1. PLAN DESCRIPTION

The following description of the Magan Medical Clinic, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 2014. The Plan is a defined contribution plan covering all eligible employees who are not a shareholder physician, partner physician, receptionist/appointments, medical assistant or medical secretary who have been employed for at least three months by Magan Medical Clinic, Inc. (the "Company" and the "Plan Sponsor") and have attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company also sponsors the Magan Medical Clinic, Inc. Employees' Savings and Security 401(k) Plan and if a participant in the Plan becomes eligible for the Magan Medical Clinic, Inc. Employees' Savings and Security 401(k) Plan, that participant's balance is to be transferred to the Magan Medical Clinic, Inc. Employees' Savings and Security 401(k) Plan.

Effective June 30, 2017, the Plan Sponsor adopted a Plan amendment to temporarily suspend contributions under the Plan and the Plan was frozen. There are no new participants on or after the effective date.

Effective October 16, 2018, the Plan was merged into the DaVita Medical Group 401(k) Retirement Plan.

Contributions - Prior to June 30, 2017, participants could contribute up to 60 percent of pre-tax annual compensation or designate a portion or all of these contributions to be from after-tax annual compensation known as Roth Deferral Contributions, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to June 30, 2017, the Plan included an automatic enrollment provision that all eligible employees were automatically enrolled at a deferral rate of four percent of eligible compensation, increasing by one percent each year thereafter up to a maximum of six percent.

The Company may make a discretionary profit sharing contribution at the option of the Board of Directors. Participants must be employed on the last day of the contribution period and complete at least 500 hours of service during the contribution period to be eligible for the discretionary profit sharing contribution. There was no discretionary profit sharing contribution made for the period ended October 16, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after one year of service and 20 percent for each year thereafter until 100 percent vested after five years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures - Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce Company contributions. During the period ended October 16, 2018, forfeitures of $7,616 were utilized to reduce the 2017 Company profit sharing contribution deposited into the Plan during 2018, and forfeitures of $3,755 were transferred to the DaVita Medical Group 401(k) Retirement Plan. As of October 16, 2018, there are no forfeitures available for future use.

Payment of Benefits - On termination of service due to any reason, a participant may receive a lump-sum distribution for the value of the participant's vested interest in his or her account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Fidelity Management Trust Company (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 16, 2018 and December 31, 2017.

Money market account – Money market account is at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded and therefore is classified as Level 1 within the valuation hierarchy.

Fidelity Managed Income Portfolio – The Fidelity Managed Income Portfolio ("MIP"), held in a common collective trust, is valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the MIP fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The MIP fund does not have unfunded commitments relating to its investments. Participant-directed redemptions for in-service withdrawals or termination of employment can be made on any business day and do not have a redemption notice period. Participant-directed exchanges to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund, in which case there is a 90 day holding period in a non-competing investment option.

As a result of the Plan merger, all assets were transferred out of the Plan as of October 16, 2018. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 35,753,086	$ -	$ -	$ 35,753,086
Self-directed brokerage *	2,075,098	-	-	2,075,098
Investments in the fair value hierarchy	$ 37,828,184	$ -	$ -	$ 37,828,184
Investments measured at NAV practical expedient				1,752,571
Investments at fair value				$ 39,580,755

* As of December 31, 2017, the self-directed accounts were invested in a money market account, mutual funds, and common stocks.

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of October 16, 2018 and December 31, 2017.

b. Net appreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the period ended October 16, 2018.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions for which exemptions exist. The Trustee received $4,832 for participant loan and transaction fees that were paid by the participants through the Plan, which included $4,069 to Strategic Advisors, Inc., an affiliate of the Trustee that provides investment advice to the Plan's participants. The Trustee also received indirect compensation on investments based on a formula.

5. PLAN TERMINATION

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable. The Plan was merged into the DaVita Medical Group 401(k) Retirement Plan effective October 16, 2018.

6. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 16, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants, net of defaulted loans, in the amounts of $57,264 were transferred to the DaVita Medical Group 401(k) Retirement Plan as of October 16, 2018.
