1. DESCRIPTION OF PLAN

The following description of the United Medical Systems 401(k) Profit Sharing Plan and Trust ("the Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan for the benefit of the employees of United Medical Systems (DE), Inc. ("the Company"). The Plan covers substantially all full time employees of the Company who have attained the age of twenty-one and have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may contribute up to 60% of their pre-tax or after-tax earnings in any Plan year, as defined. Participants who have attained age 50 by year-end may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan calls for non-discretionary employer matching contributions in an amount equal to 50% of employee contributions, subject to a maximum of 4% of eligible compensation contributed to the Plan. Discretionary profit sharing contributions may be made as determined by the Company. The Company made no discretionary profit sharing contributions in 2019 and 2018. The Plan also provides that certain limitations may be imposed on participant's contributions in order to comply with statutory requirements.

Participants' accounts – Each participant's account is credited with the participant and employer-matching contributions, and investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Vesting and forfeitures – Participants are immediately vested in their contributions and actual earnings thereon. Employer matching contributions and profit sharing contributions vest ratably over the first five years of the participant's employment with the Company. A participant becomes fully vested upon death or disability. Forfeitures are used to reduce administrative expenses or future employer contributions. Forfeited non-vested accounts totaled $36,778 and $11,933 at December 31, 2019 and 2018, respectively. Forfeitures used in 2018 to offset employer contributions amounted to $8,510. There were no forfeitures used in 2019 to offset employer contributions.

Payment of benefits – Upon death, disability, retirement or termination of employment, benefits are paid in the form of lump-sum cash distributions, installment distributions over a period of time, or direct rollovers equal to the value of the participant's vested interest in his or her account. Hardship withdrawals are permitted from participant's elective deferral accounts. In addition, in-service withdrawals from the participant's total vested account balance are permitted upon reaching age 59 ½.

1. DESCRIPTION OF PLAN (CONTINUED)

Expenses – With the exception of certain administrative expenses paid by the Company, all expenses are paid by the Plan. Participant notes receivable set up and maintenance fees are paid directly by the participants through a reduction in their account. Investment management and recordkeeping fees are paid by the Plan through a reduction in investment income from the related investment option.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Interest rates are determined based on the Wall Street Journal prime interest rate plus 2% (6.75% at December 31, 2019). Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, except for the purchase of a primary residence, in which case the repayment period is extended to ten years.

Amendment and termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income (loss) recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits to participants are recorded when paid.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) to satisfy nondiscrimination testing are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available from benefits for the years ended December 31, 2019 and 2018;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2019.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that Plan has the ability to access.
- Level 2: Inputs to the valuation method include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derive principally from or corroborated by observable market data by correlation orother means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs that are unobservable inputs for the asset or liability.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,084,733	$ -	$ -	$ 16,084,733

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,964,232	$ -	$ -	$ 15,964,232

5. TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the volume submitter plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adopting the volume submitter Plan. However, the plan administrator and the plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. PARTY-IN-INTEREST

Plan investments consist of shares of mutual and money market funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee for the Plan. The Plan pays administrative expenses to Fidelity Management Trust Company for services provided which amounted to $3,539 and $2,439 in 2019 and 2018, respectively. These transactions qualify as party-in-interest.

The Plan Sponsor continues to operate with little disruption, however cannot reasonably estimate the length or severity of this pandemic, or the extent to which a disruption may materially impact the Plan in fiscal 2020.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law and has been adopted by the Plan. The following changes have been made to the Plan:
