WESTERN MANAGEMENT, INC. PROFIT SHARING & 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018 AND YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF PLAN

The following description of Western Management, Inc. Profit Sharing & 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Conrad's Tire Service, Inc., Xpress Tire & Auto Supply, Inc., Conrad's LaserWash Company, Inc., Western Management, Inc., S & H Industries, Inc., and Elyria Spring and Specialty, Inc., (the "Companies") who have worked 1,000 hours and attained the age of 21 within the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Companies' matching contributions, if applicable, and an allocation of the Companies' profit sharing contributions, Plan earnings, and forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Funding Policy – The Companies' funding policy is to make the contributions to the Plan as soon as administratively feasible.

Contributions – Participants may make pre-tax contributions in 1% increments of their compensation as defined by the Plan or a flat dollar amount per pay period up to the maximum amount set by law. Employees who become eligible to participate but do not enroll or opt out of the Plan are automatically enrolled to defer 3% of their compensation as defined by the Plan on a pre-tax basis. The Plan allows for catch-up contributions for participants who attain the age 50 before year end. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may make discretionary employer matching contributions and profit sharing contributions. During the year ended December 31, 2019, the Companies made discretionary matching contributions of 50% of participants' contributions up to 8.0% of compensation for participants who were employees of Conrad's Tire Service, Inc., Xpress Tire & Auto Supply, Inc., and Conrad's LaserWash, Inc.; up to 5.5% of compensation for participants who were employees of Western Management, Inc.; up to 4.0% of compensation for participants who were employees of Elyria Spring and Specialty, Inc.; and up to 3.0% of compensation for participants who were employees of S & H Industries, Inc. The Companies' discretionary profit sharing contribution for the year ended December 31, 2019 was \$119,796. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from 1 – 5 years, or longer for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates ranging from 4.25% to 6.25% at December 31, 2019. Principal and interest are paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participants' accounts. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum upon the occurrence of any of the following events:

Retirement - A participant, upon retirement from employment with the Companies, at either normal retirement date or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability - In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death - Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Distributions – Upon attaining the age of 59½, a participant may take in-service distributions.

Termination of Employment - Upon termination of employment with the Companies for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participant's share of the Companies' matching and profit sharing contributions is based on years of continuous service according to a six year graduated scale. The participant will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Companies have the option to use forfeited non-vested accounts to reduce employer discretionary contributions or to reallocate these funds to participants in the same manner as the Companies' profit sharing contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$44,116 and \$24,105 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2019 or 2018. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants in accordance with Plan provisions.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed \$4,062 in excess contributions at December 31, 2018 to the applicable participants prior to March 15, 2019. There were no excess contributions payable at December 31, 2019.

Other Income – Other income consists of participants' uncashed benefit payment checks. These checks will be reissued and sent to the applicable participants.

Benefit Payments – Benefits are recorded when paid.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

Wells Fargo Bank, N.A., the former trustee of the Plan, held the Plan's investment assets and executed transactions therein as of December 31 2018 and for the period January 1, 2019 to February 15, 2019. Great-West Trust Company, the current trustee of the Plan, held the Plan's investment assets and executed transactions therein as of December 31, 2019 and for the period February 16, 2019 to December 31, 2019. The following is a summary of the Plan's financial information certified by the trustees as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan assets certified by the trustees at December 31, 2019 and 2018 includes the following:

	December 31,	
	2019	2018
Investments, at fair value:		
Mutual funds	\$ 14,426,669	\$ 11,090,020
Guaranteed investment contract	837,087	-
Common/collective trust	269,033	261,595
Money market	-	869,437
Notes receivable from participants	480,746	435,643

Plan income certified by the trustee for the year ended December 31, 2019 includes the following:

Investment Income	\$ 2,844,638
-------------------	--------------

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market and mutual funds – Valued at the net asset value of shares held by the Plan at year-end, as reported on the active markets in which the investments are traded.

Common/collective trust – Valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets, less its liabilities. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Total</u>
<u>December 31, 2019</u>		
Mutual funds	\$ 14,426,669	\$ 14,426,669
Total investments in the fair value hierarchy	<u>\$ 14,426,669</u>	14,426,669
Invesments measured at net contract value		837,087

Invesments measured at net asset value		<u>261,595</u>
Total investments at fair value		<u>\$ 12,221,052</u>

5. GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive stable value investment contract with Great-West Trust Company America with a balance of \$837,088 and \$-0- at December 31, 2019 and 2018, respectively. Great-West maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals and administrative expenses. Great West is contractually obligated to repay the principal and interest credited to participants. The crediting rate is reviewed on a semi-annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Great-West's ability to meet its financial obligations. Great-West's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Great-West, such as partial or complete contract termination by the Plan. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

6. COMMON/COLLECTIVE TRUST

The Plan has an investment in Reliance MetLife Stable Value Fund (the Fund), which is a common/collective trust fund. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance within the Fund to noncompeting investment. The Fund requires a 60-day advance notice in the case of a full or partial withdrawal of Plan assets from the Fund due to actions directed by the Companies.

7. PLAN TERMINATION

Although they have not expressed an intent to do so, the Companies have the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX MATTERS

The Plan adopted a volume submitter profit sharing plan with cash or deferred arrangement which received a favorable opinion letter from the IRS dated March 31, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the financial statements and the Form 5500 relate to the trustee reporting Plan activity on the cash basis on the Form 5500. The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	\$ 16,133,331	\$ 12,825,395

Excess contributions payable	<u>-</u>	<u>4,062</u>
Net assets per the Form 5500	<u>\$ 16,013,535</u>	<u>\$ 12,678,394</u>

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	\$3,307,936
Employer contribution receivable at December 31, 2019	(119,796)

Excess contributions payable at December 31, 2018	<u>(4,062)</u>
Net income per the Form 5500	<u>\$3,335,141</u>

11. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Great-West (Great-West) Trust Company and Wells Fargo Bank, N.A (Wells Fargo). Great-West and Wells Fargo were trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Wells Fargo provided certain administrative services to the Plan and received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to Wells Fargo for its administrative services to the Plan. Effective with the change in trustees to Great-West, the revenue received from mutual fund service providers are credited to the individual participants.

12. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued.

FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through October 12, 2020, which is the date the financial statements were available to be issued.
