -**	**$ -**	**494,154**
Investments Measured at NAV				**7,196,792**
Total Assets at Fair Value				**$ 7,690,946**

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	$ 414,441	$ -	$ -	$ 414,441
Total Assets in FV Hierarchy	$ 414,441	$ -	$ -	414,441
Investments Measured at NAV				6,084,275
Total Assets at Fair Value				$ 6,498,716

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During 2019, there were no transfers in or out of levels 1, 2 or 3.

Note 3 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Share (or Equivalent). The following table for December 31, 2019 and 2018, sets forth a summary of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31, 2019	Fair Value as of December 31, 2018	Unfunded Commitments	Redemption Frequency	Redemption Restrictions
Pooled Separate Accounts (a)	**$1,040,295**	$817,594	None	Daily	None (b)
Common Collective Trusts (c)	**$6,156,497**	$5,266,681	None	Daily	None (d)

(a) The PSAs have various large/mid/small cap value/growth/index, real-estate, and short term income investment strategies.

(b) The PSAs have transfer restrictions that limit the number of transfers allowed to 1 transfer every 30 day period (*). Such restriction lapsed for one of the Plan's PSAs, the Prin MidCap Value III SA-Z, during 2019.

(c) The CCTs have various income fund and 2020-2060 retirement target date fund investment strategies that invest mainly in mutual funds, collective trusts, and pooled separate accounts.

(d) Two CCTs, the Prin LifeTime Hybr 2060 CIT Z and Prin LifeTime Hybr 2065 CIT Z, were restricted to 1 transfer every 30 day period (*) during 2018. Such restrictions lapsed in 2019.

(*) Once the number of allowed transfers is met, participants are not allowed to transfer back into an investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options or to Guaranteed options.

Note 4 – Investment Contract with Insurance Company

During 2016, the Plan entered into a traditional benefit-responsive investment contract, the Principal Fixed Income Guaranteed Option ("PFIGO"), with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions such as an equity wash. An equity wash generally requires that transfers must be directed to a non-competing investment option under the Plan for 90-days before such transferred amounts may be directed to any competing Plan investment option available under the Plan. Competing Plan investment options include other guaranteed investment options, or fixed income, money market, or bond funds that ever had an average duration of 3.0 years or less.

Note 4 – Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2019 and 2018 was $15,266 and $2,718, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer such as an Employer-level liquidation or Employer initiated transfer of the Plan's interest in the PFIGO. Such events are subject to either a 12-month advance notice or a 5% surrender charge, whichever the Employer chooses. Notification of a Plan's intent to terminate its interest may be revoked within 90 days of Principal Life's receipt of such notice, after which time, notice becomes irrevocable. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan's interest in the contract during the 12 month period immediately preceding the Employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the Employer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 – Certified Information

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Investment amounts, as shown in Notes 3 and 4;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2019, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 6 – Tax Status

The Plan Sponsor has adopted a Principal Life Insurance Company Volume Submitter Profit Sharing Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on August 8, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and the Plan have been amended since receiving the IRS advisory letter, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2019 and 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

Certain Plan investments are units of common collective trusts, pooled separate accounts, and an unallocated insurance contract offered by Principal Global Investors Trust Company and Principal Life, both of which are related entities of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. As such these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 8 – Nonexempt Prohibited Transactions

During 2017 and 2018, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan's trust. The 2017 late contributions and loan repayments were corrected in April 2019 and May 2019 when the Company remitted lost earnings into the Plan's trust. The 2018 late contributions and loan repayments were corrected in April 2020 when the Company remitted lost earnings into the Plan's trust.

Note 9 – Concentrations, Risks, and Uncertainties

The Plan provides for various investment options in common collective trusts, pooled separate accounts, registered investment companies, and an unallocated insurance contract. Investment securities, in general, are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. As of December 31, 2019 and 2018, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 25, 2020, which is the date the financial statements were available to be issued.

On January 1, 2020 the Plan document was amended and restated. In connection with the amendment and restatement, the following:

- Safe harbor non-elective contributions were discontinued.
- The Employer started to make a discretionary matching contribution equal to 50% of a participant's contributions up to 6% of a participant's eligible compensation.
- The Plan's eligibility requirements for all contributions was changed from 30 days of service to 6 months. Additionally, the allocation timing for discretionary Employer matching contributions was changed from an annual basis to a payroll period basis.
- Elective deferral contribution changes will occur on the first day of each month.
- The initial auto-enrollment contribution percentage was decreased from 5% to 4%.
- The Plan's vesting schedule for purposes of discretionary Employer profit-sharing and matching contributions was accelerated from a 6 year graded vesting schedule to a 5 year graded vesting schedule.

Note 10 – Subsequent Events (continued)

In April 2020, the Plan's distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution ("CRD") up to $100,000 from the Plan through December 31, 2020.
- The maximum dollar amount available for participant loans is the lesser of $100,000 or 100% of a participant's vested account balance for eligible individuals, as defined, who meet the requirements for CRDs. Such increase in the maximum loan amount will remain in effect through September 22, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for CRDs.
- The payout of 2020 and certain 2019 required minimum distributions ("RMDs") were waived.
