Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Plan Administrator and Participants
URS Federal Services, Inc. Employees Retirement Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of URS Federal Services, Inc. Employees Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 6, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2019 and 2018, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of assets (held at end of year) as of December 31, 2019 and reportable transactions for the year ended December 31, 2019 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 6, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTE 1 - DESCRIPTION OF PLAN

The following description of the URS Federal Services, Inc. Employees Retirement Plan (the "Plan") is provided for general information purposes only. Selected Plan provisions are described below. Participants should refer to the Plan document and the *Summary Plan Description* for more complete information regarding the terms of the Plan.

General - The Plan, established on August 20, 1999, is a frozen, noncontributory defined benefit pension plan that provides benefits to all eligible employees of URS Federal Services, Inc., as defined. URS Federal Services, Inc. (the "Company") is a wholly-owned subsidiary of AECOM Global II, LLC, a wholly-owned subsidiary of AECOM. The Plan is a successor to the EG&G, Inc. Employees' Retirement Plan (the "Prior Plan").

The Plan is administered by the AECOM Americas Benefits Administration Committee as authorized by AECOM. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility - All employees of the Company in one of the specified pay groups, hired before July 1, 2003, and with at least one year of service are eligible to participate in the Plan. Employees who: 1) are members of certain collective bargaining units or 2) are a Covered Contract Employee, as defined in the Plan document, are not eligible.

Effective June 30, 2003, Plan participation was frozen. Each employee who was a participant in the Plan as of June 30, 2003, will continue to participate in the Plan in accordance with the terms of the Plan. New employees of the Company or employees rehired after June 30, 2003, will not be allowed to participate in the Plan.

Pension Benefits - Participants are entitled to monthly pension benefits, upon normal retirement age (based on Social Security statutes and ranges from 65 to 67 depending on the participant's date of birth), equal to the greater of either 1) \$70.83 or 2) one-twelfth of the sum of:

- a) Determined as of December 31, 2003, 0.85 percent of an eligible Participant's Average Earnings, as defined by the Plan, multiplied by the participant's total Credited Service, plus an additional 0.75 percent of the Participant's Average Earnings in excess of the Social Security tax base multiplied by the participant's total Credited Service (up to a maximum of 35 years), as defined by the Plan, and
- b) Beginning January 1, 2004, 0.65 percent of the Participant's Earnings, as defined by the Plan, plus an additional 0.65 percent of the Participant's Earnings in excess of 50 percent of the Social Security wage base for the applicable year (up to a maximum of 35 years).

The Plan permits early retirement at age 55 and upon completing 10 years of service for participants who were in the Prior Plan before 1989. For participants who joined the Plan in 1989 and after, the Plan permits early retirement within 10 years prior to a participant's normal retirement age and upon completing 10 years of service.

Participants become 100 percent vested in their normal monthly benefit upon attainment of age 45 while in the employ of the Company or upon completion of five years of vesting service. At the time of retirement, if the actuarial present value of an employee's total pension is \$5,000 or less, the actuarial value of the employee's pension will be paid to the employee in a single lump

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

sum. Otherwise, participants may elect to receive their pension benefits in the form of a qualified joint and survivor annuity, a life annuity payable monthly, or another acceptable method of payment, as defined in the Plan document.

Effective January 31, 2016, participants in the Plan ceased accruing future pension benefits. They will continue to receive vesting credit while employed with the Company or AECOM.

Death Benefits - If an active employee dies after completing five years of service, or is over the age of 45, a death benefit is paid to the employee's beneficiary based on terms included in the Plan document.

Disability Retirement Benefits - Active employees who have completed ten years of service and become permanently disabled receive disability benefit payments starting on the employee's normal retirement date. Disabled employees continued to accrue benefits (until benefits were frozen on January 31, 2016) and are treated as if active participants for benefit determination purposes. Disability retirement benefit payments are payable at normal retirement date and are computed as though the employee had been employed to normal retirement age and as if their annual compensation remained the same as at the time they became disabled.

Expenses - The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Fees for administration, investment advice, actuarial, and other services are generally charged to the Plan based on customary or contracted rates for such services. The Plan's assets are managed by independent investment managers who charge a management fee based on assets under management.

Funding Policy - The Company's contributions to the Plan are designed to fund annual current service costs and are sufficient to satisfy the minimum requirement under ERISA for the years ended December 31, 2019 and 2018, including any discretionary contributions deemed necessary by the Company. Voluntary employee contributions are not permitted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"), which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan's management

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

is currently in the process of evaluating the impact of the adoption of ASU 2018-13 on its Plan financial statements.

Valuation of Investments – The Plan’s investments are reported at fair value. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants, at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits - Benefit payments are recorded upon distribution.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosures of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

NOTE 3 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The standard describes the three levels of inputs that may be used to measure fair value:

Level 1	Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments and/or other securities. These investments are public investment vehicles valued at the closing price reported in the active market in which the investments are traded. These investments are classified within Level 1 of the valuation hierarchy.

Money market fund: These investments are public investment vehicles valued using the price of \$1 as the fair value per unit in active markets. The money market funds are classified within Level 1 of the valuation hierarchy.

Collective investment trusts: A collective investment trust is a fund for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan. These investments are available only to certain qualified retirement plans and are not offered to the general public. The collective investment trust is valued using the net asset value ("NAV") provided by the administrator of the collective investment trust. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. Collective investment trusts are not classified within the fair value hierarchy; however, the amounts measured using NAV are disclosed to permit reconciliation of the fair value of investments to the Statements of Net Assets Available for Benefits.

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Privately-held securities: Investments in privately-held securities are investments in closely held instruments for which there is no available market. These funds seek capital appreciation and current income by investing in various financial instruments. The funds may invest in publicly traded equity and debt securities, as well as derivatives thereof. In addition, the funds may pursue a value-oriented strategy through short selling and investments in private or less liquid instruments (financial instruments and other obligations for which no market or only a limited market may exist). The funds may also leverage its portfolio with borrowed funds. The fair value is determined by the Plan's management using the NAV. The Plan's management considers subscription and redemption rights, including any restrictions on the disposition of its interest in its determination of fair value. Privately-held securities are not classified within the fair value hierarchy; however, the amounts measured using NAV are disclosed to permit reconciliation of the fair value of investments to the Statements of Net Assets Available for Benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Quoted Prices in Active Markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments are held by a trust-administered custodial fund and are administered by U.S. Bank, National Association ("Trustee"). As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the investment and cash asset values including net assets held in the 401(h) account and the related investment transactions, dividends, interest income, and net appreciation (depreciation) in fair value of investments as shown in the accompanying financial statements and supplemental schedules were certified by the Trustee to be complete and accurate as of and for the years ended December 31, 2019 and 2018, respectively. No audit procedures were performed on the information provided by the Trustee except to compare such information to the related information included in the accompanying financial statements and supplemental schedules.

NOTE 7 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' average earnings during their years of service. The accumulated plan benefits for active employees are based on their average compensation during the term of their service ending on the date as of which the benefit information is presented (i.e., the valuation date). Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered as of the valuation date. The actuarial present value of the accumulated plan benefits is determined by the Plan's actuary, Mercer (US) Inc. This is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2018 and 2017 are as follows:

Mortality basis as of December 31, 2018:	Based on Pri-2012 separate employee and retiree mortality table(s) with contingent survivor and white collar adjustments applied using MP-2019 generational projection scale
Discount rate as of December 31, 2018:	6.25%
Mortality basis as of December 31, 2017:	Based on Mercer-modified RP-2014 mortality table with white collar adjustment, adjusted back to 2006 (MRP-2006) and with generational projection from 2006 on using the Mercer projection scale MMP-2018
Discount rate as of December 31, 2017:	6.50%
Retirement Age:	Probabilities based upon age and service, ranging from 1% at age 55 to 100% at age 70

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The foregoing actuarial assumptions are based on the assumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2018, as determined by the actuary, is as follows:

<hr/> Actuarial Present Value of Accumulated Vested Plan Benefits	
Participants currently receiving payments	\$ 132,966,309
Other participants	101,650,099
Total vested benefits	234,616,408
Actuarial Present Value of Accumulated Nonvested Plan Benefits	586,703
Total Actuarial Present Value of Accumulated Plan Benefits	<hr/> \$ 235,203,111

The change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2018, is as follows:

<hr/> Actuarial Present Value of Accumulated Plan Benefits at December 31, 2017		\$ 230,466,619
Increase /(decrease) during the year attributable to:		
Benefits accumulated and (gains) losses	(633,822)	
Increase for interest due to decrease in discount period	14,495,240	
Benefits paid	(13,777,709)	
Change in actuarial assumptions	4,652,783	
Actuarial Present Value of Accumulated Plan Benefits at December 31, 2018		<hr/> \$ 235,203,111

During the year ended, December 31, 2018, the actuarial present value of accumulated plan benefits increased by \$4,652,783 as a result of the following changes made to the actuarial assumptions: an increase of \$5,808,825 due to change of underlying interest rate and a decrease of \$1,156,042 due to changes in mortality table and projection scale.

NOTE 8 - RELATED PARTY TRANSACTIONS

AECOM, the Company's parent company, charges the Plan for certain administrative labor costs. The total cost of administrative labor charged to the Plan by AECOM was \$26,250 and \$87,259 for the years ended December 31, 2019 and 2018, respectively. These transactions qualify as party-in-interest transactions.

The Plan invests in certain investments managed by Angeles Investments Advisors, LLC ("Angeles"), and Angeles acts as a trustee for those investments. In addition, Angeles provides investment management to the Plan and received \$282,428 for services provided for the year ended December 31, 2019. These transactions qualify as party-in-interest transactions.

URS FEDERAL SERVICES, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The Plan also invests in certain investments managed by Mercer Trust Company ("Mercer"), and Mercer acts as a trustee for those investments. Fees paid by the Plan for investment management services of the collective investment trust and privately-held securities were included as a reduction of the return on each fund. Transactions in such investments qualify as party-in-interest transactions.

These party-in-interest transactions qualify for prohibited transaction exemptions.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time or to amend or terminate the Plan subject to the provisions of the Plan document and in accordance with ERISA and its related regulations.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. The ceiling is adjusted annually and varies depending on the form of benefit payment elected by the participant at the time of termination.

Whether all participants will receive vested benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC. Any balance remaining after satisfaction of all liabilities of the Plan shall be returned to the Company.

NOTE 10 - TAX STATUS

The Plan obtained a favorable determination letter dated July 3, 2014 from the Internal Revenue Service (the "IRS") which stated that the Plan, as amended through May 2014, complies with the applicable regulations of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to be qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11 - 401(H) ACCOUNT

The Plan includes a medical-benefit component in addition to the normal retirement benefits to fund a portion of the postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Code. A separate account, known as the Retiree Health Plan Account, has been established and maintained in the Plan for the net assets related to the medical-benefit component ("401(h) account"). In accordance with Code Section 401(h), the 401(h) account may not be used for, or diverted to any purpose other than providing for the payment of certain medical expenses for retirees and their beneficiaries. Any assets transferred to the 401(h) account from the Plan in a qualified transfer of excess Plan assets (and any income allocable thereto) that are not used during the plan year must be transferred out of the account to the Plan. The related obligations for health benefits are not included in this Plan's accumulated plan benefit obligations but are reflected as obligations in the financial statements of the health and welfare benefit plan. Plan participants do not contribute to the 401(h) account. Employer contributions or qualified transfers to the 401(h) account are determined annually and are at the discretion of the Plan sponsor. Certain of the Plan's net assets are restricted to fund a portion of postretirement health benefits for retirees and their beneficiaries in accordance with IRC Section 401(h).

The following tables present the net assets held in the 401(h) account as of December 31:

NOTE 13 – SUBSEQUENT EVENT

The Plan evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

The novel coronavirus (or “COVID-19”) pandemic has affected and may continue to affect economic activity globally. As a result of this pandemic, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 pandemic may continue to affect the Plan. The extent of the future impact of the pandemic on the Plan’s investments and the amounts reported in the financial statements cannot be predicted at this time.

On January 31, 2020, AECOM closed on the sale of one of its businesses, which included the Company. The resulting new company became Amentum, the parent company. In conjunction with the sale, the Plan, the administration of the Plan, and the participants of the Plan were transferred to Amentum.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions**

Effective date and plan year	Original plan: August 20, 1999 Restated plan: January 4, 2014, as amended through the Second Amendment Plan year: January 1 to December 31
Status of the plan	The plan froze benefit accruals effective January 31, 2016. The plan was closed to new entrants as of July 1, 2003.
Significant events that occurred during the year	None

Definitions

• Covered employees	All employees who are not members of a collective bargaining unit represented by a union, or who are members of a collective bargaining unit which specifically provides for benefits under this plan. Additionally, individuals who were participants in the Plan who transferred from URS Federal Services to JT3, LLC are included in the Plan as long as they have remained employed by JT3, LLC since transferring to JT3, LLC. Employees covered by a service contract are excluded. The plan was closed to new entrants as of July 1, 2003.
• Participation	1,000 hours of service during an anniversary year.
• Employee contributions	Not applicable.
• Vesting service	One year for each 1,000-hour calendar year of employment.
• Credited Service	The period of service (excluding layoffs, employment with affiliate or subsidiary which is not an employer and leaves of absence except for military or medical leaves) from the date of employment. 1/12 year of credit accrues for each calendar month of employment, or, in the case of a part-time employee, for each 173-1/3 hours worked. In no case shall a participant accrue more than 1 year of service during a calendar year. Credited service was frozen as of January 31, 2016.

The following subsidiaries have varying dates for accruing service credit:

• Eligibility	Termination for reasons other than death or retirement after completing five years of Vesting Service or after attaining age 45 while an active Participant.			
• Benefit	Monthly pension benefit determined as of termination date, payable at of the participant's NRD.			
Disability				
• Eligibility	Become a disabled participant after completing ten years of Vesting Service. A disabled participant is a participant who is eligible to receive benefits under Title II of the Federal Social Security Act.			
• Benefit	The benefit accrued to NRD payable at NRD. Credited service continues during the disability period; earnings are assumed to continue at rate in effect prior to disability. All credited service and earnings are frozen as of January 31, 2016.			

³ Reductions are based on years prior to age 65 for those employees who became participants prior to 1989.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement death	
• Eligibility	Death while eligible for Deferred Vested, Early, Normal or Postponed Retirement, with a surviving spouse.
• Benefit prior to early retirement	Spouse's benefit is payable on the date the participant would have reached normal retirement age and is equal to 50% of the accrued benefit reduced for the election of the 50% joint and survivor option.
• Benefit after early but before normal retirement	Spouse's benefit is equal to the spouse's portion of the 50% joint and survivor benefit payable to the employee as if he or she had elected early retirement on the day of death.
• Benefit after normal retirement	Spouse's benefit is equal to the spouse's portion of the 50% joint and survivor benefit payable to the employee as if he or she had retired on the day of death.
Form of benefits	
• Automatic form for unmarried participants	Life annuity
• Automatic form for married participants	50% joint and survivor annuity
• Optional forms	<ul style="list-style-type: none"> • 50%, 75% and 100% joint and survivor (survivor need not be the spouse) • 10 year certain and life annuity • Social Security level income annuity • Life annuity
• Optional form conversion factors	<p>Actuarial Equivalence based on an interest rate of 7% and the 1971 Group Annuity Mortality Table with no loading and projected by Scale E, with a one-year age setback for the Participant and a five-year age setback for any Beneficiary.</p> <p>Social Security level income option (SSLIO) actuarial equivalence is based on the better of the above basis or the Applicable Mortality Table and the Applicable Interest Rate under Internal Revenue Code Section 417(e).</p>
Miscellaneous

• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2019, the limit is \$225,000.
• Funding medium	Trust

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through Amendment #2, are included in this valuation.

- **Most recent plan amendments included:** Amendment #2
- **Plan amendments excluded:** None

Schedule SB, Part V — Summary of Plan Provisions

- **Late retirement increases:**

- *Active participants:* Current active participants who turned age 65 prior to September 1, 2007 are valued including the late retirement actuarial increase.
- *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase, with back payments accumulated with interest from the Required Beginning Date, where applicable.
- *Retired participants (with prior underpayments):* The estimated accumulated value of past underpayments to retirees currently undergoing a correction process have been included for affected individuals by estimating the increase in benefit amounts due to a change in application of actuarial increases, and further estimating the accumulated value of those “missed” payments.

- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target does not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding**Additional Benefits Included or Excluded**

- **IRC Section 436 benefit restrictions:**

- *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
- *Plan amendments:* See above.
- *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
- *Benefit accruals:* The plan’s funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2018 to 2019.

Changes since prior valuation	<p>The interest rates and mortality table used were updated from those published by the IRS for January 1, 2018 valuations to those published for January 1, 2019 valuations.</p> <p>The administrative expense assumption was updated from \$3,175,000 to \$4,975,000 to reflect expectations of future plan costs.</p>		

Rationale for economic assumptions

- The discount rate for funding purposes is prescribed by the plan sponsor through an election from allowable alternatives under IRS regulations.
-
- The expected rate of return on plan assets for funding purposes is based on the median simulated 20-year investment return for the plan's target asset mix using capital market assumptions published in Mercer Investment Consulting's Capital Markets Outlook. Median results are increased to reflect alpha for active investment management.
- This assumption is chosen by Mercer for funding purposes and is based on an average of the expenses paid over the prior 3 years as reported on the Schedule H, adjusted for estimated PBGC premiums to be paid during the year.

Rationale for demographic assumptions

- Annuitant and non-annuitant mortality tables are prescribed by the IRS.
- Termination rates were developed based on an experience study undertaken in 2017 using data from 2011 through 2016. The plan sponsor believes that the period chosen for this study will be representative of anticipated future experience.
- The retirement rates are based on an experience study undertaken in 2017 using data from 2011 through 2016 and the expectation that the future retirement patterns and circumstances of the employer will not differ significantly from the period studied.
- The disability incidence assumption follows the Conference of Consulting Actuaries' 1985 Pension Disability Study Class 2 rates adjusted 82% for Social Security disability.

Actuarial methods**Asset method**

The asset valuation method is an average of the adjusted market value for each year during the last 24 months preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan administrator provides us with data on all employees as of the valuation date who have completed the plan's eligibility requirements.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year. If multiple decrements are used, the funding target for an individual is the sum of the component funding targets associated with the various anticipated separation dates.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions**

Effective date and plan year	Original plan: August 20, 1999 Restated plan: January 4, 2014, as amended through the Second Amendment Plan year: January 1 to December 31
Status of the plan	The plan froze benefit accruals effective January 31, 2016. The plan was closed to new entrants as of July 1, 2003.
Significant events that occurred during the year	None

Definitions

• Covered employees	All employees who are not members of a collective bargaining unit represented by a union, or who are members of a collective bargaining unit which specifically provides for benefits under this plan. Additionally, individuals who were participants in the Plan who transferred from URS Federal Services to JT3, LLC are included in the Plan as long as they have remained employed by JT3, LLC since transferring to JT3, LLC. Employees covered by a service contract are excluded. The plan was closed to new entrants as of July 1, 2003.
• Participation	1,000 hours of service during an anniversary year.
• Employee contributions	Not applicable.
• Vesting service	One year for each 1,000-hour calendar year of employment.
• Credited Service	The period of service (excluding layoffs, employment with affiliate or subsidiary which is not an employer and leaves of absence except for military or medical leaves) from the date of employment. 1/12 year of credit accrues for each calendar month of employment, or, in the case of a part-time employee, for each 173-1/3 hours worked. In no case shall a participant accrue more than 1 year of service during a calendar year. Credited service was frozen as of January 31, 2016.

• Benefit	Monthly pension benefit determined as of actual retirement date.			
Deferred vested				
• Eligibility	Termination for reasons other than death or retirement after completing five years of Vesting Service or after attaining age 45 while an active Participant.			
• Benefit	Monthly pension benefit determined as of termination date, payable at of the participant's NRD.			
Disability				
• Eligibility	Become a disabled participant after completing ten years of Vesting Service. A disabled participant is a participant who is eligible to receive benefits under Title II of the Federal Social Security Act.			
• Benefit	The benefit accrued to NRD payable at NRD. Credited service continues during the disability period; earnings are assumed to continue at rate in effect prior to disability. All credited service and earnings are frozen as of January 31, 2016.			

³ Reductions are based on years prior to age 65 for those employees who became participants prior to 1989.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement death	
• Eligibility	Death while eligible for Deferred Vested, Early, Normal or Postponed Retirement, with a surviving spouse.
• Benefit prior to early retirement	Spouse's benefit is payable on the date the participant would have reached normal retirement age and is equal to 50% of the accrued benefit reduced for the election of the 50% joint and survivor option.
• Benefit after early but before normal retirement	Spouse's benefit is equal to the spouse's portion of the 50% joint and survivor benefit payable to the employee as if he or she had elected early retirement on the day of death.
• Benefit after normal retirement	Spouse's benefit is equal to the spouse's portion of the 50% joint and survivor benefit payable to the employee as if he or she had retired on the day of death.
Form of benefits	
• Automatic form for unmarried participants	Life annuity
• Automatic form for married participants	50% joint and survivor annuity
• Optional forms	<ul style="list-style-type: none"> • 50%, 75% and 100% joint and survivor (survivor need not be the spouse) • 10 year certain and life annuity • Social Security level income annuity • Life annuity
• Optional form conversion factors	<p>Actuarial Equivalence based on an interest rate of 7% and the 1971 Group Annuity Mortality Table with no loading and projected by Scale E, with a one-year age setback for the Participant and a five-year age setback for any Beneficiary.</p> <p>Social Security level income option (SSLIO) actuarial equivalence is based on the better of the above basis or the Applicable Mortality Table and the Applicable Interest Rate under Internal Revenue Code Section 417(e).</p>
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2019, the limit is \$225,000.
• Funding medium	Trust

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through Amendment #2, are included in this valuation.

- **Most recent plan amendments included:** Amendment #2
- **Plan amendments excluded:** None

Schedule SB, Part V — Summary of Plan Provisions**• Late retirement increases:**

- *Active participants:* Current active participants who turned age 65 prior to September 1, 2007 are valued including the late retirement actuarial increase.
- *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase, with back payments accumulated with interest from the Required Beginning Date, where applicable.
- *Retired participants (with prior underpayments):* The estimated accumulated value of past underpayments to retirees currently undergoing a correction process have been included for affected individuals by estimating the increase in benefit amounts due to a change in application of actuarial increases, and further estimating the accumulated value of those “missed” payments.

- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target does not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding**Additional Benefits Included or Excluded****• IRC Section 436 benefit restrictions:**

- *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
- *Plan amendments:* See above.
- *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
- *Benefit accruals:* The plan’s funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2018 to 2019.

Schedule SB, line 24 — Change in Actuarial Assumptions

- The administrative expense assumption was updated from \$3,175,000 for January 1, 2018 funding and cost accounting purposes to \$4,975,000 for January 1, 2019 funding and cost accounting purposes.
- The interest and mortality rates for funding purposes were updated from those published by the IRS for January 1, 2018 valuations to those published for January 1, 2019 valuations.
