Independent Auditors' Report

To the Plan Administrator and Participants of
West Virginia University Health System 403(b) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the West Virginia University Health System 403(b) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by the Teachers Insurance and Annuity Association - College Retirement Equities Fund, AIG Federal Savings Bank, Empower Retirement, Metropolitan Life Insurance Company, Fidelity Management Trust Company, T. Rowe Price Investment Services, Inc., and Charles Schwab Bank, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

In addition, as described in Note 11, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by approximately \$0.5 million and \$0.9 million as of December 31, 2019 and 2018, respectively. Further, benefit payments, net of investment income, of approximately \$0.4 million related to such accounts, as identified by the custodians, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

West Virginia University Health System 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of the Plan

The following description of the West Virginia University Health System 403(b) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonleased and noncommon law employees of West Virginia United Health System, Inc. (the Company). There is no age requirement or minimum service requirement for participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the Company became affiliated with Braxton County Memorial Hospital and the Summersville Regional Medical Center. As a result, employees of these organizations became participants in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Effective January 1, 2019, participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2019, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

Effective January 1, 2019, the Company's matching contribution is equal to 100 percent of the first 4.5 percent of eligible compensation that a participant contributes to the Plan. Participants that are grandfathered employees of United Hospital Center with 20 or more years of service are eligible to receive nonelective Company contributions based on the employee's years of service. In addition, the Plan provides for discretionary nonelective Company contributions at an amount determined by the Company's Board of Directors. No such discretionary nonelective Company contributions were made during 2019.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of (a) the Company's nonelective and discretionary nonelective contributions and (b) the Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2019, vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 100 percent vested after three years of credited service. Additional prior vesting schedules apply to certain categories of employees and Company contributions that were allowed by the Plan prior to January 1, 2019, as defined in the plan document.

Notes to Financial Statements

December 31, 2019 and 2018

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 6.25 percent at December 31, 2019, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum, partial or annual installment payment amounts equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At December 31, 2019, forfeited non-vested accounts totaled \$9,089. There were no forfeited nonvested accounts at December 31, 2018. These accounts will be used to reduce future Company contributions. In 2019, the Company's contributions were reduced by \$806,435 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2019 and 2018

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2019. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 9, 2020, the date the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements, except for the matters described in the following paragraphs.

During 2020, the Plan adopted certain provisions of the Setting Every Community Up for Retirement Enhancement (the SECURE Act) related to required minimum distributions and the limitation of life-time or "stretch" distributions to remain compliant under the applicable laws and regulations. Participants should consult the plan document or summary plan description for additional information.

The Coronavirus 2019 (COVID-19) pandemic emerged at the end of 2019 and could materially and adversely affect the Plan, its operations and its performance. Government-imposed stay-at-home orders, social distancing, and various other orders and guidelines have caused market performance of the investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) was signed into law which provides plan, plan sponsor and participant relief. If adopted by the Plan, key features of the CARES Act could have a significant effect on the operations of the Plan. The Company has agreed to implement certain provisions of the CARES Act as it relates to the Plan.

The most significant items within these provisions provide for the waiving of required minimum distributions for the 2020 plan year and for participants with loans due in 2020 to have the ability to delay repayments for one year. Additionally, the CARES Act provisions provide for significant changes to new loans and distributions. Loan limits are increased to the lesser of \$100,000 or 100 percent of participants' vested account balances through September 27, 2020. For distributions, participants negatively impacted by COVID-19 can withdraw up to \$100,000 without being charged a 10 percent early withdrawal penalty for the 2020 plan year. The mandatory 20 percent tax withholding for such distributions is also suspended.

Notes to Financial Statements

December 31, 2019 and 2018

The extent to which the COVID-19 pandemic may affect the results of the Plan's operations will depend on future developments, including the duration of the outbreak and the effectiveness of actions taken to contain and treat the disease.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at the quoted NAV of shares held by the Plan at year-end.

The CREF separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The TIAA real estate fund is valued based on NAV per unit of participation in the fund and has no unfunded commitments. NAV is valued based on the fair value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. Transfers out of the TIAA real estate fund are limited to one per calendar quarter.

Notes to Financial Statements

December 31, 2019 and 2018

The guaranteed annuity contracts consist of the Standard Stable Asset Fund, the Great-West Guaranteed Portfolio Fund, the VALIC Fixed Account Plus, the TIAA Stable Value Fund, and the TIAA Traditional Annuity Account (TIAA Account). The Standard Stable Asset Fund, the Great-West Guaranteed Portfolio Fund, the VALIC Fixed Account Plus, the TIAA Stable Value Fund, and certain contracts of the TIAA Account meet the fully benefit-responsive investment contract criteria as described in Note 4, and are therefore excluded from the fair value hierarchy table. Certain contracts of the TIAA Account do not meet the fully benefit-responsive investment contract criteria and are therefore presented at fair value in the hierarchy table. The fair value of the TIAA Account approximates contract value and is based on TIAA's (Teachers Insurance and Annuity Association - College Retirement Equities Fund) ability to pay the guaranteed claims in accordance with the terms of the contracts.

As of December 31, 2019, TIAA's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1, by Moody's Investors Service, and AA+ by Standard & Poor's. Management believes the credit ratings of TIAA as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Account's historical crediting rates.

The TIAA Account has redemption restrictions based on the terms of the underlying contract selected by the participant, and is an unfunded commitment as claims against the contracts are solely supported by TIAA's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

	TIAA Account
Balance, beginning of year	\$ 33,642,737
Interest	290,123
Realized gains	722,551
Unrealized gains relating to instruments still held at the reporting date	298,635
Withdrawals	(1,493,443)
Interfund transfers	(593,178)
Balance, end of year	<u>\$ 32,867,425</u>

Gains and losses (realized and unrealized) included in changes in net assets available for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 fair value measurements, the valuation techniques used to measure the fair value of those financial instruments, as of December 31, 2019 and 2018, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of traditional investment contracts with Standard Insurance Company, Great-West Life and Annuity Insurance Company, the Variable Annuity Life Insurance Company (VALIC), and TIAA. Plan participants enter into these contractual agreements through the Plan by selecting the Standard Stable Asset Fund, the Great-West Guaranteed Portfolio Fund, the VALIC Fixed Account Plus, the TIAA Stable Value Fund, or a TIAA Account. Participants of the Plan may invest in the following transitional accounts offered by TIAA: Retirement Annuity (RA), Group Retirement Annuity (GRA), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA), which have varying withdrawal options and distributions.

The Standard Stable Asset Fund, the Great-West Guaranteed Portfolio Fund, the VALIC Fixed Account Plus, the TIAA Stable Value Fund, SRA and GSRA contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The RA and GRA contracts do not meet the fully benefit-responsive investment contract criteria and therefore are reported at fair value as described in Note 3. Fair value, as reported to the Plan by TIAA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rates are based on formulas established by the contract issuers and are reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity date.

West Virginia University Health System 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options;
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreements without the consent of the issuer.

5. Administration of Plan Assets

The Plan's assets are administered under contracts with TIAA, AIG Federal Savings Bank, Empower Retirement, Metropolitan Life Insurance Company, Fidelity Management Trust Company, T. Rowe Price Investment Services, Inc., and Charles Schwab Bank, the custodians of the Plan. The custodians invest funds received from contributions, investment sales, interest, and dividend income and make distribution payments to participants.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the custodians, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

West Virginia University Health System 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

Through 2017, TIAA issued loans to those plan participants who have accounts with TIAA which are secured by the participant's account balance. Such loans are not assets of the Plan but are contractual agreements between TIAA and the plan participant and are funded by TIAA's general fund. A participant is required to transfer 110 percent of the loan value to the TIAA Account upon the issuance of the loan and is restricted from transfers or withdrawals. The restricted account balance is used as collateral on the loan balance in accordance with the terms of the note. Loan amounts can range from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of a participant's vested account balance and bear interest at rates which are dependent on the composition of the participant's account balance. These transactions qualify as party in interest transactions. Participant account balances held in the TIAA Account used to collateralized loans totaled \$2,467,331 at December 31, 2019 and \$3,417,976 at December 31, 2018.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of \$231,051,933 and \$118,894,592, that were concentrated in three funds and two funds, respectively.

10. Information Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, the custodians of the Plan have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

11. Custodial Accounts Excluded From Financial Statements

As permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02), the plan administrator has elected to exclude certain custodial accounts from the Plan's financial statements. These custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The excluded custodial accounts consisted of investment assets of approximately \$0.5 million as of December 31, 2019 and \$0.9 million as of December 31, 2018, and benefit payments, net of investment income, of approximately \$0.4 million for the year ended December 31, 2019.

The plan administrator has concluded that the custodial accounts have met the criteria required under FAB 2009-02 for exclusion and as such, have been excluded from the Plan's financial statements.
