NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Matsui Nursery, Inc. (the Company) Profit Sharing 401(k) Plan (the Plan) were effective January 1, 1996. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. Prior to January 1, 2020, employees were eligible to participate in the Plan upon reaching the age of 18 and six months of service (at least 500 hours). Effective to January 1, 2020, employees are eligible to participate in the Plan if they are at least 18 years of age and have one year of service. Employees eligible to participant in the Plan may enroll on a quarterly basis. The Plan contains arrangements for salary deferrals by the employees under section 401(k) of the Internal Revenue Code, employer safe-harbor contributions, and discretionary employer profit sharing contributions. Highly compensated employees with direct ownership are not eligible to receive employer safe-harbor contributions. To be eligible to receive discretionary profit sharing contributions, employees must complete a year of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or Roth after-tax compensation, as defined in the Plan document and within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participant contributions are paid to the Plan after each pay period and placed in participant directed investments.

Prior to January 1, 2020, the Company provided safe-harbor non-elective contributions each pay period equal to 3% of eligible compensation. Safe-harbor contributions were paid to the plan after each pay period and placed in participant directed investments.

Effective January 1, 2020, the Company provides an annual safe-harbor matching contribution equal to 100% of the first 3% of eligible compensation that a participant contributes, and 50% of the next 3-5% of eligible compensation. Safe-harbor contributions are paid to the plan at the end of each Plan year and placed in participant directed investments.

The Company may make a discretionary annual profit sharing contribution. Profit sharing contributions, if any, are integrated with Social Security. No discretionary profit sharing contributions were made in 2019 or 2018.

Participant Accounts

Individual participant accounts are maintained by Pentegra Services, Inc. (Pentegra), the Plan Administrator and record keeper. Each account is credited or charged with the participant's contributions, safe-harbor contributions, and allocations of profit sharing contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses. Loan and distribution administration fees are deducted from the respective participant's account. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants direct employee and employer contributions among various mutual funds and collective trusts held by Reliance Trust Company (Reliance).

Vesting

Participants are immediately vested in their own contributions and the safe-harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of credited service, as defined in the Plan document, with 20% after the second year of service and each subsequent year, with full vesting after six years. Upon normal retirement (62), death, or disability, participants become fully vested in all benefits.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance. Terms of the notes receivable may not exceed five years, except for the purchase of a primary residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at 1% over the prime interest rate at the time of issuance. Interest rates range from 4.25% to 6.5% for notes receivable outstanding at December 31, 2019. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the value of the participant's vested account may be paid in a lump-sum or installments depending on certain factors as described in the Plan document and at the participant's election. Under certain hardship circumstances or attainment of normal retirement age, participants may request a distribution of their pre-tax elective account or rollover account balance prior to retirement.

Forfeited Accounts

Upon termination, participants' non-vested account balances are forfeited. Forfeitures will be added to any discretionary profit sharing contribution and allocated in the same manner. Forfeited non-vested accounts totaled $13 at December 31, 2019 and 2018.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Administrative Expenses

The Plan's investment fund options are subject to investment management fees and certain revenue sharing fees, as disclosed in each fund's prospectus. A majority of these fees are charged directly against each fund's investment performance and, therefore, are included in net appreciation in the accompanying Statement of Changes in Net Assets Available for Benefits. Revenue sharing fees are collected from various mutual fund companies by service providers and are used to offset the Plan's third party administration fees and custodial fees. A portion of asset-based Plan administration expenses are deducted from participant accounts based on account balance. Participant loan and distribution transaction fees charged by service providers are deducted from the accounts of the respective Plan participants and are recorded as expenses by the Plan. Certain administrative expenses are paid by the Company and therefore excluded from these financial statements.

Subsequent Events

In 2020, the Plan adopted certain provisions of the SECURE and CARES Acts of 2020. The SECURE Act provisions include expanding eligibility for certain part-time employees, beginning in 2021. The CARES Act provisions allow participants who are financially impacted by the COVID-19 pandemic to take loans or penalty-free withdrawals up to a maximum of $100,000 during 2020.

The date to which events occurring after December 31, 2019, have been evaluated for possible adjustment to the financial statements or disclosure therein is October 13, 2020, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds – Valued at the daily NAV of units held in the collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,992,449	$ -	$ -	$ 2,992,449
Total assets in the fair value hierarchy	2,992,449	-	-	2,992,449
Investments measured at net asset value (collective trusts)	-	-	-	44,889
Investments at fair value	$ 2,992,449	$ -	$ -	$ 3,037,338

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,693,077	$ -	$ -	$ 2,693,077
Total assets in the fair value hierarchy	2,693,077	-	-	2,693,077
Investments measured at net asset value (collective trusts)	-	-	-	33,976
Investments at fair value	$ 2,693,077	$ -	$ -	$ 2,727,053

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust funds	$ 44,889	n/a	Daily	0-30 days

	December 31, 2018			
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Collective trust funds	$ 33,976	n/a	Daily	0-30 days

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance, the custodian, has certified that the following data included in the accompanying financial statements, notes, and supplemental schedule is complete and accurate.

1) Investments at fair value as of December 31, 2019 and 2018.
2) Net appreciation in fair value of investments and dividends for the year ended December 31, 2019.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Pentegra is the Plan Administrator and named fiduciary. Pentegra Trust Company (PTC) provides directed trustee services under a discretionary agreement with the Company. Certain Plan investments are units of participation in a collective trust managed by Reliance, the custodian of the Plan. Therefore, transactions with Pentegra, PTC, and Reliance qualify as party-in-interest transactions. Revenue sharing received by Pentegra from various mutual fund companies is retained for service costs. Fees paid by the Plan to Pentegra and PTC for administrative, trustee, and custodial services amounted to $20,498 for the year ended December 31, 2019.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan operates under provisions of a Pentegra volume submitter plan document which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the volume submitter plan, as then designed, was acceptable under applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
