Note 1 - Plan Description

The following description of Audio Visual Services Group, LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Audio Visual Services Group, LLC (the "Company") who have completed one month of service and are age 18 or older. Employees whose employment is governed by a collective bargaining agreement, who are residents of Puerto Rico, or who are classified as "as needed" are not eligible. Effective November 15, 2019, eligible participants may enter the Plan immediately upon satisfying the requirements. Prior to this change, eligible employees could enter the Plan on the first day of the month after satisfying the requirements.

On November 15, 2019, the portion of the Freeman 401(k) Plan assets attributable to Encore Holding, LLC, totaling \$57,603,044, was transferred to the Plan, and the Plan was amended to include all employees of Encore Holding, LLC who meet the Plan's eligibility requirements at that date. Encore Holding, LLC is wholly owned by Audio Visual Services Group, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) deferral contributions up to a maximum of 75 percent (60 percent prior to November 15, 2019) of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain eligible employees who do not elect otherwise are automatically enrolled in the Plan with a deferral contribution rate of 4 percent.

The Plan provides for discretionary employer matching contributions. During 2019, such contributions were equal to 50 cents for each dollar of each eligible participant's first 6 percent of compensation contributed as elective deferrals. Employer matching contributions are made quarterly and require that the participant be employed on the last day of each plan quarter.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's matching contribution, and allocations of plan earnings and charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of the funds held in their accounts into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary deferral and rollover contributions and any income or loss thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in employer matching contributions 25 percent after two years of service and another 25 percent per year thereafter until they become fully vested after five years of service.

Company contributions attributable to accounts that were transferred or merged into this Plan from other plans may be subject to different vesting requirements.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Benefit Payments

Upon termination of service due to retirement, death, disability, or termination of employment, a participant may elect to receive the value of the participant's vested interest in his or her account in the form of a lump-sum payment, partial withdrawal, or installment. Participants with a vested account balance of \$5,000 or less will receive an immediate lump-sum distribution. Participants with a vested balance of \$5,000 or less but more than \$1,000 will have their balances distributed to an individual retirement account (IRA).

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan agreement.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used first to pay administrative expenses. Any remaining amounts will be used to reduce future company contributions. At December 31, 2019 and 2018, forfeited account balances totaled \$241,516 and \$186,882, respectively. During 2019, forfeitures were used to reduce company contributions in the amount of \$294,570.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 9.25 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are offset against participant balances when deemed uncollectible.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative costs, charges, and expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 5, 2020, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Notes to Financial Statements

December 31, 2019 and 2018

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Money Market Fund

Money market funds are valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Note 1 - Plan Description

The following description of Audio Visual Services Group, LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Audio Visual Services Group, LLC (the "Company") who have completed one month of service and are age 18 or older. Employees whose employment is governed by a collective bargaining agreement, who are residents of Puerto Rico, or who are classified as "as needed" are not eligible. Effective November 15, 2019, eligible participants may enter the Plan immediately upon satisfying the requirements. Prior to this change, eligible employees could enter the Plan on the first day of the month after satisfying the requirements.

On November 15, 2019, the portion of the Freeman 401(k) Plan assets attributable to Encore Holding, LLC, totaling \$57,603,044, was transferred to the Plan, and the Plan was amended to include all employees of Encore Holding, LLC who meet the Plan's eligibility requirements at that date. Encore Holding, LLC is wholly owned by Audio Visual Services Group, LLC.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) deferral contributions up to a maximum of 75 percent (60 percent prior to November 15, 2019) of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain eligible employees who do not elect otherwise are automatically enrolled in the Plan with a deferral contribution rate of 4 percent.

The Plan provides for discretionary employer matching contributions. During 2019, such contributions were equal to 50 cents for each dollar of each eligible participant's first 6 percent of compensation contributed as elective deferrals. Employer matching contributions are made quarterly and require that the participant be employed on the last day of each plan quarter.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's matching contribution, and allocations of plan earnings and charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of the funds held in their accounts into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary deferral and rollover contributions and any income or loss thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in employer matching contributions 25 percent after two years of service and another 25 percent per year thereafter until they become fully vested after five years of service.

Company contributions attributable to accounts that were transferred or merged into this Plan from other plans may be subject to different vesting requirements.

December 31, 2019 and 2018

Note 1 - Plan Description (Continued)

Benefit Payments

Upon termination of service due to retirement, death, disability, or termination of employment, a participant may elect to receive the value of the participant's vested interest in his or her account in the form of a lump-sum payment, partial withdrawal, or installment. Participants with a vested account balance of \$5,000 or less will receive an immediate lump-sum distribution. Participants with a vested balance of \$5,000 or less but more than \$1,000 will have their balances distributed to an individual retirement account (IRA).

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan agreement.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used first to pay administrative expenses. Any remaining amounts will be used to reduce future company contributions. At December 31, 2019 and 2018, forfeited account balances totaled \$241,516 and \$186,882, respectively. During 2019, forfeitures were used to reduce company contributions in the amount of \$294,570.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 9.25 percent, which are commensurate with local prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.
