NOTE 1: DESCRIPTION OF PLAN

The following description of Handel Architects LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Handel Architects LLP (the "Company") who are age 21 or older and have achieved one full calendar month of employment, as defined. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled accounts comprising of mutual funds as investment options to participants. The Company contributes twenty-five percent of the first six percent of base compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's management and are invested as directed by the Company. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in their portion of the Company's contribution is based on years of continuous service, which are counted as follows:

Years of Service	Vested Interest
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account, and bear interest at 5.25% - 5.50% per annum, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Repayments are generally due in installments over periods ranging from one to five years, unless the note is used for the purchase of a primary residence, in which case the repayment period may be greater. Principal and interest are paid ratably through monthly payroll deductions. A note that is considered in default is reported as a deemed distribution, which may be a taxable event for the participant.

Other Receivables

During 2018, certain participants had forfeited portions of their employer match upon termination. The forfeited amounts were erroneously calculated for two terminated participants resulting in an overpayment to each of the participants. The Plan Sponsor has agreed to deposit the amounts into the cash account and make the Plan whole. These amounts were received by the Plan during 2019. As of December 31, 2019, the amount due to the plan totaled $0.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Account balances that were forfeited by participants during 2019 and 2018 totaled $24,382 and $1,974, respectively. Forfeitures may be used to pay administrative costs of the Plan or reduce future employer contributions. For the years ended December 31, 2019 and 2018, forfeitures used to pay administrative expenses totaled $4,660 and $4,915, respectively. Forfeited account balances are included in total non-interest bearing cash on the statements of net assets available for benefits, which totaled $22,297 and $0 as of December 31, 2019 and 2018, respectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan sponsor determines the valuation policies utilizing information provided by investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees to administer the loans are charged to the participants' accounts and are recorded as administrative expenses when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and excluded from these financial statements. Some expenses of maintaining the Plan are paid directly by the Plan from the cash account and are included in administrative expenses. The cash account is generally funded by participant account forfeitures. In addition, fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 3: INVESTMENT - INFORMATION PREPARED AND CERTIFIED AS COMPLETE AND ACCURATE BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company of New York ("John Hancock") (the custodian of the Plan).

For the year ended December 31, 2019, the appreciation of investments amounted to $3,164,184. As of December 31, 2019 and 2018, the investments at fair value consist of pooled separate accounts totaling $15,788,912 and $13,120,760. The investments have been certified by John Hancock.

The custodian has also certified notes receivable from participants in the amount of $53,811 and $107,659 as of December 31, 2019 and 2018, respectively. Interest income on notes receivable from participants for the year ended December 31, 2019 totaled $4,142.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts:

Pooled separate accounts are valued at net asset value ("NAV"), as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The separate accounts are comprised of a wide variety of underlying investments, such as equities, bonds, and mutual funds. The pooled separate accounts have no unfunded commitments, redemption restrictions or redemption notice requirements.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019	2018
Pooled Separate Accounts at Fair Value using NAV as a practical expedient	$ 15,788,912	$ 13,120,760
Total Investments at Fair Value	$ 15,788,912	$ 13,120,760

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2019, there were no significant transfers in or out of levels 1, 2 or 3.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient for the years ended December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		As of December 31, 2019			
		Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	*	$ 15,788,912	-	Daily	None

		As of December 31, 2018			
		Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	*	$ 13,120,760	-	Daily	None

* **Pooled Account:** The objective of these accounts is to provide liquidity and meet short-term cash needs. Cash equivalent accounts are used to provide diversification and preserve principal. The underlying holdings in the cash accounts are investment grade money market instruments including commercial paper, certificates of deposit, U.S. Treasury bills and other types of investment grade short-term debt securities. The cash accounts are valued each business day and provide daily liquidity.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The plan investments are units of pooled separate accounts and a guaranteed investment contract managed by John Hancock. John Hancock is the custodian, as defined by the Plan, and therefore, transactions with these investments qualify as party-in-interest transactions. Fees incurred by the Plan for management services are included in investment income, as they are paid through revenue sharing, rather than as a direct payment.

The Plan made direct payments to a third-party administrator in the amount of $4,660 during the year ended December 31, 2019 for record keeping services. John Hancock charged a total of $66,592 to certain participants for transaction and loan fees.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7: TAX STATUS

The IRS has determined and informed the Company by a letter dated July 19, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan is designed and operated in compliance with the applicable requirements of the IRC, thereby confirming that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are generally exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 16,034,685	$ 13,327,077
Less: Other receivables	-	(1,182)
Less: Participant contributions receivable	(16,801)	-
Less: Employer contributions receivable	(36,693)	-
Net assets available for benefits per Form 5500	$ 15,981,191	$ 13,325,895

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2019, to Form 5500:

Net increase in net assets per financial statements	$ 2,707,608
Add: Other income	1,182
Less: Participant contributions receivable	(16,801)
Less: Employer contributions receivable	(36,693)
Net increase in net assets per Form 5500	$ 2,655,296

NOTE 10: SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.
