Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. 1. DESCRIPTION OF PLAN

The following brief description of the Gold Coast Ingredients, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. The Plan covers all employees of Gold Coast Ingredients, Inc. (the Company) who are at least 20 years old and have completed three months of full-time service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants' contributions are made to the Plan by means of a salary deferral agreement under which the participant is entitled to defer the lesser of 100% of their compensation or a fixed amount determined annually by the Internal Revenue Service. Rollover contributions are permitted by the Plan. For the year ended December 31, 2019, the Company made matching contributions equal to 15% of the first 4% of each participant's eligible wages. Matching contributions of $23,232 were made to the Plan for the year ended December 31, 2019.

In addition, the Company, at its option, may contribute a portion of its current profits. For the year ended December 31, 2019, no discretionary profit-sharing contributions were allocated to the Plan.

Participant Accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's profit-sharing contribution and (c) Plan earnings. Allocations of matching contributions are based on participant contributions, as defined. Allocations of profit-sharing contributions are based on the participant's eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. Allocations of Plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, but not less than $1,000 and no more than $50,000. The loan repayment period must be no more than five years with the interest rate determined based on the rate a bank or professional lender would charge. Home loans can be repaid over a reasonable period of time that may exceed five years. The loans are secured by the vested balance in the participant's account. Interest rates on participant loans were from 4.50% to 6.50% at December 31, 2019.

Investment Options

Each participant directs the allocation of his or her contribution and employer matching contributions to one or more of the investment options offered by the Plan.

Vesting
Participants are vested on their contributions plus earnings, immediately. Vesting in the Company's matching and profit-sharing contributions is based on years of service. A year of vesting service is defined as any year in which a participant completes 1,000 hours in that year. The following schedule describes the vesting percentages for participants.

Years of Service	Vested Benefit Percentage
1	20%
2	40%
3	60%
4	80%
5+	100%

Payment of Benefits
Upon termination of service due to death, permanent disability, retirement or early retirement, as defined by the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants are based upon the vested balance in their individual accounts at the time of termination and are recorded in the year of distribution.

Forfeitures
Forfeitures of terminated participants' non-vested accounts stay within the plan and are used to offset the Company's matching contributions or Plan expenses. There were no forfeitures used to reduce employer matching contributions of Plan expenses during the year ended December 31, 2019. At December 31, 2019 and 2018, there were forfeited non-vested accounts available for future use of $2,753 and $1,955, respectively.

Administrative Expenses
Administrative expenses to the extent that they are not paid by the Company may be paid by the assets of the Plan. For the year ended December 31, 2019, administrative expenses of $812 were paid for by the Plan. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments recorded at fair value consist solely of pooled separate accounts (PSA) valued at net asset value (NAV) as a practical expedient. Accordingly, these investments are excluded from the fair value hierarchy disclosures.

PSA are valued at NAV which is based on the fair value of the underlying investments of the PSA, less any liabilities. The underlying investments of the PSA are mainly equity and fixed income securities and short-term investments. The investment strategies of the Plan's PSA vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and investments in equity securities in domestic and international markets for growth and value objectives as well as to replicate market indexes and to invest in emerging markets. The Plan had no unfunded commitments related to PSA. The redemption of PSA is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments purchased and sod as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement.

Subsequent Events

The Plan evaluated subsequent events through October 6, 2020, the date these financial statements were available to be issued. Based on this evaluation, the Plan has determined that no material subsequent events, other than as disclosed in Note 7, have occurred which require recognition or additional disclosure in these financial statements.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments and interest income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

No auditing procedures were performed with respect to information certified by the custodian as complete and accurate.

4. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of the termination.

5. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan makes payments to parties-in-interest who provide services to the Plan. The Company, which qualifies as a party-in-interest, absorbs certain administrative expenses of the Plan. Such transactions qualify for a statutory exemption. Additionally, notes receivable from participants are considered party-in-interest transactions.

7. POTENTIAL IMPACT OF COVID-19

The 2019 novel coronavirus (or “COVID-19”) has adversely affected, and may continue to adversely affect 2020 economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have fluctuated significantly. These economic and market conditions and other effects of the COVID-19 outbreak may adversely affect the Plan. The extent of such adverse impact of the COVID-19 outbreak on the Plan’s participants’ account balances and the amounts reported on the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time
