Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Northern Trust Company and Fidelity Management Trust Company (collectively, the "Trustees"), except for comparing such information with the related information included in the financial statements. Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

The modified cash basis supplemental schedules of assets held at end of year - LafargeHolcim US Pension Plan as of December 31, 2019 and reportable transactions - LafargeHolcim US Pension Plan and nonexempt transactions - LafargeHolcim US Pension Plan for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Cement-Boilermakers Plan provides for pension and disability benefits to certain hourly compensated employees covered by certain supplements, as defined in the plan document. The Cement-Boilermakers Plan was amended on December 30, 2015 to:

- 1) Clarify applicability of the Cement-Boilermakers Plan as of the restatement effective date, January 1, 2015
- 2) Fully vest those employees who terminated employment in the Davenport Purchase Agreement effective April 16, 2015
- 3) Freeze the plan for new entrants from the Seattle location effective January 1, 2016, increase the Seattle multipliers, and freeze accrued benefits effective December 31, 2017 for Seattle employees (effective February 15, 2016 for employees hired on or after August 1, 2015)

The Cement-Boilermakers Plan was frozen to stop future benefit accruals effective February 7, 2017 for Paulding employees and effective December 31, 2017 for Seattle employees.

The Multi-Plant Plan was established on May 1, 1963. The Multi-Plant Plan provides for pension benefits to certain employees who work at the Joppa, Illinois plant and members of the Local Union No. 3907 of the United Mineworkers of America and participants covered by the former Blue Circle Inc. Pension Plan (BCIPP). The accrual of benefits was frozen for participants at various dates, with all accruals being frozen by December 31, 2017.

Note 1 - Plan Description (Continued)

The Presque Isle Plan was established by the Company on January 1, 2002. Effective January 1, 2015, the plan was frozen to prohibit new entrants hired on or after the effective date. The Presque Isle Plan provides for pension and disability benefits to certain hourly compensated employees who meet specified service requirements of certain aggregates facilities located in Presque Isle, Michigan. Effective April 8, 2018, the Presque Isle Plan was frozen to stop the accrual of benefits.

The Aggregates and Concrete Plan was established by the Company on June 1, 1952. The Aggregates and Concrete Plan provides for pension and disability benefits to certain hourly compensated employees covered by various collective bargaining agreements. The accrual of benefits was frozen for participants at various dates depending on location, with all accruals of benefits being frozen by October 1, 2017.

Eligibility and Vesting

Eligibility and vesting differs between the Plans and various supplements. Participants should refer to the plan agreement for the specific eligibility and vesting requirements.

Pension Benefits

The normal monthly retirement benefit is calculated as set forth in the applicable attachments to the Plans. The normal benefit is adjusted for early or late retirement, disability, or upon the participant's death, as stated in the Plans.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits if less than \$5,000 or in various installment annuities.

Funding

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA for the years ended December 31, 2019 and 2018.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company, The Northern Trust Company, and Aetna Life Insurance Company, the trustees and custodian of the Plans; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Plans prepare their financial statements on the modified cash basis of accounting. Revenue is recorded when received, rather than when earned; expenses are recorded when paid, rather than when the obligation is incurred; and investments are recognized at fair value. Accordingly, the financial statements are not intended to be in conformity with accounting principles generally accepted in the United States of America.

Memorandum-only Totals

The memorandum-only total column in the statements of net assets available for benefits - modified cash basis represents solely a total of the individual plans. This column is unaudited and is provided for information only.

Investment in Master Trust

The Plans' investments are held in the Holcim Participations (US) Inc. Master Retirement Trust (formerly known as Lafarge North America Inc. Master Retirement Trust), herein referred to as the "Master Trust," which was established for the investment of assets of the Plans. During the years ended December 31, 2019 and 2018, assets in the Master Trust were held by The Northern Trust Company (the "Trustee"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

The fair value of the Plans' interest in the Master Trust is based on the beginning of the year value of the Plans' interest plus actual contributions and allocated investment income, less actual distributions and administrative expenses, as well as certain allocated administrative expenses. See Note 4 for additional information.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plans' provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plans at December 31, 2018 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Retirement age	Various rates of retirement are assumed beginning at age 55. All participants are assumed to retire by age 65.
Assumed rate of return	5.75 percent per annum for LHUSPP, 6.00 percent for per annum for all other plans.
Mortality basis	Healthy: RP-2014 Table, with a 1.5 percent decrease in mortality rates projected from base year 2006 with MP-2018 (except for LHUSPP and former BCIPP, which reflect a 2.9 percent decrease in mortality rates) Disabled: RP-2014 Table projected from base year 2006 with MP-2018

The foregoing actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Benefit Payments

Benefits are recorded when paid.

Annuity Purchase

In September 2017, the LHUSPP Plan purchased an annuity contract for \$38,956,499 through The Prudential Insurance Company of America (Prudential) to settle the benefit obligations of certain participants currently receiving benefits. Under the agreement, Prudential assumed the obligation to pay future pension benefits for the covered participants starting December 1, 2017. In March 2018, the LHUSPP Plan received a refund of \$798,371 from Prudential related to the annuity contract purchase.

Additionally, in March 2018, the LHUSPP Plan received a refund of \$360,981 from Prudential related to the annuity contract purchased by the LNARP Plan in 2017, prior to the LNARP Plan's merger into the LHUSPP Plan. The refunds have been included in the accompanying statements of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2018.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plans and the Plans' accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 29, 2020, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

The Northern Trust Company holds the master trust investments and executes all related investment transactions. The master trust investment balances and related income and losses included in the accompanying financial statements, including master trust information, are based solely on information certified by The Northern Trust Company.

Fidelity Management Trust Company (Fidelity) held the assets of the LHUSPP Plan that were outside of the Master Trust, other than the unallocated contract, and executed all related investment transactions for the year ended December 31, 2018. During 2019, the assets held by Fidelity were transferred to the Master Trust. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of reportable transactions, other than the master trust investments and the unallocated contract, are based solely on information certified by Fidelity Management Trust Company.

Note 3 - Unaudited Information (Continued)

The LHUSPP Plan's investments in the unallocated contract totaling \$97,992 and \$105,464 at December 31, 2019 and 2018, respectively, and related investment income of \$6,080 and \$5,875 for the years ended December 31, 2019 and 2018, respectively, were not certified by Fidelity Management Trust Company or The Northern Trust Company.

Note 4 - Investments

With the exception of certain of the LHUSPP Plan investments, the Plans' investments are in the Master Trust, which was established for the investment of assets of the Plans. The LHUSPP Plan has investments in the Master Trust and outside of the Master Trust. Each participating benefit plan has an undivided interest in the Master Trust. The fair value of the Plans' interest in the Master Trust represents each plan's allocated portion. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

At December 31, 2019 and 2018, the Plans' respective interests in the Master Trust were as follows:

	2019	2018
LHUSPP	80.6 %	69.7 %
Steelworkers	5.1	8.8
Cement	1.8	3.1
Cement-Boilermakers	4.4	7.3
Multi-Plant	2.6	3.8
Presque Isle	3.4	4.5
Aggregates and Concrete	2.1	2.8
Total	100.0 %	100.0 %

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plans have the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plans' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Notes to Modified Cash Basis Financial Statements

December 31, 2019 and 2018

Note 4 - Investments (Continued)

Money Market Fund

The money market fund is valued at quoted prices reported in active markets.

Common Collective Trust Funds

The common collective trust funds are valued at net asset value (NAV) per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets.

Unallocated Contract

The unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Because the investment is valued at contract value as opposed to fair value, it has been excluded from the fair value disclosures below.

Real Estate Investment Trust

The investment in the real estate investment trust is valued at net asset value per share (or its equivalent) based on audited financial statements.

Interest-bearing Cash

The fair value of these investments is based on their outstanding balances.

Fixed Income Securities

The government securities and corporate fixed income securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures.

Limited Partnership

The investment in the limited partnership is valued at net asset value per share (or its equivalent) of the fund based on audited financial statements of the fund, where available, with adjustments to account for partnership activity and other applicable valuation adjustments.

Investments in Entities that Calculate Net Asset Value per Share

The Master Trust holds shares or interests in investment companies at year end whereby the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.

There were no unfunded commitments or redemption restrictions on the investments at December 31, 2018. The unfunded commitments and redemption restrictions for investments at December 31, 2019 are as follows:

- Common collective trust fund investments with a fair value of \$35,000,000 at December 31, 2019 are restricted to investors withdrawing all or a portion of their units only twice each calendar month, on each semimonthly valuation date. An investor will be permitted to withdraw units on a semimonthly valuation date upon at least 30 days' prior written notice to the fund. There are no restrictions on the remaining common collective trust fund investments. There were no unfunded commitments for any common collective trust funds.

Note 4 - Investments (Continued)

- The limited partnership investment with a fair value of \$500,000 at December 31, 2019 had unfunded commitments of \$9,500,000. Requests for redemption of shares may be made at any time after the redemption lockout period with 30 days' notification by submitting a redemption notice form signed by a representative of the investor and are effective at the end of the calendar quarter in which the request is received. The redemption lockout period will be a period of one year from the date the investor's shares were issued. The shares that are subject to a redemption notice may be redeemed in full or in installments on a pro rata basis as funds become available for such purpose, and the redemption price will be the value per share based on the investment manager's estimate of the fair value of the investment fund's net assets as computed under generally accepted accounting principles at such time that each payment is made. Redemptions are subject to the availability of cash flow arising from investing transactions, sales, and other fund operations occurring in the normal course of business.
- The real estate investment trust with a fair value of \$7,500,000 at December 31, 2019 had unfunded commitments of \$7,500,000. Any redemption request must be made in writing and delivered to the fund specifying the number of shares that an investor wishes to redeem. A request to redeem shares must be delivered to the fund prior to or on the 15th day of the second month of every quarter in order to be effective as of the last day of any such applicable calendar quarter.

The investment income (loss) for the Master Trust for the years ended December 31, 2019 and 2018 is as follows:

	2019	2018
Net realized and unrealized gains and losses on investments	\$ 146,855,415	\$ (57,284,005)
Interest and dividends	10,305,255	17,290,457
Total	<u>\$ 157,160,670</u>	<u>\$ (39,993,548)</u>

During 2019, non-master trust investments were transferred into the Master Trust, with the exception of the unallocated contract, which is at contract value. The following table presents information about the LHUSPP Plan non-master trust investments at December 31, 2018:

	Non-master Trust Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
	Investments (at Fair Value)	Level 1
Money market fund	\$ 3,982,245	\$ 3,982,245
Investments measured at NAV - Common collective trust funds (1)	194,746,604	
Total investments at fair value	<u>\$ 198,728,849</u>	

(1) There were no unfunded commitments or redemption restrictions on the investments at December 31, 2018.

Note 5 - Tax Status

The Plans have each received a determination letter from the Internal Revenue Service indicating that the Plans, as designed, are qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC) with the exception of the Steelworkers Plan. The Steelworkers Plan does not have a determination letter; however, the seven supplements that make up the plan (Great Lakes, Grove, Marblehead Stone, Newcem, Oswego, Ravena, and Whitehall) have all received determination letters. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 6 - Plan Termination

Although it has expressed no intent to do so, the Company has the right under each plan to terminate any of the Plans subject to the provisions set forth in ERISA. Should any of the Plans terminate at some future time, the plan's net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 7 - Nonexempt Transactions

During 2017, the LafargeHolcim US Pension Plan made an inadvertent loan to the Company. As a result, the schedule of nonexempt transactions has been included in the financial statements. There were no changes to the statements of net assets available for benefits - modified cash basis and changes in net assets available for benefits - modified cash basis. The inadvertent loan was repaid in 2018, and the Company paid lost earnings in 2019.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
