MELINK CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

1. Description of plan

The following brief description of the Melink Corporation 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established to provide voluntary retirement benefits and tax deferred savings opportunities to eligible employees of Melink Corporation (the “Company”). All current employees are eligible to participate in the Plan. Eligible employees may begin participating in the Plan when they are at least 21 years of age and have completed one month of eligible service with the Company.

Contributions

The Plan provides the opportunity for participants to elect to have up to 100% of their pre-tax or after-tax annual compensation contributed to the Plan under guidelines provided by the Internal Revenue Service regulations. In addition, employees may make rollover deposits to the Plan from other qualified plans or certain individual retirement accounts. Eligible employees who are at least 21 years of age are automatically enrolled to participate in the Plan immediately after becoming eligible to participate. The default contribution rate is 3% of eligible pre-tax compensation; however, employees may elect to voluntarily contribute any dollar amount or percentage of their eligible compensation subject to the limitations imposed by the IRC.

The Company may make discretionary matching and profit sharing contributions to each eligible participant’s account. For the years ended December 31, 2019 and 2018, the Company did not elect to make any matching or profit sharing contributions.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, Plan earnings and expenses. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes receivable from participants

Participants may borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined quarterly, is set at the prime rate plus 1%, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account, in accordance with Plan provisions.

MELINK CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

1. Description of plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule for Company contributions and actual earnings thereon is based on years of credited service. The vesting schedule is as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	0%
2 but less than 3	50%
3 or more	100%

The Plan provides for 100% vesting of Company discretionary matching and profit sharing contributions and earnings thereon upon death, disability, or attainment of retirement age of 65.

Forfeited accounts

Forfeitures are retained in the Plan and will be used to reduce future employer contributions payable or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$7,500. For the years ended December 31, 2019 and 2018, there were no forfeited non-vested accounts used to reduce employer contributions.

Plan expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recently issued accounting pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) which modifies the disclosure requirements on fair value measurements under Accounting Standards Codification ("ASC") Topic No. 820, Fair Value Measurement, as amended. For nonpublic entities, including employee benefit plans, ASU 2018-13 removes (a) the prior requirement to disclose the amount and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (b) the policy for timing of transfers between levels, (c) the valuation process used for Level 3 fair value measurements, and (d) the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. For nonpublic entities, including employee benefit plans, ASU 2018-13 also adds, among other things, a requirement to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities, rather than reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. The amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption was permitted upon issuance of ASU 2018-13. The Plan has not adopted ASU 2018-13 and, based on its preliminary assessment, does not believe the adoption will have a material impact on its financial statements

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by Reliance Trust Company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Gains or losses on sales of securities are based on average cost. Interest income is recorded on the accrual basis. Dividend income includes capital gains and is recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

Subsequent events

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued and there are no subsequent events requiring disclosure.

In March and April 2020, the Plan was modified in response to provisions in the U.S. Coronavirus Aid, Relief, and Economic Security ("CARES") Act, as follows:

NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Subsequent events (continued)

Coronavirus-Related Distributions: Participants who meet certain requirements related to the coronavirus disease 2019 (“COVID-19”) may take a distribution up to \$100,000 in the aggregate from all plans maintained by the Employer through December 31, 2020. These distributions are exempt from the ten percent excise tax generally imposed by the Internal Revenue Service, subject to federal income tax over a three-year period and may be repaid to an eligible retirement plan within three years.

Plan Loans: Effective March 27, 2020, participants who meet certain requirements related to COVID-19 may request a loan up to the lesser of \$100,000 or 100% of the participant’s vested balance, however, the \$100,000 maximum must be reduced by the difference between the highest balance of all loans a participant had outstanding during the 12-month period prior to the date the new loan is made. The CARES Act also allows participants who meet certain requirements related to COVID-19 may delay repayments on outstanding loans until January 1, 2021, at which time their loans will be adjusted to reflect the accrued interest during the deferment period and amortized over the remaining term of the loan plus the length of the deferment period.

Required Minimum Distribution Waiver: Required minimum distributions from participants’ accounts are waived for 2020, including those resulting from the attainment of age 70½ in 2019.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

3. Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: Valued at the NAV of the units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Company's assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,855,353	\$ -	\$ -	\$ 3,855,353

Mutual funds	\$ 3,242,360	\$ -	\$ -	\$ 3,242,360

Total investments at fair value				\$ 3,648,731

(1) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Investments and notes receivable from participants

All investment and notes receivable from participants information disclosed in the accompanying financial statements and schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, net appreciation (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on notes receivables for the years ended December 31, 2019 and 2018, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company ("Reliance"), the trustee, as of and for the years ended December 31, 2019 and 2018. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

MELINK CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax status

The Plan is a volume-submitter plan provided by CCH Incorporated, DBA FTWilliam.com, which has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service. The opinion letter states that the volume-submitter plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, qualifies as tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Party-in-interest

During the years ended December 31, 2019 and 2018, Reliance served as trustee of the Plan, as defined in the Plan document, and therefore, any fees paid by the Plan to Reliance qualify as party-in-interest transactions. ADP also served as the Plan's recordkeeper, and therefore, ADP is also a party-in-interest to the Plan. Aggregate fees paid by the Plan to parties-in interest during the year ended December 31, 2019 and 2018 were \$1,395 and \$815, respectively. Additionally, certain investment related fees incurred by the Plan have been included in net appreciation/depreciation in fair value of investments as they are paid through revenue sharing rather than as a direct payment.

9. Prohibited transaction

During 2019, participant contributions and loan repayments for certain payroll periods, of approximately \$7,000 were not remitted timely to the Plan. The DOL requires that participant contributions and loan repayments be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions and loan repayments to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan Sponsor.
