Dermatologists of Central States Retirement Savings Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of The Plan

The following description of the Dermatologists of Central States Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Dermatologists of Southwest Ohio, LLC, Dermatologists of Central States, Inc, and Dermatopathology Laboratory of Central States, Inc. (collectively referred to as "the Company") who meet service requirements and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

Each year, participants may contribute up to a maximum percentage or dollar amount of pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company currently matches 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of compensation that exceeds 3% but does not exceed 5%. Additional discretionary matching and profit-sharing amounts may be contributed at the Company's discretion subject to certain limitations. Contributions are subject to certain IRS limitations.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, or other specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and safe harbor contributions plus earnings thereon. Vesting in the employer discretionary contribution accounts plus actual earnings thereon is based on years of continuous service. The Plan follows a 6 year graded vesting schedule in which a participant is 100% vested after 6 years of credited service.

Investments

Upon enrollment in the Plan, participants direct the investment of employee and employer contributions into any combination of various investment options offered. Participants may change their investment options at any time. In addition, self-directed investments are permitted.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the then prevailing interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions. A participant may only have 2 loans outstanding at any time.

1. Description of The Plan (Continued)

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or participant's beneficiary in the event of death) may elect to receive a single, lump-sum payment, substantially equal annual or more frequent installments, a qualified joint and 75% spousal survivor annuity, or a direct rollover. In addition, hardship and in-service distributions are permitted if certain criteria are met.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Such expenses shall include any expenses incident to the functioning of the Administrator, including but limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan for the years ended December 31, 2019 and 2018.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. Forfeitures can be used to reduce employer contributions or pay Plan expenses. Company contributions in the amount of \$0 and \$706 were paid from forfeited non-vested accounts for the years ended December 31, 2019 and 2018, respectively. Plan expenses in the amount of \$23,728 and \$13,888 were paid from forfeited non-vested accounts during the years ended December 31, 2019 and 2018, respectively. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$14,879 and \$27,422, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

4. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Related Party Transactions

Certain Plan investments are managed by Matrix Trust Company, LLC, a Custodian. Any purchases and sales of these investments are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative fees paid by the Plan to Matrix Trust Company, LLC amounted to \$24,083 and \$8,310 for the years ended December 31, 2019 and 2018, respectively.

7. Plan Amendments

In May 2019, the Plan was amended to provide credit for services performed with Mountain State Medical Specialties, Inc. and DOCS-MSO, LLC and permit eligible participants to immediately enter the Plan. In addition, all eligible employees were provided the option to have their account balances rolled into the Plan.

8. Fair Value Measurements

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered Investment Companies (mutual funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Limited Liability Companies

Frost Wood Farms, LLC is an Ohio-based limited-liability company whose assets consist of 81.16 acres of farmland for development, and a limited amount of cash. Based on the most recent sale of a portion of this property as well as other factors, the Plan's professional real estate manager has estimated the value of this interest to be \$203,028 at December 31, 2019 and 2018.

8. Fair Value Measurements (Continued)

Levicon II, LLC is a Pennsylvania-based limited-liability company that has partnered with another entity to purchase and develop real property located in Bucks County, Pennsylvania. Preferred units were purchased in 2002 for \$750,000. According to an operating agreement, these funds will be returned, along with accrued annual 6% dividends, upon liquidation, after creditors are paid but before any common unit holders receive a distribution. However, no dividends are currently being accrued due to the high probability of future insufficient funds. Based on information provided by the entity developing the real property, the project is not expected to be completed and the entity will be liquidated at some point in the future. The value at December 31, 2019 and 2018 is based upon the estimated proceeds to be received upon liquidation.

The limited liability company investments are held in a self-directed account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total

9. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, LLC, as described in the following table:

	December 31,	
	<u>2019</u>	<u>2018</u>
Registered investment companies	\$ 36,731,648	\$ 18,789,412
Cash and cash equivalents	\$ 677,513	\$ 103,447
Net investment gain (loss) from registered investment companies	\$ 3,777,893	\$ (2,600,902)
Dividends and interest	\$ 1,618,663	\$ 1,198,161

10. Delinquent Participant Contributions

During the Plan years ended December 31, 2019 and 2018, participant deferrals in the amount of \$0 and \$657,495, respectively, were not remitted to the Plan by the Employer within the appropriate period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Company has taken appropriate corrective action.

11. Subsequent Events

Management evaluated the activity of the Plan through October 6, 2020 (the date the financial statements were available to be issued) and concluded that no other subsequent events, except as noted below, have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan sponsor’s financial condition, liquidity, workforce and future results of operations as well as the effects on the Plan.
