Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CR Crawford Construction 401(k) (Plan), formerly CR Crawford Construction/American Slims 401(k), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified financial information summarized in Note 6, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on the Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on the Supplemental Schedule

The accompanying supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified financial information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1) Description of plan:

A general description of the CR Crawford Construction 401(k) (Plan), formerly CR Crawford Construction/American Slims 401(k), is provided in the following paragraphs. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

CR Crawford Construction, LLC; American Slims, LLC; and Com-Crete, LLC are herein referred to as the "Participating Companies." American Slims, LLC was sold in July 2019.

General -

The Plan is a defined contribution plan covering substantially all employees with the exception of union employees. Employees who have completed six consecutive months of service are eligible to participate in the Plan. If employees do not satisfy the six consecutive months of service requirement, one year of service must be obtained. Employees satisfying the eligibility requirements are eligible to participate on January 1, April 1, July 1, and October 1 of each year. Former participants in the Plan who are reemployed within one year by the Participating Companies will be immediately eligible to participate in the Plan if they had previously met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Contributions -

Participants may contribute through payroll deductions and eligible rollover contributions. Subject to certain limitations under the Internal Revenue Code (IRC), participants may contribute an amount not in excess of 100 percent of the participant's eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered under the Plan.

The Participating Companies make safe harbor matching contributions equal to 100 percent of a participant's contribution up to three percent of plan year compensation, plus 50 percent of additional contributions up to an additional one percent of plan year compensation.

Participants direct the investment of their contributions and those of the Participating Companies into various investment options offered under the Plan. The Plan currently offers several mutual fund options, a pooled separate account and a fully benefit responsive insurance contract as investment options for participants. Participants may change their elected investment options at any time. Salary deferral contribution changes can be changed on the first day of each plan quarter.

Participant accounts -

Each participant's account is credited with the participant's contribution plus an allocation of (a) the Participating Companies' safe harbor matching contribution, and qualified non-elective contributions, and (b) Plan earnings less administrative expenses. Allocations of plan earnings are based on each participant's account balance. Allocation of the Participating Companies' contributions are based on each participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their salary deferral and rollover contributions, any qualified non-elective contributions and the Participating Companies' safe harbor matching contributions, plus actual earnings thereon.

Note 1) Description of plan: (continued)

Notes receivable from participants -

Participants may borrow against their account balances a minimum of $1,000 up to their entire vested balance in the Plan. Related fees are recorded as administrative expenses and are recorded when they are incurred. Loans are collateralized by the balance in the participant's account. Loan terms range from one to five years, unless used for the purchase of a principal residence. Interest rates are determined by the plan administrator at prevailing market rates. Interest rates range from 5.25 percent to 6.50 percent, at December 31, 2019. Principal and interest are paid ratably directly from the participant's personal bank accounts.

Deemed distributions -

The Plan treats participant loans that are in default, due to two missed payments and outstanding loan balances when a terminated employee takes a distribution, as deemed distributions. In accordance with Internal Revenue Service (IRS) regulations, a participant who repays a loan after a deemed distribution will receive credits pursuant to IRS requirements.

Payment of benefits -

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment, substantially equal installments, or a partial cash distribution. If a terminated participant's account balance is equal to or less than $1,000, the account will be automatically distributed in a lump sum payment. In-service withdrawals are available to participants who have attained age 59½. Benefits shall be paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

Forfeited accounts -

Forfeitures can be used to offset administrative expenses or reduce the Participating Companies' contributions to the Plan. Because the participants are immediately vested in the Plan, there are no forfeitures used or available for future use.

Administrative expenses -

Administrative expenses of the Plan are paid by the Plan unless the Participating Companies determine to pay them. Administrative expenses consist primarily of fees charged by third-party service providers as well as loan processing fees. Investment related expenses are included in net change in fair value of investments.

Plan termination -

Although they have not expressed any intent to do so, the Participating Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2) Summary of significant accounting policies:

Basis of accounting -

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Note 2) Summary of significant accounting policies: (continued)

Estimates and assumptions -

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition -

The Plan's investments are stated at fair value, except for the fully benefit-responsive guaranteed investment contract which is measured at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount that participants would receive if they were to initiate transactions under the terms of the plan document. See Note 7 for a discussion of this fully benefit-responsive guaranteed investment contract. Management determines the Plan's valuation policies utilizing information provided by third-party administrators. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution under the terms of the plan document, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits -

Benefit payments to participants are recorded upon distribution.

Risk and uncertainties -

The Plan invests in various mutual fund options, a pooled separate account and a guaranteed investment contract. Such investments, in general, are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Recent accounting pronouncements -

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement.* ASU 2018-13 eliminates, adds and modifies certain disclosure requirements for fair value measurements. Among the changes, entities will no longer be required to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy but will be required to disclose the range and weighted average used to develop significant unobservable inputs for Level 3 fair value measurements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities may early adopt any removed or modified disclosures and may delay any additions required until the effective date. Management has determined the adoption of this standard will not have a material impact on the notes to the Plan's financial statements.

Note 3) Tax status:

The Plan and trust established under the Plan to hold the Plan's assets, obtained an opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and trust are designed, and are currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more-likely-than-not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 4) Related party transactions and party-in-interest transactions:

Minnesota Life Insurance Company (MN Life) is the custodian, as defined by the plan document. In addition, Securian Financial (Securian) provides third-party administrative services to the Plan. MN Life is the holder of the group annuity contract and Securian manages the pooled separate account that is available for participant investment. Since MN Life serves as custodian and Securian serves as third party administrator, they are by definition parties-in-interest.

The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. The transactions above are exempt from being prohibited transactions under ERISA.

Note 5) Fair value measurements:

The Plan's investments are reported at fair value in the statements of net assets available for benefits. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a fair value hierarchy that requires the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value, as follows:

- Level 1 Inputs - Quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Inputs - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The inputs used for valuing assets are not an indication of the risk associated with investing in those assets.

Note 5) Fair value measurements: (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual fund options -

The fair value of the mutual fund options held by the Plan are based on quoted market prices of similar mutual funds registered for sale to the public and are categorized within Level 2 of the fair value hierarchy. Investments in the mutual fund options are generally redeemable daily.

Pooled separate account -

The pooled separate account is valued using the net asset value (NAV) as provided by the custodian of the Plan. The NAV is based on the unit value of the underlying assets, using the practical expedient, owned by the separate account less any liabilities and expenses. NAV is calculated daily. There are no redemption restrictions and no unfunded commitments related to the pooled separate account.

The following table sets forth the Plan's assets by level within the fair value hierarchy that were measured at fair value on a recurring basis:

		Fair Value Measurements Using		
	Balance	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2019				
Mutual fund options	$ 1,430,113	$ -	$ 1,430,113	$ -
Pooled separate account (a)	1,309,009	-	-	-
2018				
Mutual fund options	$ 969,177	$ -	$ 969,177	$ -
Pooled separate account (a)	928,922	-	-	-

(a) In accordance with ASU 2015-07, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following methods and assumptions were used to estimate the fair value of financial instruments that are not disclosed above:

Notes receivable from participants -

The notes receivable from participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of the notes receivable from participants is equal to the unpaid principal balance plus any accrued but unpaid interest because the loans are secured by each respective participant's vested account balance.

Note 6) Investments:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by MN Life, except for comparing such information to information included in the Plan's financial statements and the applicable supplemental schedule.

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained or derived from investment information provided to the plan administrator and certified as complete and accurate by MN Life.

Note 7) Guaranteed investment contract:

The Plan has invested in a single guaranteed investment contract (GIC) with the plan's custodian, MN Life. The GIC is considered fully benefit-responsive and is included in the statement of net assets available for benefits at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is based on contributions and earnings less withdrawals and expenses. The GIC's guaranteed interest rates are reset quarterly. Guaranteed interest rates at December 31, 2019 and 2018, were 1.20 percent and 1.09 percent, respectively. The Plan may terminate this contract at any time with written notice to MN Life. Certain events may limit the ability to transact at contract value; such as, termination of the Plan or loss of qualified plan status. There is a surcharge for terminating the contract. As of December 31, 2019, there are no events that would prevent transactions at contract value.

Note 8) Reconciliation of financial statements to IRS Form 5500:

Net assets available for benefits at December 31, 2019 and 2018, as disclosed in IRS Form 5500 were $2,901,827 and $2,007,288, respectively. The December 31, 2019 and 2018, amounts vary from the statements of net assets available for benefits by $8,371 and $8,500, respectively, which relates to contributions receivable.

Increase in net assets available for benefits at December 31, 2019, as disclosed in IRS Form 5500 was $894,539. The amount varies from the statement of changes in net assets available for benefits by $129, which relates to contributions receivable.

Contributions for the year ended December 31, 2019, as disclosed in IRS Form 5500 totaled $471,127. The amount varies from the statement of changes in net assets available for benefits by $130, which relates to contributions receivable.

Benefits paid to participants for the year ended December 31, 2019, as disclosed in IRS Form 5500 totaled $48,197. The amount is identical to that reported in the statement of changes in net assets available for benefits.

Note 9) Subsequent events:

The Plan administrator has evaluated subsequent events through October 12, 2020, the date which the financial statements were available for release. The Plan administrator is not aware of any additional subsequent events that would require recognition or disclosure in the financial statements.
