LEGACY EFFECTS, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2019

NOTE 1: DESCRIPTION OF PLAN

The Legacy Effects, LLC 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan sponsored by Legacy Effects, LLC (the "Company"). The following description of the Plan provides only general plan information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age 18 or older. An employee can enter the Plan on the first day of the month subsequent to satisfying the eligibility requirements. The Retirement Plan Committee is responsible for the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participants may contribute a portion of their pretax earnings, or contribute Roth deferrals, up to the maximum allowed by law. New employees who have met the eligibility requirements of the Plan are automatically enrolled in the Plan at a deferral rate of 3% unless an employee opts out. In addition, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan allows for the Company to make a discretionary contribution to the Plan, the amount of which is determined by the Company. Participants must be employed on the last day of the plan year to be eligible to receive an allocation of the Company's discretionary contribution. The Company did not elect to make a discretionary contribution to the Plan for the year ended December 31, 2019.

Participant accounts:

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary contribution, if any, and plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their contributions and any of the Company's discretionary contributions, plus actual earnings thereon.

(Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payments of benefits:

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive a lump-sum distribution, installment payments, annuity payments, transfer the vested balance to a qualified plan, or leave the vested balance in the Plan. If a participant terminates employment with an account balance between $1,000 and $5,000, has not yet reached age 65 and no distribution election is received from the participant, the Plan administrator may rollover the participant's vested balance to an individual retirement plan outside of the Plan. If a participant terminates employment with an account balance less than $1,000 and no distribution election is received from the participant, the Plan administrator may process a lump-sum distribution.

The Plan also provides for in-service distributions for participants after attaining age 59 ½ and early retirement distributions for terminated participants after attaining age 55.

Hardship withdrawals:

A participant may be permitted to withdraw a portion or all of the balance of their account that is attributable to the participant's deferred compensation for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of: (a) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period, or (b) the greater of 50% of the participant's vested interest in the Plan or $10,000, reduced by any outstanding loan balance on the date the new loan is made. Notes receivable terms are up to five years. The borrowings are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan administrator based on the rates available for similar loans from commercial lending institutions, which remains fixed throughout the duration of the loan. Participants are granted one loan during any one-year period and can have a maximum of three loans outstanding at any time. Interest on notes receivable from participants was charged at rates ranging from 4.25% to 6.50% during the year ended December 31, 2019. Principal and interest are paid ratably through weekly payroll deductions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments, as certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodians"), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded as reported by the Custodians. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year. Differences between fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions under the terms of the Plan.

Payment of benefits:

Benefits are recorded when paid.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2019 excess participant contributions to the applicable participants subsequent to December 31, 2019.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the audit of the Plan's financial statements are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation in fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan assets are held by the Custodians pursuant to an agreement which provides that all funds received by the Custodians shall be held, administered, invested, and distributed by the Custodians, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedules was obtained or derived from data that has been prepared and certified to as complete and accurate by the Custodians:

	2019	2018
Investments	$ 8,507,945	$ 6,790,711
Net realized and unrealized appreciation in fair value of investments	$ 1,795,430	

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

Under level one, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(Continued)

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are considered to be level 1 in the fair value hierarchy.

Investments in pooled separate accounts are valued at the net asset value (NAV) of units held in a pooled separate account. The NAV is based on the fair value of the underlying investments held by the Custodian less its liabilities. The Plan has concluded that the NAVs as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the Custodian approximates the fair value of the investments. Therefore, this investment has a "Readily Determinable Fair Value". The NAV is calculated in a manner consistent with accounting principles generally accepted in the United States if America ("US GAAP") for investment companies. The fair value of the underlying mutual fund is based on third-party pricing vendors and utilize observable market information.

The Plans investment in the Principal Stable Value Fund (the "Fund") is a collective investment trust held as trustee by Principal Global Investors Trust company, an affiliate of the Custodians and is governed by a trust agreement, and is valued based on the underlying investments which consist primarily of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The NAV of the Fund is not publicly quoted but is available to current investors when plan participants access their account values. The NAV is the basis for current transactions and the Fund can be redeemed at NAV as of the measurement date. Therefore, this investment has a "Readily Determinable Fair Value". The NAV is calculated in a manner consistent with US GAAP for investment companies. Because it is valued similarly to mutual funds, the Fund is deemed to have a readily determinable fair value and is considered to be a level 2 asset in the fair value hierarchy. Unfunded commitments typically are found in private equity funds and therefore are not applicable to the Fund.

There have been no changes in the methodologies used at December 31, 2019 and 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,539,096	$ -	$ -	$ 4,539,096

	$ 4,539,096	$ 461,900	$ -	5,000,996
Investments measured at NAV [(a)]				
Pooled Separate Accounts				3,506,949
Total Investments at Fair Value				$ 8,507,945

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,721,237	$ -	$ -	$ 3,721,237
Stable Value Collective investment trust	-	350,440	-	350,440
	$ 3,721,237	$ 350,440	$ -	4,071,677
Investments measured at NAV [(a)]				
Pooled Separate Accounts				2,719,034
Total Investments at Fair Value				$ 6,790,711

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts represented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

The Plan investments in PSA's and a stable value collective investment trust are managed by Principal Life Insurance Company and its affiliate. Therefore, transactions in these investments qualify as party-in-interest transactions. The current value of investments managed by Principal Life Insurance Company and its affiliate amounted to $3,968,849 and $3,069,474 as of December 31, 2019 and 2018, respectively.

Fees charged to the Plan by Principal Life Insurance Company and its affiliate for administrative expenses amounted to $46,525 for the year ended December 31, 2019 and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

During the year ended December 31, 2019, fees paid by the Plan relating to the audit of the Plan for the year ended December 31, 2018 amounted to $15,000 and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Fees charged to the Plan by the Plan's third-party investment advisor for investment advisory services amounted to $20,000 for the year ended December 31, 2019 and are included in net realized and unrealized appreciation in fair value of investments in the accompanying statement of changes in net assets available.

NOTE 6: TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan prepared by Principal Life Insurance Company. This prototype plan has obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2019 and 2018. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 9: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2018, there was a delay by the Company in submitting $598 of employee deferrals to the Custodians in a timely manner. The related funds were withheld on January 19, 2018 and deposited into the Plan on June 25, 2019. The related lost earnings on these delinquent participant contributions totaling $46 were deposited into the Plan on August 8, 2019.

NOTE 10: SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. Market disruptions associated with COVID-19 pandemic have had a global impact, an uncertainty exists as to the long-term implications. Such disruptions may adversely affect the Plan's investments. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements. The Company is continuing to monitor this development and evaluate its impact on the Plan's assets.

The Plan has evaluated subsequent events through October 12, 2020, the date which the financial statements were available to be issued. Except as disclosed in Note 2 and above, there were no other subsequent events noted that would require adjustment to or disclosure in these financial statements.
