The Company's Board of Directors ("Board") has authorized matching contributions of up to 4% of the Participant's gross salary, matching 100% of the first 3% and 50% of the next 2% of gross salary elected to be contributed by the Participant. The matching contribution is invested as directed by the Participant. Additional profit sharing amounts may be contributed at the option of the Board. The Board of Directors authorized no additional discretionary contributions for 2019. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of employer contributions and Plan earnings and charged with an allocation of administrative expenses. (continued)

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits - Benefits are recorded when paid. A participant may receive a lump-sum amount equal to the vested value of his or her account upon termination of employment, attainment of normal retirement age, death or disability. If the participant's vested account balance exceeds \$5,000, the Plan will allow the participant to elect when to commence distribution or permit a direct rollover to another qualified plan or IRA. If the vested account balance does not exceed \$5,000, the Plan will distribute the balance in a lump-sum.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year and dividends and interest in pooled separate accounts and registered investment companies.

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Expenses - Certain expenses of maintain the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in the Net increase in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Date of Management's Review - Subsequent events were evaluated through October 12, 2020, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were not used to value any of the Plan's investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following table sets forth the Plan's investments at fair value as of December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Mutual Funds	\$1,767,650	\$1,292,297

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Investments (at fair value)	\$1,767,650	\$1,292,297
Participant Loans	33,219	31,861
Investment Income (Loss)	256,767	(55,675)
Participant Loan Income	1,604	1,309

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the custodian; and therefore, these transactions qualify as party-in-interest. Certain administrative expenses are paid by the Company.

NOTES TO FINANCIAL STATEMENTS

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts and an insurance company general account with varying combinations of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. INCOME TAX STATUS

The Company is using a Prototype Plan. The Internal Revenue Service has determined and informed the prototype designer by a letter dated March 31, 2014 that the Prototype Plan is designed in accordance with Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, it is the position of the Company that the Plan has been operated in accordance with Internal Revenue Code and ERISA requirements and, therefore, will be considered exempt from federal income taxes. Accordingly, income taxes have not been provided for in the accompanying financial statements.

Accounting principles generally accepted in the United State of America require the plan administrator to evaluate the positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is not subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Company's tax returns are subject to possible examination by the taxing authorities. For Federal income tax purposes the returns essentially remain open to possible examination for a period of three years after the respective filing deadlines of those returns. For state and local tax purposes the period may extend to five years.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred percent vested in their accounts.
