Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Yavapai Regional Medical Center Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974,* the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the custodian of the Plan, and Voya Retirement Life Insurance and Annuity Company, the insurance company for the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and insurance company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodian and insurance company as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian and insurance company is complete and accurate.

Yavapai Regional Medical Center Retirement Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Yavapai Regional Medical Center Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description,* which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Yavapai Regional Medical Center (the Organization) for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Voya Retirement Insurance and Annuity Company (Voya Retirement) serves as the insurance company for the Plan and Voya Institutional Trust Company (Voya Trust) is the custodian of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Organization make annual contributions of up to 50% of eligible compensation. Employee rollover and catch-up contributions are permitted. The Plan allows for the Organization to make matching contributions for employees with a minimum of one year of elapsed time. The Organization makes matching contributions to the eligible employees of 100% of employees' salary deferral amounts up to 5% of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's contribution, plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Organization's matching contribution portion of their accounts, plus earnings thereon, is based on years of service. A participant is fully vested after five years of service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum payment, partial distributions, installment payments (joint and survivor annuity), or purchase of an annuity contract equal to the value of his or her account.

Participants may withdraw amounts from their accounts subject to certain limitations imposed by the Plan. Such withdrawals are also subject to certain taxes and penalties as assessed by the Internal Revenue Service (IRS).

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants and in accordance with the plan documents established loan procedures. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are secured by the participant's vested interest in the Plan and are repayable over a period not to exceed 60 months (except for loans used to acquire or construct a principal residence). Payments are automatically deducted from payroll. Interest on the loans is based on the prime rate as published in *The Wall Street Journal.*

Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination in accordance with the Internal Revenue Code, participants will become 100% vested in their accounts.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $726,683 and $570,757, respectively. These accounts will be used at the election of the employer to reduce Organization contributions, reduce reasonable and necessary expenses or are otherwise allocable under the Plan. Also, in 2019 and 2018, employer contributions and reasonable and necessary expenses were not reduced by forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies Basis of Accounting

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year-end.

Separate accounts are valued at estimated fair value as provided by Voya Retirement Life Insurance and Annuity Company (Voya Retirement).

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under an ERISA Specimen 403(b) plan adoption agreement in connection with a prototype 403(b) plan and trust sponsored by Voya Retirement. This plan document has not been filed with the appropriate agency, as the IRS does not currently have an approval program for 403(b) documents. Additionally, as the IRS does not currently have procedures in place for a 403(b) plan to apply for an individual determination letter, the Plan has not requested or obtained a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the last day of the plan year.

Subsequent Events

Subsequent events have been evaluated through October 12, 2020, which is the date the financial statements were available to be issued.

COVID-19

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, there has been significant volatility in the investment markets both nationally and globally since December 31, 2019.

Note 3: Certification of Plan Custodian and Insurance Company

The plan sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement and Voya Trust, the insurance company and custodian of the Plan, respectively, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018

- Investment income (loss) and notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee Organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in several mutual funds and separate accounts managed by Voya Retirement, which is the insurance company of the Plan and an affiliate of the custodian of the Plan. The fixed accounts are held in the general account of Voya Retirement. The Plan paid $185,404 and $156,372 of record keeping fees to Voya Retirement during 2019 and 2018, respectively.

The Plan incurs expenses related to general administration and record keeping. The Organization pays these expenses and certain accounting and auditing fees relating to the Plan and provides administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

	2019			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observ-able Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual funds	$ 120,069,465	$ 120,069,465	$ -	$ -
	120,069,465	$ 120,069,465	$ -	$ -
Investments measured at net asset value (A)	514,241			
Investments at fair value	$ 120,583,706			

	2018			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observ-able Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual funds	$ 91,554,563	$ 91,554,563	$ -	$ -
	91,554,563	$ 91,554,563	$ -	$ -
Investments measured at net asset value (A)	437,985			
Investments at fair value	$ 91,992,548			

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. This category of investments includes separate accounts that seek investment returns consistent with the underlying mutual fund. There are no unfunded commitments or redemption restrictions.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Investment Contract with Insurance Company

The Plan has entered into various fully benefit-responsive traditional investment contracts with Voya Retirement. Voya Retirement maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Voya Retirement, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Subject to the terms of the contract, the guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2019	2018
Voya Fixed Plus Account III	$ 31,926,820	$ 37,329,613
Voya Fixed Plus Account II	215,179	231,006
Voya Fixed Account	8,975	8,630
Voya Fixed Plus Account	1,757	1,706
	$ 32,152,731	$ 37,570,955

Note 7: Plan Amendments

Effective January 1, 2019, the plan was amended to use an elapsed time method for the definition of hours of service.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
