Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report of Independent Auditors

To the Administrator of Makino Pension Plan for Management, Office, and Technical Employees

Report on the Financial Statements

We were engaged to audit the accompanying 2019 financial statements of Makino Pension Plan for Management, Office, and Technical Employees (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management’s Responsibility for the 2019 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company, the insurance company of the Plan, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the insurance company and trustee hold the Plan’s investment assets and execute investment transactions. The plan administrator has obtained certifications from the insurance company and trustee as of and for the year ended 2019 that the information provided to the plan administrator by the insurance company and trustee is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements as a whole.

Other Matters

2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company, the insurance company of the Plan, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2018 financial statements. Their report, dated October 15, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2018 financial statements and (b) the form and content of the information included in the 2018 financial statements other than that derived from the information certified by the insurance company and trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Supplementary Information

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the insurance company and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Makino Pension Plan for Management, Office, and Technical Employees

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of the Plan

The following brief description of the Makino Pension Plan for Management, Office, and Technical Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan. The Plan provides monthly benefits upon retirement or disability to eligible employees of Makino Inc. (the "Company") based upon the average of the highest five years of annual compensation. The Plan is administered by the Company through its Retirement Committee. Buck Global LLC serves as actuary for the Plan, Principal Life Insurance Company ("Principal Life") serves as recordkeeper and insurance company of the Plan, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust") serves as trustee of the Plan. The Plan has been amended to comply with the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was frozen to new entrants effective May 31, 2003. The participants' years of credited service will be determined as of May 31, 2003 and will not increase after such date even if the employees continue to work for the Company. Effective June 1, 2009, the compensation based on a participant's average of the highest five years of annual compensation used in calculating the benefit in accordance with the Plan was frozen.

While the credited service and compensation rate used under the regular benefit formula provisions of the Plan are "frozen," the Plan has not terminated. Vested benefits will generally only be payable to the Plan's participants after retirement and in accordance with the current provisions of the Plan.

Pension Benefits

Normal retirement age is 65. Participants with the required years of vested service, as defined by the Plan, are entitled to annual pension benefits beginning at normal retirement age. The Plan permits early retirement with reduced benefits, subject to certain age and service requirements. Upon retirement, employees may elect to receive the value of their accumulated plan benefits as a single life annuity, qualified joint and survivor annuity, a life and five year certain annuity, or life and ten year certain annuity payable monthly from retirement.

Death and Disability Benefits

If an active employee dies at age 55 or older, a death benefit equal to the value of the employee's accumulated pension benefit is paid to the employee's beneficiary. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled subject to the amendment discussed above.

Administrative Expenses

Administrative expenses are comprised primarily of Pension Benefit Guaranty Corporation fees and investment management expenses and are paid by the Plan unless the Company elects to pay such expenses.

Makino Pension Plan for Management, Office, and Technical Employees

Notes to Financial Statements

December 31, 2019 and 2018

Plan Funding

The Company follows a policy of funding the Plan in sufficient amounts to at least meet the minimum funding requirements of ERISA. As of December 31, 2019 and 2018, the Plan was sufficiently funded to meet the minimum requirements of ERISA.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuations and Income Recognition

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 25, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the Plan's tax positions, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress and the Plan believes it is no longer subject to income tax examinations for years prior to 2016.

4. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. Benefits under the Plan are based on employees' five highest years of compensation. The actuarial valuations were made by actuaries of Buck Global, LLC as of December 31, 2019 and 2018, and is the amount that results from applying actuarial assumptions to adjust accumulated plan benefits to reflect the time value of money (through discounts for interest) and probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payments. The following presents the actuarially computed present values of accumulated plan benefits at the valuation dates and changes in accumulated plan benefits:

The significant actuarial assumptions underlying the actuarial computations as of December 31, 2019 and 2018, are as follows:

Discount Rate

The discount rate used is 7.50%

Life Expectancy

As of December 31, 2019, the Plan's benefit obligation was calculated using the Pri-2012 Total Dataset Table, except for current beneficiaries of deceased participants. For current beneficiaries of deceased participants, mortality is based on the Pri-2012 Contingent Survivor Mortality Table (base year 2012). As of December 31, 2018, the Plan's benefit obligation was calculated using the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006. Mortality Improvement Scale MP-2019 and MP-2018 were utilized as of December 31, 2019 and 2018, respectively.

Notes to Financial Statements

December 31, 2019 and 2018

Retirement Age

The retirement age was assumed to be age 59 to 68 as of December 31, 2019 and 2018.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (1) Benefits attributable to employee contributions, taking into account those paid out before termination.
- (2) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- (3) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
- (4) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (5) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

6. Certified Information

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company have certified that the following information included in the accompanying financial statements as of December 31, 2019 and 2018 and for the year ended December 31, 2019 and supplemental schedules as of December 31, 2019 and for the year then ended is complete and accurate:

Statements of net assets available for benefits	2019	2018
Investments, at fair value	\$ 34,789,884	\$ 30,831,770
Statement of changes in net assets available for benefits		
Net appreciation in fair value of investments	6,216,653	
Dividend income	20,491	

7. Fair Value Measurements

Fair value is defined as the price that will be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price of shares held by the Plan at year-end. These funds are publicly-traded securities and transact at daily net asset value ("NAV").

Hedge Funds – Valued at the NAV of shares held by the Plan at year-end as determined by the fund manager.

Makino Pension Plan for Management, Office, and Technical Employees

Notes to Financial Statements

December 31, 2019 and 2018

Pooled Separate Accounts (“PSAs”) – Valued at the NAV of shares held by the Plan at year-end.

The Plan records hedge funds and PSAs at NAV as a practical expedient, or an equivalent measure of fair value. The NAV of these investments is determined using the market value, or fair value if market data is unavailable, of the underlying securities. PSAs are invested in a broad mix of underlying mutual funds. The hedge funds’ investment objectives include capital appreciation, speculative trading in commodities, and achievement of equity-like returns. There are no lock-up provisions for the PSAs or hedge funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value:

December 31, 2019					
	Level 1	Level 2	Level 3	Investments at NAV	Total
Hedge funds ⁽¹⁾	\$ -	\$ -	\$ -	\$ 6,523,414	\$ 6,523,414

Total investments, at fair value	\$ 422,539	\$ -	\$ -	\$ 30,409,231	\$ 30,831,770

⁽¹⁾ Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, per share as of December 31, 2019 and 2018:

<u>December 31, 2019 and 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Notes to Financial Statements

December 31, 2019 and 2018

8. Parties-in-Interest

Certain Plan investments are shares of PSAs managed by Principal Life Insurance Company, the recordkeeper of the Plan. These transactions qualify as parties-in-interest transactions. In addition, the Company provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and Company funding requirements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Subsequent Events

The Plan administrator evaluated its December 31, 2019 financial statements for subsequent events through October 8, 2020, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements other than that described below.

The outbreak of the novel coronavirus, or COVID-19, has severely impacted global economic activity and caused significant volatility and negative pressure in the financial markets, and it is reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Plan's accumulated benefit obligation and the amounts reported in the Statements of Net Assets Available for Benefits.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Prescribed Funding Assumptions and Methods

The following assumptions and methods are prescribed by ERISA.

Funding interest rates

For 2019 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.28%	3.74%
Second Segment Rate	3.81%	5.35%
Third Segment Rate	4.46%	6.11%
Effective Rate	3.94%	5.44%

For 2018 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	1.75%	3.92%
Second Segment Rate	3.76%	5.52%
Third Segment Rate	4.66%	6.29%
Effective Rate	3.94%	5.61%

*Used for maximum tax-deduction purposes

**Used for minimum funding and benefit restriction purposes.

PBGC Premium Funding Target

For 2019 Plan Year:	First Segment Rate	3.38%
	Second Segment Rate	4.32%
	Third Segment Rate	4.69%
For 2018 Plan Year:	First Segment	2.33%
	Second Segment Rate	3.55%
	Third Segment Rate	4.11%

The effective interest rates for PBGC premium purposes are 4.38% for 2019 and 3.67% for 2018.

Mortality

Mortality tables mandated by current legislation as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2018-02, applied on a static basis, using the blended annuitant/non-annuitant table applicable to small plans.

Actuarial cost method

Unit Credit Method. The Funding Target is the present value of accrued benefits and based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected administrative and investment expenses to be paid from plan assets during the year.

EIN/PN: 31-0352460 / 119

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods (continued)

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under PPA.

The assumptions are based on the plan's anticipated experience. Actual experience is reviewed each year and compared to the assumptions. Changes are made, as appropriate, based on this review. A demographic experience study was completed during 2016, using census experience for the years 2011 through 2015. As a result of that analysis, the retirement rates, turnover rates and optional forms election frequency were updated.

Maximum Benefit and Compensation Limits

In accordance with the Section 415 and Section 401(a)(17) limits in effect as of January 1, 2019 and both limits are assumed not to increase.

Expenses

Expected plan administrative and investment expenses, and PBGC Premiums of \$289,623 were added to the Target Normal Cost. The expense load is based on the prior year's non-PBGC plan related expenses plus this year's PBGC premium.

Frequency of optional payment forms

Form	Percent Election
Life Annuity	15%
100% Joint & Survivor	65%
50% Joint & Survivor	10%
10 Year Certain & Life	10%

Marital percentage

80% of participants are assumed to be married at death. Husbands are assumed to be 3 years older than their wives.

Retirement rates

Retirements are assumed to occur 100% at first eligibility for unreduced benefits and then according to the following rates:

Age	Annual Rates
59-61	0.05
62	0.25
63	0.15
64	0.25
65	0.60
66-67	0.75
68 and over	1.00

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods (continued)

Non-Prescribed Funding Assumptions and Methods (continued)

Vested Termination Retirement

Current deferred vested are assumed to commence benefits at the earlier of age 65 or eligibility for unreduced benefits.

Withdrawal rates

None.

Asset valuation method

The Actuarial Value of Assets is Market Value as of the valuation date, including discounted receivable contributions, reduced by decreasing fractions, 2/3 and 1/3, of the gain/(loss) in each of the prior 2 years, respectively. The gain/(loss) for each period is determined as the actual return on Market Value during the period less the expected return on Market Value based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of Market Value, including discounted receivable contributions.

	Actuary's Assumption	Third Segment Rate	Reflecting PPA Limit
2019 Expected Return	7.50%	6.11%	6.11%
2018 Expected Return	7.50%	6.29%	6.29%
2017 Expected Return	7.50%	6.48%	6.48%

The actuary's expected rate of return is based on the plan's asset allocation and forward-looking expected rates of return by asset category provided by the plan's investment consultant.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.

Summary of Changes from the January 1, 2018 Valuation

- The segment rates were updated in compliance with the Pension Protection Act of 2006 and as constrained by HATFA.
- The mortality assumption was updated as described in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2018-02, applied on a static basis, using the blended annuitant/non-annuitant table applicable to small plans.
- Expected plan related expenses added to the Target Normal cost were updated from \$283,159 to \$289,623. The increase was mainly due to higher anticipated PBGC premium payments in 2019.
- The change in assumptions listed above increased the Funding Target by approximately \$2,257,000.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
