Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U. S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U. S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of B & B Lumber Company, Inc. Profit Sharing Plan as of December 31, 2019 and 2018, and the changes in its net assets available for plan benefits for the years then ended in accordance with U. S. generally accepted accounting principles.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules appearing on pages 11 through 18 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019

Note 1. Description of Plan

The following description of the B & B Lumber Company, Inc. Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing plan covering the employees of B & B Lumber Company, U-Cut Enterprises, Premier Hardwood Products and The B&B Albany Pallet Company, Inc. Employees are eligible to participate in the employer matching and profit sharing features of the Plan after completion of one year of service. Length of service is based on 1,000 hours per year. Employees must be over 18 years of age to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may elect to have a specified portion of his/her compensation for a Plan year allocated to his/her account up to a maximum of $19,000 per year plus an additional $6,000 for participants over 50 years old. The employer may make a matching contribution on the amount deferred by participants. The Company may also make annual profit sharing contributions at its own discretion.

Contributions received from participants and contributions receivable are net of payments of $0 and $7,797 at December 31, 2019 and 2018, respectively, made in the following year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Participant Accounts

Salary deferral contributions and any matching contributions are allocated to the respective employee's accounts. Employer profit sharing contributions are allocated to each participant based on the ratio to which the participants' compensation bears to the compensation of all eligible participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is fully vested once they have completed six years of service. If participants die or become disabled before retirement, the entire value of the participant's account becomes vested and non-forfeitable. Participants have the right to designate a beneficiary to receive their benefits should they die.

Note 1. Description of Plan (continued)

Participant Loans

Under the terms of the Plan, participants may borrow up to 50% of the balance of their vested account or $50,000, whichever is less. The loans are secured by the participant's vested account balances and bear interest based on the prime rate plus 2% (currently 6.75%). Since the loans are fully secured, Management has decided to not create a reserve for bad debt allowance account. Loan terms range up to 5 years. Participant loans receivable are valued at cost, which approximates fair value.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum equal to the value of the participant's vested interest in his or her account or annual installments, or in the form of an annuity.

Forfeitures

Forfeitures for terminated non-vested participants' accounts attributable to employer profit sharing contributions, employer-matching contributions and related earnings will be used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan's stock investments are stated at quoted market prices. The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparative securities of issuers with similar ratings. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The life insurance is valued at the cash value of the policy.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The Plan sponsor, which is a party-in-interest, absorbs all non-investment and administrative costs of the Plan. These expenses, which are not reflected in accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Investment expenses are recorded as administrative expenses on the Statement of Changes in Net Assets available for Plan Benefits.

Concentration of Credit Risk

The Plan maintains its cash equivalents in accounts, which, at times may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash equivalents.

Note 3. Investments

The following table presents investments at December 31, 2019 and 2018 that represent 5% or more of the Plan's assets.

Non-participant directed accounts	2019	2018
Fidelity short term bond fund	$ 649,260	$ 636,574

The investments are all nonparticipant directed.

Note 4. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The Plan's investments measured at fair value on a recurring basis were as follows as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Cash	$ 1,507	$ -	$ -	$ 1,507

Total investments	$ 10,249,834	$2,574,359	$ 17,062	$ 12,841,255

The Plan's investments measured at fair value on a recurring basis were as follows as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Cash	$ 2,128	$ -	$ -	$ 2,128

Total investments	$ 10,028,282	$2,186,950	$ 16,401	$ 12,231,633

Note 4. Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the years ended December 31:

	2019	2018
Balance beginning of year	$ 16,401	$ 15,836
Realized gains (losses)	-	-
Unrealized gains (losses)	661	565
Purchases, sales, issuances and settlements - net	-	-
Balance end of year	$ 17,062	$ 16,401

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the plan has been amended since receiving the advisory opinion, the Plan administrator believes that the Plan is designed and currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits in progress.

Note 7. Terminated Vested Accounts

At December 31, 2019 and 2018, there was $0 allocated to participant accounts who have elected to withdraw from the Plan, but have not been paid.

Note 8. Forfeited Accounts

For the plan years ended December 31, 2019 and 2018, the Plan allocated $15,002 and $9,804, respectively, in forfeited accounts to reduce employer contributions.

Note 9. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Plan's account balances and the amounts reported on the statement of net assets available for plan assets.

Note 10. Party In Interest Transactions

Loans receivable from Plan participants and the related interest income are considered exempt party in interest transactions.

Note 11. Subsequent Events

Plan management has evaluated subsequent events through October 7, 2020 the date which the financial statements were available to be issued.

In March 2020, the World Health Organization declared COVID-19 a pandemic. As a result of the spread of the COVID-19 virus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets which may continue to affect the fair value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has implemented in plan year 2020 certain requirements by the Setting Every Community Up for Retirement Enhancement ("SECURE") Act and the Bipartisan Budget Act of 2018 which laws change the Plan to, among other things, delay the commencement date for required minimum distributions and eliminates the suspension provision after a hardship withdrawal is made. Certain optional features within these acts have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. The Plan has not implemented to date any of the optional retirement plan features available in the Coronavirus Aid, Relief and Economic Security ("CARES") Act which was enacted as a result of the COVID-19 pandemic.
