Note 1 - Description of Plan

The following description of the Allied World Assurance Company (U.S.) Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on April 1, 2006 and restated on January 1, 2016, is a defined contribution plan covering all full-time employees of Allied World Assurance Company (U.S.) Inc. and its wholly owned subsidiaries (collectively, the "Sponsor") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The custodian of the Plan is Matrix Trust Company (the "Custodian"). The recordkeeper of the Plan is FM International Services (NY), Ltd.

The following are related employers, which are each Participating Employers in the Plan:

- AWAC Services Company
- Allied World Assurance Holdings (U.S.) Inc.
- Allied World National Assurance Company
- Allied World Insurance Company
- Allied World Specialty Insurance Company
- Arya Claims Services, LLC
- AWAC Services Company (Ireland) Limited
- AWAC Services Company (Bermuda), Ltd
- Allied World Assurance Company, Ltd
- Allied World Assurance Company (Europe) Limited
- Vault Risk Management Services, LLC

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor makes a safe harbor matching contribution of 100% of the first 6% of eligible compensation that participants contribute to the Plan each year. The matching contribution is invested as directed by the participant. In 2019, the Sponsor made matching contributions of $6,651,838.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

The Sponsor also may make discretionary profit sharing contributions to the Plan, in such amount, if any, as determined by the Sponsor in its sole discretion. Such profit sharing contributions shall be contributed to the accounts of each participant who has completed at least 480 hours of service during the Plan year and is employed by the Sponsor on the last day of the Plan year, or whose employment was terminated during the Plan year due to death, disability, or the attainment of normal retirement age. There were no profit sharing contributions made in 2019.

Transfers

The Custodian may accept a direct transfer of assets from the custodian of any other qualified plan to the extent permitted by the Code to preserve a more favorable vesting schedule or any other legally-protected benefits available to such employees under the transferor plan. The Plan administrator shall establish a separate vesting schedule for such transferred assets, provided that such schedule is not less favorable than the vesting schedule under the transferor plan.

Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary profit sharing contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 or more years	100%

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability or the attainment of age 65 while employed by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at a rate fixed by the Plan administrator, taking into consideration interest rates currently being charged on similar commercial loans by persons in the business of lending money, as defined. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the period may be longer.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Note 1 - Description of Plan (cont'd.)

Forfeited Accounts

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. During the year ended December 31, 2019, the amount of $26,938 was forfeited and was used to fund employer matching contributions. At December 31, 2019 and 2018, there were no forfeited nonvested account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 4.25% to 6.50%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified By Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Matrix Trust Company, as custodian of the Plan, at December 31, 2019 and 2018 and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

	2019	2018
Investments, at fair value:		
Mutual funds	$ 171,088,114	$ 133,743,851

Investment income:	
Net appreciation in fair value of investments	$ 25,056,824
Interest and dividend income	6,526,535
	$ 31,583,359

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3:

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 171,088,114	$ -	$ -	$ 171,088,114

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 133,743,851	$ -	$ -	$ 133,743,851

Note 5 - Related Party Transactions and Party-in-Interest Transactions

The Custodian of the Plan is Matrix Trust Company. Therefore, fees paid to this entity qualify as party-in-interest transactions. Matrix Trust Company provides certain administrative services to the Plan pursuant to a Custodial Services Agreement between the Plan and Matrix Trust Company, which receives revenue from mutual fund service providers for services Matrix Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Matrix Trust Company for its administrative services to the Plan.

Notes receivable from participants qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has adopted the CCH Incorporated DBA FT William.com ("CCH") volume submitter profit sharing plan. Accordingly, the Plan is permitted to rely on CCH's opinion letters. The IRS has determined and informed CCH by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 7 - Tax Status (cont'd.)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 173,467,771	$ 135,933,382
Employer contributions receivable	(430,724)	(488,031)
Excess deferral contributions payable	-	7,805
Net assets available for benefits per the Form 5500	$ 173,037,047	$ 135,453,156

The following is a reconciliation of the net increase in net assets for the year ended December 31, 2019 per the financial statements to the Form 5500:

Net increase per the financial statements	$ 37,534,389
Adjustment for current year changes in:	
Employer contributions receivable	57,307
Excess deferral contributions payable	(7,805)
Net income per the Form 5500	$ 37,583,891

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through October 8, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except for the following:

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact; in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.
