General

The Plan is a defined contribution plan sponsored by Continental Building Products Operating Company, LLC (the "Company"). The Plan covers all union and non-union employees of the Company, except for students, interns, leased employees, and nonresident aliens with no US source income.

Effective January 1, 2019, the Plan changed its trustee from Ascensus Trust Company to Fidelity Management Trust Company (the "Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligibility for elective participant salary deferral contributions begins immediately upon employment with the Company. Eligibility for employer discretionary matching contributions begins after completing six consecutive months of service and attaining the age of 21. Effective January 1, 2019, the Plan was amended to remove the service eligibility requirement for employer discretionary matching contributions. Eligibility for employer discretionary profit-sharing contributions begins upon attaining the age of 21 and the participant must be employed on the last day of the Plan year. Effective April 1, 2018, the age requirement for employer discretionary matching and profit-sharing contributions is 18.

Contributions

Participants may elect to contribute a percentage of their annual compensation, as defined by the Plan, on a pre-tax or after-tax (Roth) basis. Prior to April 1, 2018, employees automatically have 3% of their eligible compensation withheld and contributed as a pre-tax elective deferral, until changed by the employees. Effective April 1, 2018, the automatic deferral percentage increased to 4% for new eligible employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions) and can make in-plan Roth rollovers.

Certain participant contributions in 2019 and 2018 were paid after the time frame required by the Department of Labor. The Company will remit these contributions and related lost earnings to the Plan in 2020.

The Company may provide matching contributions, at its discretion, with the amount of discretionary matching contributions varying among locations and classes of employees, as defined by the Plan. Effective January 1, 2019, the Company is required to make matching contributions for non-union participants of 100% of the first 4% and 50% of the next 2% of the participant's eligible compensation.

1. Description of Plan (continued)

Additional profit-sharing amounts also may be contributed at the discretion of the Company. All contributions are invested in the same portfolio of investment options as directed by the participants. For 2019 and 2018, the Company made discretionary profit-sharing contributions of $2,289,473 and $2,166,567, respectively, to the Plan. All contributions are subject to Internal Revenue Service ("IRS") limitations.

Investment Options

A participant may direct contributions to any of the available investment options and can change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's discretionary profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the employer discretionary matching and profit-sharing contributions is based on years of continuous service and will vary among locations or classes of employees. Non-union employees are 100% vested in the employer discretionary matching and profit-sharing contributions after 2 years of credited service. For union employees, vesting for the employer discretionary matching and profit-sharing contributions occurs at a rate of 20% for each credited year of service until the participant becomes fully vested after 5 years of credited service.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to pay for Plan administrative expenses, and reduce Company contributions. Unallocated forfeited balances were $41,229 and $42,092 as of December 31, 2019 and 2018, respectively.

Payment of Benefits

Upon termination of employment, a participant may elect to receive a lump sum amount or a partial payment equal to the value of the participant's vested interest in his or her account. A participant whose vested account balance is $1,000 or less will automatically receive an immediate lump-sum distribution. Effective April 1, 2018, the minimum increased from $1,000 to $5,000 or less automatically received an immediate lump-sum distribution upon term. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

1. Description of Plan (continued)

Participant Notes Receivable

Under the terms of the Plan, participants may not borrow from their accounts.

Plan Expenses

Plan administrative expenses are principally for recordkeeping fees. The Company also pays other administrative fees on behalf of the Plan.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The common/collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. There were no unfunded commitments or redemption restrictions on the common/collective trust funds. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gains are included in net appreciation (or depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 9, 2020 which is the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurement

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the observable and unobservable inputs and valuation techniques used to measure fair value.

The fair value hierarchy used to measure fair value into three broad levels is as follows:

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

A summary of the Plan's assets measured at fair value on a recurring basis as of December 31, 2019 is as follows:

	Plan's Assets	Level 1
Mutual funds	$ 10,140,212	$ 10,140,212
Money market fund	461,333	461,333
Total	10,601,545	$ 10,601,545
Investments measured at NAV – Common/Collective trust funds	32,579,194	
Total investments at fair value	$ 43,180,739	

4. Fair Value Measurement (continued)

A summary of the Plan's assets measured at fair value on a recurring basis as of December 31, 2018 is as follows:

	Plan's Assets	Level 1
Mutual funds	$ 30,536,793	$ 30,536,793
Money market fund	791,151	791,151
Total investments at fair value	$ 31,327,944	$ 31,327,944

5. Related-Party and Party-in-Interest Transactions

The Plan holds a money market fund managed by the Trustee. The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or complete discontinuance of contributions, participants will become 100 percent vested in their accounts.

7. Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code ("the Code") and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

8. Unaudited Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Effective January 1, 2019, the Plan changed its trustee from Ascensus Trust Company to Fidelity Management Trust Company (collectively, the "Trustees"). Accordingly, the Trustees have certified to the completeness and accuracy of all investments reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018, the related income and losses reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018, and the Schedule of Assets Held at End of Year as of December 31, 2019.

9. Reconciliation to Form 5500

The following is a reconciliation of net increase in Net Assets Available for Benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2018:

Net increase per the financial statements	$ 2,642,088
